HOW TO GET THE UTMOST VALUES
WHEN YOU BUY CLOTHES.

A SUIT of clothes has three points of value—style, fit and wear. You get the utmost style value only when your suit is cut to fit YOUR individual personality. That means tailor-made clothes.

You get the utmost fit value only when each garment is made to conform exactly to YOUR figure. That means tailor-made clothes.

You get the utmost wear value only when your suit is made of a standard pure wool fabric. And that means tailor-made clothes.

We give you the utmost value in style and fit by applying all our knowledge and artistic skill to the making of YOUR suit.

TARIFF REVISION
FIRST BUSINESS

Progressives of Both Parties Determined to Lower Duties. Regulars Depend on Taft Vetoes.

Washington, Aug. 22nd.—The Democrats, the progressive Republicans and the regular Republicans will have their own program for tariff revision legislation when Congress reconvenes in December. This much has been made clear. All three elements in the senate will be engaged in a great battle on the general subject of revision, the most important feature of the contemplated work of the regular session. Much of the trend of the fight will depend upon the report of the Tariff Board and the recommendations of the president in connection with that report.

The regular Republicans did not anticipate much actual tariff revision at the coming session by reason of the wide divergence of opinion in the senate. They contend that failure is likely to follow attempts to bring together either the regular and progressive Republicans, or the latter and the Democrats. Neither the Democrats nor the progressive Republicans, whose alliance swept revision legislation through the senate until the combination was broken on the cotton bill, are willing to predict the renewal of that alliance in December.

Senator Martin, of Virginia, Democratic leader in the senate, declared today, however, that if the president's recommendations should be for large reductions and many of the regular stand-patters failed to support the recommendations, the situation would tend to line up the Democrats and Republican insurgents.

The regular Republicans have expressed the fear that the Tariff Board's recommendations may be too radical for their acceptance. They contend that most of the measures resulting from a progressive Republican Democratic alliance are likely to fail in conference on the ground that the Democrats desire to fight the next national campaign on the Payne-Aldrich tariff law. The regulars also depend on the presidential veto to put a quietus on any measure that would be satisfactory to Democrats and Insurgents.

Taft Withholds Decision in the Wiley Case.

Washington, Aug. 24th.—President Taft will not make public his decision in the case of Dr. Harvey W. Wiley until December. He will wait until the house committee on expenditures in the Department of Agriculture investigating the Bureau of Chemistry makes its report. The committee decided today to discontinue all hearings and postpone writing out its report until December.

As announced in The World on Aug. 6th, the President has no intention of asking Dr. Wiley to resign. It can be stated with authority that President Taft is convinced that Dr. Wiley has been hampered.

It is generally believed in official circles that the President will severely reprimand several of the officials of the Department of Agriculture and may dispense with Solicitor McCabe, having a new Solicitor for the Department detailed or appointed from the Department of Justice.

MEADOWS-SIMMONS WEDDING

Social Event of The Season. Hundreds at Church Ceremony. Reception at Senator Simmons' Home.

New Bern society was brilliantly represented yesterday afternoon in Christ Church at the wedding of Miss Ella Mc Lendell Simmons, daughter of Senator and Mrs. Furnifold McLendell Simmons to Mr. Wade Meadows, oldest son of Mrs. Jane Meadows. The church was most artistically decorated in Southern amilax, palms and trailing clematis interspersed with Easter lilies and lighted by cathedral candles in old silver and brass candle sticks.

The bridal party entered the church to the family bridal chorus from Lohengrin.

The ushers, Messrs Rodman Guion, Ellis Williams, Neal Bell and George Atmore entered first. The bride's sister, Miss Isabel Simmons, was her only attendant, she wore a gown of white French voile and cluny lace, hand embroidered in pink with a picture hat to match, and carried an arm bouquet of pink brides roses. The bride entered the church with her father, by whom she was given away. She was handsomely gowned in white duchess satin with court train and trimmed with point lace and hand embroidered in seed pearls; her veil was also caught with seed pearls and she carried a bouquet of lilies of the valley and orchids. Her only ornament was a diamond and pearl La Valliere, a gift of the groom.

The groom with his best man, his brother, Mr. Edward Meadows Jr., entered from the vestry room and met the bride at the altar.

The ceremony was impressively performed by Rev. Bartholomew F. Huske, rector of Christ Church. Shuberts Serenade was softly and sweetly played during the ceremony and the party left the church to the strains of Mendelssohn's march.

Immediately following the ceremonial Senator and Mrs. Simmons entertained the bridal party at a beautifully appointed dinner.

Their elegant home was a bower of beauty with its profuse decoration of palms, ferns and trailing clematis, the dining room was made especially attractive by the clematis being artistically festooned around the side wall, tall vases filled with white astors and Easter lilies enhanced the beauty of the room and furthered the color scheme of white and green.

The centerpiece was a handsome cut glass vase encased in a silver deposit and filled with Easter lilies and fern, Mr. and Mrs. Meadows left on the evening train for an extended trip through the North and Canada.

The popularity of the young couple was attested by the hundreds of handsome and useful presents which they received.

Among the out of town guests attending the wedding were: Mr. and Mrs. Edward Gorham, of Morehead City, N. C. Mrs. Edding Mahler of Raleigh, N. C. Miss Charlotte Hubbard of Iowa, Mrs. A. B. Andrews, of Raleigh, N. C. Fannie Louise Neal, of Laurinburg, N. C. Miss Mary Gibbs, of Raleigh, N. C. and Mr. Feal Bell, of Washington, D. C.

FARMERS URGED TO HOLD COTTON

Plans Being Made To Pool 1911 Crop Least Price Drop To Nine Cents.

Washington, Aug. 24.—"Hold cotton for thirteen cents," is the advice to be formally given to the farmers' organizations by a committee consisting of Senators Williams, of Mississippi, and Owen, of Oklahoma, and Representative Burleson, of Texas, representing a conference of Senators and Representatives from seven cotton growing states. The committee will urge the State banking association to co-operate against the "bearish movement of speculators."

The conference discussed the "threatening condition of the cotton market." Among the participants were Senators Williams and Owen, Representatives Underwood, Heine, Brantley and Hughes, of Georgia, Burleson and Beall, of Texas, Garrett, of Tennessee, Humphreys, of Mississippi, and Small, of North Carolina.

Congressman Small is reported to have said: "The meeting was one of the most important ever held in the interest of the cotton growers. The agriculture department's cotton report issued a short while ago indicate that a crop of 15,000,000 bales will be produced this year. The world can only use about 3,000,000 bales of American cotton, and if the report of the department is taken seriously it will result in the price of cotton being forced down to about 9 cents a pound. Reports from the different states indicate that the total crop will not be more than 13,000,000 bales, so our idea is to get every man who has cotton to sell to refuse to sell for less than 13 cents a pound, and to withhold at least 20 per cent. of this year's crop.

"We are making arrangements with the banks throughout the county to lend the farmer from \$25 to \$50 on each bale of cotton which he refuses to sell and at a rate not to exceed 6 per cent. per annum. There may be some banks in isolated parts of the country who are not able to make this loan and we have arranged to take care of them.

"The New York cotton exchange is using the government's cotton report to depress the price of the cotton and unless the farmers refuse to sell at less than 13 cents the price of this year's crop will drop below 9 cents a pound."

Letters have already been sent to all of the farmers' state unions with a request that the county and district unions be advised of the action of the committee.

Over 3,000 Automobiles in the State.

Raleigh, Aug. 24.—The secretary of state will issue very soon now a complete list of the licensed automobiles in the state for the current year to date, including new licenses and renewals to June 30, 1912. In round numbers it will show 3,300 machines in the state with something like 300 licenses cancelled at the end of this license year ending June 30 for failure to renew. New licenses are issued almost every day and often times there are several in a single day so fast is the spread of the use in machines in North Carolina.

Chamber Commerce Meeting Tonight.

There will be an important meeting of the Chamber of Commerce at the court house tonight at 8:30 o'clock. A movement is now on foot to establish a harbor of refuge at Hatteras or Cape Lookout. The board of engineers for rivers and harbors will visit this vicinity about the middle of September for the purpose of ascertaining which is the better place to locate this Harbor of Refuge. While here the board will probably have public hearings. They will also inspect the new canal. This matter is probably the most important matter that has come before the Chamber of Commerce in some time. The establishment of a Harbor of Refuge at Cape Lookout, which would ultimately mean a saving in time, would mean much for the development of the vicinity. The purpose of the meeting of the Chamber of Commerce Friday night will be to get in contact with all data that should be presented to the Board of Engineers, a committee appointed to appear before them and arrangements made for their entertainment while here.
