### BACK AT ITS OLD TRICKS

**Morgan-Guggenheim Syndicate Making Another Grab at Alaska.**

Washington, June 28th.—That the Guggenheim syndicate in Alaska can afford to laugh over the loss of the Cunningham coal claims by the decision of the Land Office provided it is able to engineer through an application now pending before the department for harbor privileges around Controller Bay, Alaska, was the charge which today impelled Senator Miles Poindexter (Rep., Wash.) to introduce a sensational resolution in the Senate.

The resolution demands that President Taft produce all records bearing on the Controller Bay filing by James J. Ryan and others connected with the Controller Railroad and Navigation Co. Mr. Poindexter is convinced that if this claim goes through, the Guggenheims will control the only feasible outlet for coal, and have all the railroads in their grasp.

"It now seems evident that the interests which were seeking to monopolize the natural resources of Alaska were not dependent entirely upon one method," said Poindexter today. "Control of transportation and access to these coal fields is equivalent to control of the coal itself. The harbor of Controller Bay is the only available deep water within reasonable access of the coal fields. Realizing this fact the administration on Feb. 26th, 1909, withdrew that portion of the shore line of Controller Bay which was essential for its use as a harbor."

### CONGRESS EARNING ITS PAY

**Hope of Any Early Adjournment Given Up By Both Houses.**

Washington, June 28.—All hopes of an early adjournment of Congress were abandoned by Senators and Representatives following two significant incidents—one at the White House and the other at the Senate.

At the White House Speaker Clark announced that the House would continue passing tariff revision bills, no matter what the Senate did to these measures, and added that the ways and means committee would hereafter go along, so as to escape the charge of busy legislation.

In the Senate an attempt by Senator Penrose (Republican), of Pennsylvania, to fix the time for votes on reciprocity, the farmers free list bill and the wool revision bill, for July 24, 25 and 27, respectively was blocked.

### GREAT MASS MEETING

**Friday Night at Court House. Refreshments and Cigars Free.**

The one hundred active members of the Chamber of Commerce has decided that at least three or four times that number should belong to this organization whose sole purpose is to boost New Bern. No town in North Carolina can offer such exceptional advantages to the manufacturers. Realizing that efficient work cannot be done with the present number of members, the Chamber of Commerce has decided to put on a gigantic campaign beginning next Friday night which will run for one week. This campaign will be similar to the one recently conducted by the Chamber of Commerce of Raleigh. The battle cry for the week beginning June 30th will be "Join the Chamber of Commerce and boost New Bern."

The first big gun of the campaign will be fired at the Court House Friday night. Cigars and refreshments will be served to everybody. Every citizen of Craven County is invited to attend. Short speeches will be made by L. I. Moore, L. H. Cutler, D. L. Ward, S. M. Brinson, Chas. R. Thomas, C. D. Bradham, J. A. Bryan, C. E. Foy, R. A. Nunn, William Ellis, T. D. Warren, T. A. Graen, D. E. Henderson, T. G. Hyman, C. J. McCarthy, F. H. Sawyer and J. S. Basnight. No one will speak over ten minutes. This will be a live meeting and a good time is promised to all. The meeting will begin at 8:30 sharp.

The Chamber of Commerce will be divided into ten companies. Each company will elect its own captain. Each member of the Chamber of Commerce will ask their friends to join the organization and report the number who join to the captain of their company. Each captain will report to the office of the secretary each day of the campaign at 6 p. m. The progress of the campaign will be reported from day to day in the newspapers. The company that secures the largest number of new members will be awarded a prize.

### They Infest Other Places Too.

Boston, Mass., June 28.—The various crosses against salary loan sharks here have brought to light some astonishing instances of usury. Some of these appeared unbelievable. One of the most striking cases is that of a man who for more than 20 years has been vainly trying to repay \$15. He has already paid back \$2,168 and still owes the original \$15. Another man borrow of \$400 five years ago. He has paid in \$4,000 and still owes \$850.
