### WOULD PENSION OLD FOLKS

**Socialist Congressman Introduce Bill To Pension Everybody Over Sixty Years.**

Washington, August 1.—Government pensions for the aged were provided in a bill introduced in the House by Representative Victor L. Berger, the Wisconsin Socialist.

The measure proposed to grant to every person who brings proof that he or she is more than 60 years of age, has been a citizen of the United States for more than 16 years, and a husband has not without just cause failed to provide for the maintenance of his wife a weekly pension of from \$1 to \$4 a week, depending upon their income.

Berger estimated that this measure would cost the Government about \$347,000,000 annually. The resolution is unique in that it contains a clause specifically forbidding the United States Supreme Court to pass upon its constitutionality.

The Wisconsin Congress also introduced a resolution for the appointment of a commission "composed of members of the three parties in Congress" to compile data on old-age pensions.

The Board of Aldermen held their regular monthly session last night at the city hall.

Mr. W. B. Melver appeared before the board and asked that a due bill of \$20.00 for admission into the municipal association be paid. Board ordered bill paid. Mr. Melver also stated that city still owed him \$40 for services as attorney. Board ordered that the \$40 be paid.

Dr. Patterson appeared before the board and read a report made by Dr. Graham in which he stated that certain dairies were in an un sanitary condition and should be cleaned up. Dr. Graham also recommended that no cows should be allowed in city limits. Motion carried that parties owning these dairies be ordered to clean them and put things in a sanitary condition at once.

Members of Riverside Hose Company asked that the quarters and horse of the Sixth Ward Hose Company be given them. In consideration they would give their services to the city gratis. Matter referred to the Fire Department Committee for investigation.

J. S. MILLER,

**BRICK KILN ITEMS.**

Jones county, July 31.—We will again let the readers of the Journal hear from us.

We are delighted to say we have had one good rain since April that wet the roots of the growing plants which came Monday and Tuesday of the 18th, and 17th. Crops before the rain was in a discouraging condition, but now they are looking fairly well where there are good stands. Garden vegetables are scarce in this section on account of the dry spell.

Bears in this section are getting numerous. Many have been passing in public places.

The fires that have been burning so fierce in and around this section have about burnt the forest out.

The picnic at Lees Chapel passed off nicely. A plenty to eat and drink and everybody seemed to have a fine old time.

Miss Ida Howard of New Bern, is spending a few weeks with her relatives at this place. We are ever glad to welcome her.

Mr. Mat Harriette and family of Pollockville visited friends and relatives here Sunday.

Mr. Make Harriette and wife and children also of Pollockville visited relatives at this place Sunday.

Mr. Willie Jones and sister, Miss Mollie of Little Hill, visited their brother Albert, at this place Sunday.

Mr. Romulus Provow and wife of Mayaville, visited his mother here Sunday afternoon.

Mr. Curtis Howard and sister, Miss Pearl, of Little Hill, were visitors here Sunday.

Rev. Mr. Stanford will fill his regular appointment here second Sunday in August.

Mr. Stephen Howard spent Saturday night and Sunday near Tabernacle.

We are sorry to note the sad illness of Mr. Glen Bynum's baby. We sincerely hope for its speedy recovery.

Miss Alma Gooding spent Saturday night and Sunday at upper White Oak, visiting friends.

Mr. Geo. Howard and his two cousins spent Sunday afternoon at Belgrade reported a fine time.

Let us hear from Lee's Chapel again and give us all the news.

With best wishes to the Journal,  
WILLIAM.

### WHAT IS BEER AND WHY?

**Dr. Wiley Would Have Less Foam And Larger Measure.**

Washington, August 1.—Having long ago settled the vexed problem of "what is whiskey," the Agriculture Department's board of food and drug inspection, headed by the redoubtable Dr. Harvey W. Wiley has undertaken to determine "what is beer."

Manufacturers of beer and other malt beverages and barley raisers from all over the country are here attending the hearing, conducted by the board, and many others have sent their views by mail.

The object of the board's inquiry is to bring malt liquors within the scope of the pure food and drug act, and to determine just what shall and what shall not be contained in liquids sold under the labels "lager beer," "hook beer," ale, porter, stout and malt extract. The board has propounded a series of questions as to ingredients, fermenting, coloring, carbonating, etc. The application of foreign names to domestic products also is to be inquired into.

Barley raisers and maltsters are responsible for this effort to determine "what is beer." The Consumers' National League of Chicago and the Society of Equity, the latter composed largely of farmers, are aiding in the movement.

It is claimed that much of the beer sold in this country is made of corn or rice, and that some of the malt extract and other beverages are not what their names lead consumers to think them.

### BALTIMORE FACES WATER FAMINE

**Even The Muddy Fluid Now Obtainable Is Limited In Quantity.**

Baltimore, Aug. 1.—Baltimore is now threatened with a water famine. Reports from the various reservoirs and the dam at Loch Raven show that the daily consumption of water is in excess of the flow.

No matter what happens the city is facing a critical situation. If there are rains, the muddy condition of the water will continue, but the city will be without an adequate supply of water, such as it is.

In case there is no rain the water will clear, but the city will face a water famine. Conditions are worse than in many years. The clear water reservoirs contain practically no water.

The only source the city has is the Loch Raven Reservoir. This has been diminished gradually day by day.

Reports from the various reservoirs and Loch Raven and Lake Harford show that the situation is critical.

### ARAPAHOE NOTES.

Arapahoe, July 31.—We continue to have dry weather, recent showers have proved crops very much.

The potato crop in this section is very small.

Rev. St. Clair, Free Will Baptist evangelist has recently held a meeting which resulted in many being added to the church. He had large audiences throughout the meeting.

Quite a number of our people visited Oriental Saturday to attend the Christian Union. They report that the meeting was more largely attended by the delegates from different sections of the country than by the citizens of the town, notwithstanding those that were present nicely entertained the visitors and provided good homes for all.

Mrs. Harry Rawls who has been a student of Virginia Christian College has returned home.

Mr. Church Martin, who has been very sick is much better.

Mr. Henry Nunn, of this place has gone to Catherine Lake to visit relatives and friends.

Miss Bess Hardison who has been to Riverside for some time, has returned home.

Mrs. G. W. Brinson is at Hilde Creek visiting at the home of Mr. and Mrs. G. F. Pickett, whose little son is very sick with typhoid fever.

Arapahoe people are anticipating a good time Friday at the picnic at Dawson Creek. Every body is cordially invited.
