**FOURTH OF JULY**

It is a busy time among builders, for the weather is generally good in summer. It is a favorable time also to buy pine lumber, for stocks are usually complete and prices reasonable. We are specialists in pine lumber and can supply anything for the building, high grade or low. Our 8 inch Weatherboarding has reputation as unexcelled, and our cheap ceiling at \$5.00 per m. is well worth the price.

### WILL PURIFY ATMOSPHERE NEXT

**Dr. Wiley Wants Smoking, Chewing and Drinking in Public Forbidden by Law.**

Washington, July 10—Dr. Harvey W. Wiley, the Government pure food and drug expert, has joined the Non-Smokers of America, an organization whose object is to discourage smoking in public.

"I predict that within twelve years smoking and tobacco chewing in public will have become obsolete," said Dr. Wiley today. "A man has a perfect right to drink, chew or dip snuff in his private sanatorium, but he has not the shadow of a right to inflict unwholesome smoke and his vile breath on the community at large."

"There should be a strictly enforced law prohibiting smoking and chewing in public places or on the cars where other persons are obliged to be."

"College students, a brand of animal that is not noted for daintiness or regard for the feelings of others, will crawl under a grandstand to take a pull from the bottle that curses. Even these fellows will not drink openly so that their fellow citizens can watch them, and the same thing will come to pass as regards tobacco within the next few years."

**Series of Meetings at Kitt Swamp.**

The Journal is requested to announce that a protracted meeting will begin at Kitt Swamp Church this county, Tuesday night, August 8th, to be conducted by Rev. Charles C. Wise. A cordial welcome will be extended to all.

**Just Arrived**

1 dozen Hammocks, bright new colors never been selected over. We had unusual large sales on Hammocks, therefore we are reducing. Come and make selection. You can get a good strong Hammock for \$2.50.

J. S. MILLER.

**Clean Pigsties For Antiseptic Pigs.**

Special sessions of Congress mean one perpetual "Busy Day" for the Secret Service men. A flood of cranks pour into Washington during the summer months and especially when Congress is in session. The man with a draft of a million dollars on the Treasury appears intermittently. Then there is the individual who fancies that he is King George V, entering the State Department, with provisions for the Coronation.

"Uncle Jim" Wilson at the Agricultural Department has his full quota and then some. One man arrived with a box and was ready to demonstrate the advantages of his "new and improved pigsty." He insisted that he could prove that pigs, if kept in cleanliness in his new sty pen, would become naturally clean and that the Department of Agriculture would need to issue no more warnings on the impurities of pork—"Affairs at Washington," Joe Mitchell Chapple, in National Magazine for July

**NOTICE**

Beginning July 22 1911, the general delivery window, on Sundays, will open one half hour, after the morning mails are up. The stamp window and the carriers window will not be opened on Sundays.

J. S. BASNIGHT, P. M.

**Belair Farmers, Etc.**

Belair, July 9.—We are in fair shape about here, corn is laid by generally, and cotton about as large as it was this time last year, and is fruiting nicely, and the crop, now nearly tanned, will cost only about half the usual cost for several years. Most of the oat land has been sown to peas, and though the rain fall has been very light, they are coming up finely, and prospect for large forage is good. The corn and cotton crops are enough better than usual, to more than compensate for the scarcity of beans and a few other vegetables that could not stand the dry weather so well. The sweet potato crop is short this far and most of the farmers are scarce of sprouts for setting. A few in this section who planted their potato slips in the field in rows instead of bedding in the usual way, have already set their vines. Perhaps more of us will try that plan another year.

Some of us supposed a few weeks ago that the crab grass seed had, to some extent washed away, as they were not germinating very much, but the last light rain has started them in abundance, and now corn middles that were laid by two weeks ago are very thick with crab grass.

Farmers are beginning to breathe freer and rest longer at noon, and in fact some of us rest nearly all day while the thermometer runs at one hundred in the shade, and that is not an uncommon figure for several days.

The Farmers' Union ought to have a big "thanksgiving" the latter part of July, for we surely have much very much for which to give thanks.

### SHOOTING AFFRAY SUNDAY NIGHT

**Occurred Near Five-Points. Injured Man in Critical Condition.**

A small cafe located on Queen street near Five-Points was the scene of a shooting affray Sunday night that may prove fatal to the victim. Metrol Mitchell, colored, the man who was shot is lying at his home with two bullet wounds in his lungs and Wm. Chapman, his assailant is being held without bond.

Just what the cause of the affray was could not be learned from either of the men involved or from any of those who saw the shooting. A crowd had congregated around the cafe shortly after 7 o'clock Sunday evening and were engaged in a general discussion of "blind tigers." Previous to the shooting the men seemed to be on very intimate terms and according to the statements of the witnesses were surprised to see Chapman pull his revolver and begin firing.

Chapman will be held until the result of Mitchell's injuries can be ascertained.

**DeVerne and Van, "350 Pounds" of Comedy, at The Athens to-night.**

**Stock Farm Near Washington Bought**

Washington, N. C. July 10—Mr. Car Skaden of Mooresville, Ohio, has recently purchased the Bowden farm, a few miles below this city, on Pamlico river, and will run a high-class stock farm there during the next several years. He expects to raise fine horses and has already shipped a carload of fine horseflesh here. It is also understood that he will open up a race track during the coming fall.

### VOICE OF THE PEOPLE.

**A REVERIE.**

Now that good roads and good streets are a general subject of thought and as progress is being made in most communities, let us by way of remembrance stir up the pure minds of our neighbors to better facilities for entering New Bern.

Early one beautiful morning just as the first beams of sunlight cast their enchanting rays across the fields and woodlands we started to New Bern on one of the best roads of N. C. As the old nag jogged along we were cheered by the singing birds and lovely flowers and in a series of meditations with a heart full of thanksgiving to the kind Father for such inestimable blessings, and with thanks too, to our fellow man for such good conditions for travelling.

The time was passed so pleasantly and rapidly that amid our reverie we forgot how near we were to our good old town with its paved streets and cooling fountains, when lo! The old nag stopped so suddenly as to break up the day dream; and behold we were on the border land of New Bern. We looked to see if an automobile was just ahead but no auto, and what do you suppose was in the way? Only a sand bank interspersed with brickbats—and this is the farmers connection to Broad street from the country. We are hoping to see this fourth of a mile of sand-bat nuisance removed and a nice even clay-sand road connecting us with the city. How long must we wait?

FARMER.

### WANT MORE LIQUOR LEGISLATION

**Bill to Prohibit Mails Carrying Advertising Soliciting Sale of Intoxicants in Dry States**

Washington, July 10th.—Two bills aimed at the traffic in intoxicants into "dry" states from other states has been introduced by representative Roddenberry, of Georgia. One of them would prohibit the use of the "mail" for the purpose of advertising, soliciting or offering for sale intoxicating liquors in communities where state or local laws forbid the sale of such liquors.

The other bill would make it unlawful "to collect or receipt for a special tax for carrying on wholesale or retail liquor business in states where the laws forbid the sale of intoxicants."

Attend The Athens where you can always keep cool and comfortable.

### CUMMINS' AMENDMENT REJECTED

**Proposal to Admit Canadian Fresh Meats and Meat Products Not Popular.**

Washington, July 9.—The defeat in the Senate of the first of Senator Cummins' amendment to the Canadian reciprocity bill, made it very clear that the measure is scheduled to emerge from the Senate without any change from the original form.

By a vote of 32 to 14 the Senate refused to attach to the bill Senator Cummins' proposal to give Canadian fresh meats and meat products free access to the American markets.

The fate of the first of the Cummins' amendments is expected to be that of all the others which are to be voted upon along with other amendments by Senator Simmons, of North Carolina somewhat similar in scope. Three Democrats, Senators Bailey, Simmons and Thornton, and 16 regular Republicans, Senators Clark, of Wyoming and South-land, voted with the insurgent Republicans for the amendment. No material change in the vote is expected on the other amendments of like nature.

The remaining Cummins amendments propose to put Canadian iron and steel products, flour, lumber coal, leather, woollens and cotton goods on the free list without giving similar advantages to American goods going into Canada. An agreement for voting on these and the Simmons amendments was reached.

So far as the effect on the progress of the reciprocity bill is concerned, some Senators were disposed to minimize the importance of this agreement on the ground that these amendments would merely give place to consideration of others Senator LaFollette is preparing.

An element of the Senate is awaiting the LaFollette amendments as a possible basis for renewed efforts of some Democrats and insurgents Republicans to get together on revision of tariff schedules.

**WILLIAMS' KIDNEY PILLS**

Co., Prop., Cleveland, O.

**An Exciting Runaway.**

Shortly after 1 o'clock yesterday afternoon a number of persons who happened to be near Mr. W. F. Hill's place of business on South Front street, were entertained with an exhibition of horsemanship that was really remarkable. The hero of the occasion was a long lanky country boy, and he carried off the honors with ease. The exhibition began just after the boy, who was driving a spirited mule, passed the corner of Metcalf and South Front. The animal became frightened at a passing auto and made a dash up toward Hancock street. From one side to another the buggy swayed but driver held to the lines and finally succeeded in stopping the mule. Several times it started to the spectators that the vehicle and its occupant would be flung against some obstacle and there was a genuine sigh of relief when the runaway was brought to a standstill.

**Winston Will Keep Lid On**

Winston-Salem, July 10.—It was only Mayor Dalton's vote that kept Winston dry so far as soft drinks are concerned on Sunday, for the mayor was confronted with a tie vote at a meeting of the Winston board of aldermen, 3 aldermen being on each side of the question, and the mayor cast his vote with those who voted to preserve the law against the selling of soft drinks by drug stores. Mr. Dalton explained that his conviction was that if the drug stores were allowed the privilege, other places should likewise be permitted to do so.
