FOURTH OF JULY

is a busy time among builders, for the weather is generally good in summer. It is a favorable time also to buy pine lumber, for stocks are usually complete and prices reasonable. We are specialists in pine lumber and can supply anything for the building, high grade or low. Our 8 inch weatherboarding has a reputation well earned, and our cheap ceiling at \$5.00 per m. is well worth the price.

ABSENT SENATORS BLOCK LEGISLATION

Democrats And Republican Progressives Together On Lower Tariff.

Washington, July 8.—The absence of Senators is now threatening to interfere with early and final action on the Canadian reciprocity agreement. So many are away that a bare quorum can only be obtained by beating the bushes. In such a situation each side is afraid to vote on any of the pending amendments.

Nine Democrats are absent. Three times that number of Republicans are away. In effect, one-third of the Senate is not on duty. It is declared that if the usual number of Senators were present the Cummins amendments would at once reach a vote and other substantial progress could be made. There is much criticism of Senators who are at the seashore or mountains, even if they are paid.

It has become evident that the possibility of effective co-operation between the Democrats and progressive in passing general tariff revision bills is daily increasing. Fair chances now exist for a compromise on many schedules, including wool, cotton, sugar, steel and an enlarged free list. Neither faction will get precisely what it desires, but each will give way in some things to the other and thus reach a position on measures considered better than the existing law. Whatever compromises are made must be acceptable to the Democratic leaders of the House.

The outlook for tariff revision, following the passage of the reciprocity agreement, is now considered better than at any time since the extraordinary session opened.

NEW BERN IN MOUNTAINS

Yearly Migration to High Altitudes. Weather Fine and Health Giving.

Black Mountain, July 7.h.—Time was when Black Mountain was largely represented in summer by New Bern folks, but now all parts of the country have come here and built summer homes, nearly every day sees a new house started in one of the various centers in or around the village. Still, New Bernians can find plenty of home folks here if they look around.

Mr. Joseph Kinsey has bought and rebuilt for a home the school house which stood at the beginning of the Montreat road, near the Slover cottage. Mr. Jones Wahab has his dry goods and notions store just north of the station on the Montreat road, and had the building erected according to his own ideas, with a living flat above the store, and it is a desirable place to do shopping.

The new macadam bridge to the "Inn" will be begun in a few days, and the county furnishes a steel bridge over the Swannanoa. This new road accommodates the summer cottages of Dr. Hughes, Capt. Simmons, Judge Bryan, Mr. Nunn and others, and will develop the South side of the village which is conceded to be by far the most desirable section, in natural beauty and for the view.

The Hollister cottage and the Green cottage at the village are now occupied and the other New Bern cottagers are expected soon. Mr. C. E. Slover has built a nice two-story dwelling near his place, which is for renting purposes.

There has been voted \$40,000 for good roads in the township, and the town has voted \$15,000 for water supply, to be brought down by a gravity system.

Prof. H. B. Craven is comfortably fixed in his newly completed home up toward Blumont, and has running water through the house from a mountain spring.

The season is favorable for crops, after being dry, and while the days have been warm at times, the cool nights require blankets for sleeping. Real cold nights and a fire can be enjoyed on Mt. Mitchell, in the new log house near the top. Two new trails are made to the top of the mountain.

Mr. and Mrs. A. J. Mitchell have rented a cottage on the Asheville road, near the hotel, and are conveniently located. Mr. James Redmond is enjoying his regular summer vacation at the Green cottage, on the Asheville road.

NO PENITENTIARY FOR THEM

Dishonest Meat Packers Can Only Be Sent To House Of Correction.

Chicago, July 8.—After a nine years' fight District Attorney Edwin Sims now confesses that the packers can not be sent to the penitentiary if convicted under the Anti-Trust law. Heretofore it was generally believed they could be both fined and imprisoned. Now Sims says:

"The packers are charged with a misdemeanor and can not be sent to a penitentiary. The fact that the Government has no place of detention of its own in this district gave rise to the report that if sentenced to serve terms of one year, as provided by the Sherman act, the packers would necessarily be at liberty.

"There is a special statute which gives us power to make arrangements with local authorities. This is done frequently. Several oleomargarin men sentenced for misdemeanors have served their terms in the House of Correction."

Special Assistant Attorney-General James H. Wilkerson, who is specially engaged to prosecute the packers, said: "These indicted men are facing imprisonment for a misdemeanor, not a felony. If they should be found guilty and remanded to places of detention the court could send them wherever it chose. The county jail, however, is the most probable place."

The following is from Lynchburg Advance where Mr. Tally sang for six weeks to enormous business. The unanimous opinion of our many patrons. "He is the best that ever appeared in a motion picture theatre in our city," and you know our specialty has been the best talent available in the past. Mr. Tally has been secured by the management at an enormous expense for a short engagement. He sings a new song every day. Don't fail to hear him, at the "Belvedere."

The Journal along with all of its North Carolina brethren, extends its deepest sympathy to Col. Wade H. HEAVY PAPER BUSINESS

In May 110,165 Tons Were Produced and 107,242 Shipped.

Washington, July 8.—Records for the news print paper business in this country were broken in May, when 110,165 tons were produced and 107,242 tons shipped, according to statistics filed with Commissioner of Corporations by the American Paper and Pulp Association. An increase was shown over April of 11,800 tons in production and 10,300 in shipments, while stocks on hand increased 3,150. One new concern, a small one, was included in the May returns.

The month's production was 88 per cent of normal, computed on twenty-seven working days.

WILL PAY TRIBUTE TO MAINE'S DEAD BUT TWO PASSENGERS

Cuba—Preparing To Make Special Demonstration of Sympathy.

Washington, July 8.—Cuba is arranging to pay a tribute to the sailors whose lives were sacrificed in the destruction of the battleship Maine. President Gomez has issued a decree ordering a special demonstration of sympathy throughout the republic as soon as Havana harbor gives up the dead. Flags at all the public buildings in Cuba and ships in Havana harbor will fly at half-mast and guns of the shore batteries will fire at half-minute intervals for an entire day over the historic scene of the wreck which whether caused by an outside or an inside explosion, had much to do with the clash of arms that freed Cuba.

There is doubt, however, as to whether Cuba will be given an opportunity to make this sympathetic expression, as many army and navy officers believe that no bodies will be found in the present operation of uncovering the wreck.

A Good Tenant Wanted.

One with few or no children preferred, for quite a desirable residence that has just been put into order, as good as new throughout.

I have also two perfectly new \$5.00 dwellings for rent. Also one \$5.00 and one \$8.00 dwelling. I will soon have a well located brick store for rent.
