**GUARDIAN AND EXECUTOR**

IN the preservation of property which has been accumulated during one's life there is no consideration more important than the question "Who shall be the guardian of my children and the executor of my will?" This question is answered properly only when this company is named as executor under will. While our banking department accepts deposits and we pay interest on savings and certificates, yet a large portion of our business consists of the care of money and property left under will.

CHARTERED UNDER THE STATE LAW TO ACT AS EXECUTOR, ADMINISTRATOR, OR GUARDIAN.

## PREMIER ADVOCATES RECIPROCIITY

Believes That An Exchange of Products, Would Be of Great Value to Both Countries.

Ottawa, July 31.—Sir Wilfrid Laurier, the prime minister of Canada, has made a direct appeal to the people of that province asking their endorsement of reciprocity at the election which is set for September 21 next.

In his appeal the premier states that since 1866, when Lord Elgin's treaty was abrogated, all men of any prominence have been unanimously of the opinion that the free exchange of products between Canada and the United States would be of inestimable profit to both countries.

"The present Conservative party in Parliament," says the premier, "seeks to reverse the lifelong policy of its great leaders in the past.

"It has been alleged by the opposition that this agreement, if consummated, would imperil the connection with the mother country and finally bring annexation of Canada to the United States.

"It is impossible to treat such an argument with any kind of respect. If it has any meaning the argument is that the people of Canada would be seduced from their allegiance by the prosperity which will follow the larger flow of natural products from this country to others."

**Smith Sanders.**

Ocean, N. C.—July 26.—At 10 a. m. E. Church "Bethlehem" was solemnized on Wednesday morning, July 27, at 8:30 o'clock the marriage of Miss Ethel Sanders, the charming and greatly beloved niece of Dr. J. W. Sanders, to Mr. Stephen B. Smith, by their pastor the Rev. J. C. Whedbee.

The church was very tastefully decorated with ivy and cedar, while over the altar an arch was erected covered with ivy, evergreens and many flowers of the season, while large ferns and hot house plants were artistically placed around the church. As soon as the bridal party arrived the Rev. J. C. Whedbee with accompaniment on the organ by Miss Gladys Collins sang "It is Well With My Soul," at the close of this solo the music was tactfully changed to "Mendelssohn's wedding march" and while the strains of this beautiful music floated out through the church with its three hundred people came to be present at the wedding the bride and groom entered the church. The bride, neatly and very becomingly attired in a handsome tan tailored traveling suit with hat, veil and gloves to match and carrying a large bouquet, bearing on the arm of her maid of honor, Miss Mildred Collins, gracefully passed up one side of the church, while the groom accompanied by his brother Mr. Sherrod Smith came up the other meeting at the altar. During the ceremony Miss Collins sat by the bride and played "Hearts and Flowers" changing at its close again to Mendelssohn. As the party left the church their many friends hastened to give them their congratulations.

Mr. and Mrs. Smith accompanied by the Misses Collins, and Messrs Sherrod Smith and S. J. Sanders Jr. left for Mayville where they were entertained to dinner by Mrs. Collins after which Mr. and Mrs. Smith left for Raleigh and other points of interest in the State. They will on their return be at home to their many friends at Bayboro.

Among those attending the wedding from a distance—Mrs. M. A. Stanton, Miss Bessie Johnston, Beaufort, Misses Gladys and Mildred Collins, Mayville, Mr. and Mrs. Daniel Weeks, Pelletiers, Mrs. E. N. Bell, Cedar Point, Rev. and Mrs. J. C. Whedbee, Swainboro.

**A Well Known Man's Opinion.**

The Favo-line Co., New Bern, N. C. We have desired so much benefit from the use of SAVONINE, that we wish to add our testimony to the list of those already mentioned with its merits.

My wife has been using SAVONINE for quite a while for cold in the head, and has found it a really useful for CATARRH of the nose, all that, is the fact of the having proved itself available to me for my baby. A short time ago he was in real very bad, and as he would not take milk he was in real bad condition. We were suffering with colic, and realizing that something more to do at once, we put a tiny bit of SAVONINE in his milk and he was in real good condition in a few minutes. We had another case recently as though he had never had colic. We thoughtfully recommended it to you with always and grateful thanks. It is a real good thing.

## NEGRO DIES AT UNION STATION

Creates Considerable Excitement By Suddenly Toppling Over In His Seat.

Considerable excitement was created at the Union station yesterday morning, when a colored man, who was intending to spend the day at Reelsboro, and had purchased his ticket to that point and was sitting in the Union station awaiting the departure of the train, suddenly succumbed to an attack of heart disease.

Jones, who was about 55 years of age and who resided on New South Front street, has had a number of light attacks of heart disease and lived constantly in fear that such an attack would cause his death. Yesterday morning he arose early and seemed on the best of health. He had decided on the previous day that he would go over to Reelsboro and when the hour arrived went to the depot. Those who saw him a few minutes prior to his death had not noticed anything peculiar and when he suddenly dropped over in his seat, there was considerable consternation among the number of negroes in the colored waiting room.

**An Exciting Hunt.**

Pollockville, N. C. July 27.—One of the most exciting and splendid fishing and hunting trips of the season were enjoyed by Messrs Newton White, F. M. Taylor and Paul and Allen Bender of Pollockville near the upper Mill creek section.

These merry hunters had not reached their hunting grounds when one of the splendid hounds that were under chain by Mr. Taylor gave signs of seeing game. Mr. Taylor looked up saw coming directly at the party a ferocious bear, Mr. Allen Bender opened fire wounding the bear who charged on Mr. Bender, but was met by his magnificent bear dogs seeing the party turn back, then charges on Paul Bender and Nate White who scares him off, not having either of their guns loaded. They put more dogs on him and the fight was on. We witness the charge until brain makes a stand and Mr. White and Allen Bender goes up to see the fight more close. When unexpected brain makes a charge at his human opponents. They fired at him but missed the mark, Mr. White fired again hitting brain in the mouth, he fell heavily on the ground, but comes again. This time Mr. Bender put a bullet through his brain and brain fell at our feet.

## FAVORABLE TO COTTON PLANT

Commercial Appeal Predicts Record Yield if Conditions Maintained.

Memphis, July 31.—The Commercial Appeal says today.

"Another week favorable to the cotton plant has put the crop seven days further toward maturity. It is two or three weeks earlier than last year and the prospects are better in every state than at this time last season.

"Complaints are local in character and are of excessive rainfall producing rank growth and damage by boll worms. Boll weevils have done little damage although it appears that they will shortly become a factor in Louisiana. Some rain is needed along the Atlantic seaboard and moisture would be beneficial in western Texas. Elsewhere the moisture supply is abundant.

"The plant is very heavily fruited and has matured an unusual number of bolls for the season. The crop is generally laid by and the fields are as a whole clean and the cotton has attained a size that will prevent great growth of weeds and grass hereafter.

"Many of the reports received are brilliant and over fully two-thirds of the cotton area a record yield is indicated if present conditions are maintained. Over the remaining third the crop is good."
