ENNETT'S BOOK STORE

FOURTH OF JULY

It's a busy time among builders. In the weather is generally good for masonry. It is a favorable time also to buy pine lumber, for prices are equally complete and prices reasonable. We are specialists in pine lumber and can supply anything for the building. Our goods are low. Our 5 inch Weatherstripping has reputation unexcelled, and our three ceiling of 10 to 12 in. is well worth the price.

WILL HOBBS ORGANIZE UNION?

Plan Submitted To Gompers To Teach Weary Willies To Work And To Love It.

New York, July 5.—President Andrew Furuseth of the International Seamen's Union of America has submitted a plan to President Samuel Gompers of the American Federation of Labor for the organization of 3,000,000 migratory workers or "hoboes" throughout the country.

In submitting his plan Furuseth says: "According to statistics there are about 3,000,000 of the migratory workers or 'hoboes.' This situation is dangerous to society as a whole and to the organized workers and it is from them that the remedy must come.

To organize these so-called migratory workers the first thing is to gain their confidence and their friendship, to show them what they can do alone and then what might be done when organized labor takes a serious hold on the situation."

The Athens is the only house in New Bern showing Association pictures.

The Watermelon Crop.

News comes from Bogue Sound that the watermelon crop has been greatly damaged by the dry weather, and in consequence is late and will be short. Usually by the first week in July at least a few home-grown melons reach the market, but it has not been the case this year. It is quite likely that a few will be brought in next week, but it is expected that they will be as high in price as the Florida variety.

Salvation Army Notes.

Major White, of the Salvation Army corps, will be in New Bern on July 19th for the purpose of inspecting the local branch of that organization.

ON SLOW'S SUMMER CAPITAL.

The General Writes a Racy, Newsworthy Letter of the Doings at Swansboro.

Swansboro, July 4.—Judge O. H. Allen, Solicitor H. E. Shaw and Mr. G. T. Ritter, all of Kinston, are guests of the Tarzmore while here on a fishing trip.

Dr. Bender, the dentist, has taken rooms at the Tarzmore for the summer.

Mr. George N. Ennett, of New Bern, is at his old home, Cedar Point, for the summer. They put him to work hoeing cotton, he blistered his hands, and he is sunburned almost out of recognition, he comes over to Swansboro every day in his "good ship."

Our old friend, Ed Mattocks, of Wiggins, S. C., is home on a visit.

Maek Russell, another Swansboro boy who has been away some years, is here looking after his property. He is expecting to sell a part of the Major Russell farm off for town lots.

Mrs. Rebecca Littleton, a daughter of Wm. Glasey, died here this week.

Mrs. Mollie Mattocks and family, of Wiggins, S. C., are here visiting their old home. We are all glad to see them.

Two little boys, eight or ten years of age, sons of Capt Alex Moore, of the Life Saving Station, who had been to Swansboro, a few days ago, started to return to the station on a gasoline boat, when a gale of wind blew them up on a shoal. The boys became frightened and jumped overboard and the boat drifted away. They were rescued shortly afterward by a passing boat and brought to Swansboro. In the meantime their father who was very sick, and their mother at the station became greatly alarmed at their prolonged absence and began to send up sky rockets. The boys seeing these signals of distress, and not knowing to what extremity their parents had been reduced, fell a-screaming and would not be consoled until they were taken to their home, 3 miles away across the river.

Mr. Thomas H. Pritchard has bought a fine automobile. It's a dandy, Frank is the chauffeur. But here's a story: General Willis owns the trotting pony of these parts, and he took up the challenge of Frank to race with the machine. The road down here are rough and slippery, the auto was only making indifferent headway, and the General's pony was passing it hand, when the chauffeur put on full speed and slid his mobile in the ditch. The General passed on serenely and won the race.

A party of young people went over to the beach and spent a pleasant day bathing and catching crabs. Among them were Misses Hilda Willis and Lottie May Bennett, of New Bern, and Misses Retha Merritt, Katie Moore and Eiberta Woodhull, of this place. The young men were George and Robert Healy, Tom Merritt, Rev. Wheelbee and wife chaperones. A party was also given in honor of Misses Willis and Bennett.

There was a dance Saturday night in honor of Mesdames C. A. Pottoway, E. W. Summrell and Will Sabiston of Jacksonville. Quite a number from that town attended, among them were Mr. E. W. Sabiston, Miss Lizzie Kimball, Mr. M. M. Capps, Jr., Miss Bertha Gutgens and Mr. F. W. X. Kellum, who came on the boat; Mr. Roland Venters, Mr. Will Sabiston and wife, and Richard Merrill arrived by automobile, which from its appearance, made a very rough voyage. Messrs Phillips, Hill and Sewell, violinists, furnished the music which was excellent.

Making a Prohibitionist.

We have often heard the remark that "prohibition in North Carolina is a farce and that 75 per cent. of the people would take a drink if it were offered them" but an incident that occurred at a colored picnic at North Harlow a few days ago seems to put the brand of the fabricator on the originators of these law words. Previous to the picnic notice had been made that no drunkness would be tolerated. The day for the festival arrived and the crowd assembled at the designated spot. One imbecile, thinking perhaps that he would thereby the pleasure seekers by his actions, turned up on whiskey and appeared on the scene. When his condition became known he was seized by several of the young negroes, securely tied and taken far enough away from the crowd so that his remarks would not be heard, and left there for several hours. This incident shows that even the colored prohibitionist is averse to the use of intoxicants.

We can't keep the mosquito and fly out of your yard, but we can furnish you with the material to keep them out of your soup and bed-room. Cost nominal. J. S. Basnight Hdw. Co.

Come To Our Picnic.

Will sell the balance left over at the following prices: General Electric, the 12 cu. ft. at \$25.00, the 10 cu. ft. at \$20.00, the 8 cu. ft. at \$15.00. The above prices are the lowest we ever offered for the class of goods. Everyone on the coast who has a refrigerator should get a new one.

A. C. LINE BLOCKS STREETS

And Citizens Petition Ask Relief Suit To Proceed Against A. & N. C. and A. C. L.

A recent meeting of the board aldermen was held last night, and an active session was held. On motion Alderman Gaskins, the advertising contract with the Journal and Sun was renewed for two years upon same basis as last contract. On motion alderman McCarty, property owners were to be held responsible for water tax and not tenants, same to be effective next quarter. Mr. H. E. Whitehurst presented a petition signed by citizens, saying the Atlantic Coast Line railroad was abusing its franchise, in switching cars on Queen St. to the river, from morning to midnight, blocking Griffith St. crossing from 15 to 30 minutes and making such noises at night that residents on the street could get no rest at night. It was also shown that this railroad left long lines of freight cars for hours near the cemetery and even all night. The petition was referred to committee to act upon. There were reports on cost of water and sewer in several parts of the city and discussions on same. Wire for fire alarm system was ordered. The matter of inspecting the dairies furnishing milk to this city came up and committee was instructed to employ such expert help as was needed to see that the public health was made safe in its milk supply. The city attorney reported on the suit against the A. & N. C. Co. that nothing was being secured on a friendly suit basis, and by vote the board instructed the attorney to proceed through the courts against both A. & N. C. Co. and A. C. L. to make them comply with the law in keeping up Hancock and Queen Sts.
