 OFFICIAL PAPER OF NEW BERN AND CRAVEN COUNTY.  
 New Bern, N. C. July 15, 1911.

**SELF MADE PLAGUES.**  
 Individuals suffer from plagues and communities are plagued, and there are exclamations of astonishment over the afflictions, as being from the Evil One. History tells of persons being severely dealt with, as being possessed of the devil, because of some physical disease that made them a terror to their neighbors. Many a town and city has been doomed to devastation through some plague that destroyed those staying and followed those fleeing.  
 Modern science in its discoveries now reveals the causes that developed the effects of these physical plagues. Ignorance of natural laws, indifference to divine laws, point the way to the source of individual and community plagues. The personal refusal to live right marks the beginning to wide spread trouble. That no one lives for himself or herself alone, is seen every day. The carelessness of one means fire that destroys both the careless one and surrounding property. Refusal to observe sanitary laws is a crime and outrage that well governed communities punish. With the close daily, even hourly communication between towns and cities, the plague of one can be made the plague of many, therefore the necessity to enforce the law upon the individual of right and cleanly living, that through failure of such living there be opened no way to wide spread disaster. The clean premises, the destruction of every fly and mosquito breeding source are health demands, easy to carry out, and carefully carried out mean community safety. Every household well ordered in its clean bill of health, means a clean community, and so from a community to a nation there are established state and national safe guards to preserve health, by first keeping away every source that may first lead to sickness or disease.

**\$100 REWARD, \$100.**  
 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c.  
 Take Hall's Family Pills for constipation.

The Government paid to special procurers \$1,261,483 from 1910 to 1911, in addition to \$2,345,035 in salaries to regular assistants.

**WOMEN**  
 Women of the highest type, women of superior education and refinement, whose judgment and judgment give weight and force to their opinions, highly prize the wonderful corrective and curative properties of Chamberlain's Stomach and Liver Tablets. Throughout the many stages of woman's life, from girlhood, through the ordeals of motherhood to the declining years, there is no other more reliable medicine than Chamberlain's Stomach and Liver Tablets.

**Not Sisters**  
 Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her best and fairest. Why isn't it so? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.  
 Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.  
 No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

**SOLVES A DEEP MYSTERY.**  
 "I want to thank you from the bottom of my heart," wrote C. R. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poison that causes rheumatism, Electric Bitters has no equal. Try them. Every bottle is guaranteed to satisfy. Only 50c at all druggists.

A heavy tax on dowries of American brides in international marriages was suggested by Representative Kaen, of California.  
**HELP FOR THOSE WHO HAVE STOMACH TROUBLE.**  
 After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctors' fees, I purchased my wife one box of Chamberlain's Stomach and Liver Tablets, which did her so much good that she continued to use them, and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa. This medicine is for sale by all Dealers. Samples free.

Threatened the King.  
 The honor of knighthood is not one which appeals to everybody. Coke of Norfolk, who considered that he had a far better claim than the speaker to the designation of first commoner of England, strongly disliked the idea of a handle to his name. This fact was well known to George IV. When Coke was chosen to head a deputation praying the king to dismiss from his person and council those advisers who by their conduct had proved themselves alike enemies to the throne and people George announced that he would get even with him. "If Coke of Norfolk enters my presence," he declared, "I swear I'll knight him." The threat was repeated to Coke, who rejoined, "If he dares such a thing I swear I'll break his sword." And as the sturdy Norfolk squire was quite capable of doing this, George refrained from carrying out his threat.—London Chronicle.

Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the cars or steamships. For sale by all dealers.

**SAVES TWO LIVES.**  
 "Neither my sister nor myself might be living today, if it had not been for Dr. King's New Discovery," writes A. D. McDonald of Fayetteville, N. C. "E. F. D. No. 8," for we both had frightful coughs that no other remedy could help. We were told my sister had consumption. She was very weak and had night sweats but your wonderful medicine completely cured us both. It's the best I ever used or heard of." For sore throats, coughs, colds, hemorrhages, sciatica, neuralgia, hay fever, croup, whooping cough, all bronchial troubles, —its supreme. Trial bottle free, 50c and \$1.00. Guaranteed by all druggists.  
 Turn About.  
 At a Christmas dinner in Washington a statesman who had been speaking in the public eye was called upon after the meal to make a little speech. He rose and began: "You have been giving your attention so far to a talk by stuffed with eggs. You are now about to give your attention to a talk by stuffed with eggs."

**DYNAMITE.**  
 Halted Explosions Before Nobel Learned to Control It.  
 Dynamite is a Greek word for powder. Its chemical name is nitroglycerin. It was discovered in a laboratory in Paris by A. Sobrero in 1847. Sobrero escaped death a hundred times by the closest margin and was never able to learn how to handle the explosive with any safety.  
 About 1855 Alfred Nobel, a Swedish engineer, learned how to explode the liquid by detonation. Nobel Bros. of Hamburg that year sent a young man to America to introduce its use to miners. He met with no success, and a tin can of the liquid left by him in a New York hotel when thrown into the street wrecked the hotel, injuring many and causing the neighborhood to rain glass.  
 It was known commercially at this stage as "glonion" and blew up by accident a West Indies packet at Colon, killing fifty people and destroying property worth a million dollars. Then its use was prohibited by law. It will burn at certain temperatures if the quantity is small. When exploded it instantly expands 10,000 times; the gases require 10,000 times the space of the liquid.  
 At last Nobel learned to soothe and quiet the liquid by causing it to be absorbed in infusorial earth. In this preparation that in 1866 was called dynamite by Nobel. When it explodes the force plunges first downward and then rebounds upward. Unless confined it has little tendency to lateral pressure. This is one of its great peculiarities.—Louisville Courier-Journal.
