CHOLERA IS STAMPED OUT

No New Cases Reported Since The Death of Fireman Last Saturday.

New York, July 25th.—The stringent measures taken to prevent an epidemic of cholera here undoubtedly will prove effective, according to the health officers, who today noted that no new cases had developed since Saturday when Manuel Bermudez, a fireman, was found to be suffering from the disease at Bellevue hospital.

Report from Hoffman Island this a. m. stated that there were no further suspicious cases of sickness among the detained passengers of the steamship Melika and that more of those passengers probably will be released soon from quarantine. No further deaths were reported from Swinburne Island, where Bermudez is said to be in the same condition as when he arrived there from Bellevue.

The steamers Pergola and Principe Di Piemonte are still at anchor off the quarantine station.

The health officers are still trying to run down the sailors who were occupants of the sailors' boarding house, where Bermudez was taken ill with cholera before he went to Bellevue, where the nature of the illness was discovered.

Refrigerators.

Will sell the balance left over at the following prices. Genuine Porelean lined Leonard Cleanable, the \$25.00 at \$22.50, the \$35.00 at \$30.00, the \$40.00 at \$35.00, the \$45.00 at \$40.00. The above prices are the lowest we ever offered this class of goods at. Everyone carries guarantee that they will do all you expect any refrigerator to do.

One Thousand Children in Burned Hospital.

Wichita, Kan., July 25th.—Word reached Wichita from Winfield that the State hospital for feeble minded is on fire, and the entire institution seems to be doomed. It is feared the loss of life is heavy. The fire is still burning and is apparently beyond control. Close to one thousand children are confined in the institution.

How A Possible Presidential Nomination Changes One!

Says Woodrow Wilson. "For twenty years I preached to the students Princeton that the referendum and recall was bunk. I have since investigated, and I want to apologize to those students. It is the safeguard of politics. It takes power from the boss and places it in the hands of the people. I want to say with all my power I favor it."

NOTES FROM LEES CHAPEL.

Jones county, July 25.—The weather is very sultry now, but we are glad to say that we have had some rain.

Rev. B. F. Eubank and wife of Little Hill, were welcome guests of their son and daughter of this place Wednesday.

Quite a number of our people attended the picnic at Oak Grove Thursday July 20th. They reported a fine time.

Our picnic at Lees Chapel will be on Friday July 28. Everybody cordially invited to come out and bring well filled baskets. Come both old and young and children and have a good time.

We regret very much to chronicle the sad news of the death of Mr. B. P. Henderson of near Emory Grove who has been very ill for some time. He passed away Friday July 21. He leaves many friends and relatives to mourn their loss. Our hearts are filled with great sympathy for his good wife and children. May God bless them in every way.

Let us hear from Hank. His own news.

Don't forget the pic nic at Lees Chapel 28th of July. Everybody come and bring well filled baskets.

SERIOUS ACCIDENT NEAR TRENTON

Tree Which Had Been Struck By Lightning and Set Afire Falls on Two Jones Co. Citizens.

The falling of a tree which had been struck by lightning and set afire, seriously wounded Mr. Fog Jones and perhaps fatally injured ex-Sheriff Lon Taylor, both of Jones county, as they were driving along the road near Trenton, Monday evening, ex-Sheriff Taylor was struck on the head by the tree and paralyzed. A telephone message from Trenton yesterday afternoon stated that there was little chance for his recovery. Mr. Jones received a number of cuts on his face and body, but none of these it is thought are of a serious nature. The buggy in which the two gentlemen were seated at the time of the accident was totally demolished, and the horses they were driving was also injured.

Meagre details could only be learned in this city yesterday in regards to the accident, but what could be learned it seems that ex-Sheriff Taylor and Mr. Fog Jones were driving along the road enroute to Trenton. Nearing the tree they saw it was badly burned and that there was danger of its falling at any time. Seeing a man near by who was engaged in cutting wood, they stopped and advised him to cut the tree down in order to avoid any danger of its falling upon any one.

While they were engaged in talking to this man the charred tree suddenly fell to the earth. The buggy containing the two gentlemen who were injured was directly in the path of the tree, and before they realized their danger it had crashed down upon them. Assistance was at once given the injured men and they were carried to their homes where medical attention was rendered them.

This news comes as a shock to the scores of friends of both these gentlemen. For sixteen years Mr. Taylor was Sheriff of Jones county, later he engaged in the mercantile business and also conducted a large farm. Mr. Jones is also a prosperous farmer of that county, both were liked and respected by all who knew them and it is earnestly hoped that both men may have a speedy and complete recovery. Mr. Jones is the son of Mr. and Mrs. W. C. Jones, of this city.

Attend The Athens where you can always keep cool and comfortable.

Thanks, Mr. Crockett.

With his usual thoughtfulness, Mr. W. F. Crockett generously remembered the Journal yesterday and presented its Staff with a prize watermelon, at least it is deserved to win a prize, for its size and quality too. The melon tipped the scales at 4 1/2 pounds and "cut" beautifully. The Journal's Staff and entire force return their heartfelt thanks to Mr. Crockett for his compliment.

NOTICE.

Beginning at once, the Norfolk-Southern train No. 92 from New Bern to Washington, N. C., and intermediate points will run Tuesday, Thursday and Saturday, instead of every day. Freight for these points will need to be delivered the day before to insure leaving on these dates.

UNFAVORABLE TO WOOL BILL

Senate Will Probably Reject Bill as Passed By The House.

Washington, July 25.—A worse situation has developed in the Senate as the result of the program put up by the Democrats on revision of the wool schedule—the "Schedule E" proposition—introduced by President Taft.

It was believed that there was a chance that enough Republicans would be had to pass the La Follette revision bill, provided the Democrats all agreed to it, but that the Underwood bill was deemed by Democrats whether the Democrats would agree to vote for the La Follette revision was the subject of much discussion today.

The Underwood bill, as passed by the House, would give a bounty of 10 cents per pound on wool, as against the 5 cents bounty now in effect. The wool growers who are in favor of the bill, as against the wool shippers, are in a bad way, and would not be surprised if the bill were to pass in the Senate.

Complaints Have Been Made.

There is a mud hole between Hancock and Metcalf streets on South Front St. that badly needs the attention of the street force. This spot during rainy weather causes those who drive vehicles of any variety a deal of trouble, and many complaints have been made in regard to it. It is located near the Norfolk-Southern Railway Company's switching track, and as they are compelled to use it more than any other individual, it seems to us that they should aid the city in putting it in good condition. Anyway, something should be done to this section at an early date.

WAS APPROVED BY PRESIDENT

Further Evidence in Lorimer Case Shows That He Was Taft's Choice.

Washington, July 24.—President Taft figured again in the testimony before the Lorimer committee yesterday as the supporters of Lorimer for the Illinois Senatorial election of 1909.

Edward Hines, the alleged "Senator-maker," was on the stand.

"Did you have a talk with Congress man Boutell about the Senatorship two or three weeks before the election?" asked Judge Haney, Lorimer's attorney.

"Yes, and we agreed to urge Lorimer to be a candidate. He volunteered to see the President."

"Did he see the President?"

"He said he did."

Hines then produced an unsigned letter, which, he said, was in Boutell's handwriting. It had been inclosed with a signed letter from Boutell to Hines, which was received after Lorimer's election. This letter read:

"I should like to have the Senator (Lorimer) know who was the only man to go to the President in his behalf and bring off the goods."

"Boutell told me," said Hines, "that he had informed the President that Lorimer was about the only man who could break the deadlock and be elected. Boutell also said that the President had declared Lorimer to be very acceptable to him in order to have a Republican Senator from Illinois."

Excursion From Goldsboro.

On Friday of this week, July 28, St. Paul Sunday School excursion from Goldsboro will visit Washington, N. C., over the Norfolk Southern Railway. This will be an educational occasion to the children as well as one of pleasure, for it will show them the wonderful development and possibilities of this section and give them a day's sojourn in one of the pleasantest and prettiest towns in the South. Grown-ups, too, will be equally interested and benefited by this trip. The fare from this city will be only 75 cents for the round trip.

The Athens is the only house in New Bern showing Association pictures.
