**MAKES FLYING TRIP
TO SEE PARENTS**

Instructor in Aviation at Naval College Uses His Aeroplane To Make Visit to Parents.

Hayre De Grace, Sept. 18.—John Rodgers U. S. N., instructor of aviation at Annapolis, is the first man in this country to pay a visit to his parents by aeroplane.

He left College Park, Md., near Washington early Saturday afternoon passed over the northwestern section of Baltimore and descended at the Emory race track, just north of that city at 2:30 o'clock. After renewing his supply of gasoline he again went into the air, circled the track for half an hour at varying altitudes, and started for Havre De Grace at 4:25. He arrived at the Rodgers homestead at Lion Hill, two miles from this city at 5:35 p. m.

The lieutenant's parents, Rear Admiral and Mrs. John A. Rodgers, and his brother Robert, were in a field 200 yards from the house and as soon as he alighted his mother ran to him and greeted him affectionately.

Lieutenant Rodgers announced tonight that he expected to leave in his aeroplane for New York city tomorrow morning if weather conditions are favorable. He hopes to reach New York by 3 p. m., at which time his cousin, C. P. Rodgers, is scheduled to leave Sheepshead Bay in an aeroplane for San Francisco, to complete for the \$50,000 Hearst prize.

When word was received from Baltimore that Lieutenant Rodgers was on his way to his old home through the air, the streets, hill tops and railroad embankments were soon crowded with people, and a great shout arose as the naval officer hovered in sight. The aviator followed the line of the Pennsylvania Railroad from Baltimore to this city. He had but one quart of gasoline left when he reached this city.

Phone us your order and residence number and we will send it to any part of the city. J. S. Basnight Hdq. Co.

Editor Whichard's Mother Dead.

Greenville, N. C., Sept. 18th.—Mrs. Violet Whichard, the aged mother of the editor of the Greenville Reflector, died about seven o'clock Saturday morning at her home here. She was in her 77th year, and is survived by 4 children, J. R. Whichard, of Atlanta, Ga., D. J. Whichard and C. B. Whichard, of Greenville, and Mrs. A. F. Kenteley, of Littleton.

During the civil war and for several years after, she taught school here and was recognized as one of the best and most thorough teachers of that day.

What Others Say of Haag's Shows.

Without doubt Gulfport never has seen such a crowd of people as were here to see the highly Haag Railroad Shows. Both in the afternoon and evening the tents were crowded with people, and in the afternoon hundreds could not secure tickets as the ticket wagon was closed long before 2 o'clock. Every train during the day brought in people to see the show, and long before time for the parade to make its appearance on the streets they were crowded with people anxiously awaiting it, and not one was disappointed, as Mr. Haag has spent plenty of time and money on his parade, making it second to none. Never in the history of Gulfport have there been so many pretty girls, funny clowns and good music in one parade. The Gulfport Times is sure it voices the sentiment of the people when it says, give us more shows like Haag. (Gulfport Times.)

**VANCEBORO GETS
THE SCHOOL**

Farm-Life School Will Be Located In No. One Township. Fifty-Eight Ballots Cast Before Decision Was Reached.

Yesterday morning at 10 o'clock the Board of Trustees of the Craven County Farm-Life School met at the office of Superintendent S. M. Brinson for the purpose of deciding upon a location for that institution. Every member of the Board was present and from the general appearance of things, at the starting of the meeting, it seemed like each member wanted the school located in a different Township from that his neighbor had decided upon.

All through the morning the Board went over the advantages of the various sites offered by the different townships and discussed the merits of each. At noon they were no nearer a conclusion than when they first started. Later on in the afternoon the locations had been thinned out to two places. Thurman, in No. seven township and Vanceboro, in No. one township. Balloting was then begun but not until the fifty-eighth ballot had been cast was the location settled.

The people of No. one township have worked exceedingly hard to secure this school and they deserved to be rewarded. Their site is an excellent one and was highly complimented by the Board.

J. S. MILLER.

Hugh N. Pace Bound Over to Court.

Hugh N. Pace was given a hearing before Justice of the Peace J. C. Thomas yesterday afternoon, on a warrant charging him with abduction under promise of marriage of Miss Henrietta Daugherty, of Lenoir county, but who at the time was employed as a waitress at the Gaston Hotel.

The defendant was represented by Messrs Moore & Dunn while Mr. D. E. Henderson handled the prosecution. From the evidence given by the number of witnesses it was proven that Pace had induced Miss Daugherty to go to Wilmington with him where they registered at the Orton Hotel as man and wife and that when Miss Daugherty told him that he must secure a marriage license he told her that owing to unavoidable circumstances, etc., he was unable to do this. They returned to New Bern and he promised to marry her on several different dates but had failed to do so each time. The affair finally culminated in his arrest and incarceration in jail.

Probable cause was found and he was bound over to the next term of Craven County Superior Court under a bond of \$5,000 which he was unable to give and was committed to jail.

Creator and His Band Masqued Opera House, Oct. 9th.

The treat of the season, as far as musical attractions are concerned, will be Creator and His Band of fifty musicians which will appear here under the auspices of J. Leon Williams Monday Oct. 9, 1911. Those who have been fortunate enough to hear this band are sending in their application for tickets and many others have been added to the list.

Signor Creator, as usual, has been holding large audiences under his wonderful spell recently to New Bern. From the reports received at times his audiences are all but moved to tears, roused by the tender sympathetic strains, while at other times they seem ready to stand on their feet and shout to relieve the pent up feeling produced by the thrills from the wonderful crescendos which peel forth from his hand.

On one of the band's excursions in New York the "Herald" gave the following as part of a very lengthy notice: "Golden bassoon and clarinet have been in a New York theatre. After the exquisite frim 'Lullaby' the applause was deafening and the people climbed upon their chairs to cheer. The 'Tambourine' overture and several other numbers evoked equally exuberant signs of approval."

All seats on the first floor will sell for \$1.50. By putting your name on a subscription list now at Watson you can get these seats for \$1.00. This offer will expire Monday October 9th when the seats will go on sale. The subscription list will be closed just as soon as 250 seats have been subscribed for.

**CAR REPAIRERS
ON STRIKE**

At Rocky Mount 575 of The Men Walk Out of the Shops.

Rocky Mount, Sept. 18.—Car repairers in the Atlantic Coast Line railway shops, numbering 575 men walked out here Saturday and the unions of boiler-makers, machinists and blacksmiths are considering a sympathetic strike soon.

It is stated that car repairers in the Florence, S. C., shops are out also and that the men at Waycross, Ga., and other shops will be asked to join. The grievance of the men is that they are required to work out caboose cars at piece rates the same as on box cars.

Officials at the headquarters at Wilmington, N. C., profess to know little if anything of the trouble.

Unless a settlement is effected by the grievance committee of the car workers' union on the Atlantic Coast Line system by Wednesday, car workers, boiler makers, machinists, blacksmiths and possibly trainmen will be on strike Thursday night.

This was the statement the union officials of car works made which followed the walking out of 362 car workers in the city, and all car workers at Florence, S. C., Waycross, Ga., Charleston, S. C., and other points on the Atlantic Coast Line. The matter is in the hands of the general grievance committee, of which E. W. Dowdy, of Charleston, is chairman. This committee will make an effort to meet the railroad officials Wednesday. According to a statement of railroad officials here today no committee will be received until the men go back to work. The strike will affect this town alone 1,800 men. If the train men go out over 2,000. A meeting is being held by the car workers. Waited on by committees of trainmen, who were told no definite action until word from the general grievance committee. The men claim that they are forced to work on caboose cars at the same piece work rate as on box cars. They make, they say, from 25 to 28 cents on a box car. At the same rate they can average but 15 to 18 cents on a caboose.

Miraculously Saved From Death.

Last Saturday, September 16th, Mr. Ben Cason an elderly gentleman living in Pamlico county, left his home for Wilmington, N. C., where his daughter Miss Alif Cason teaches school. The daughter expecting her father's visit was at the depot Saturday when the A. C. L. train arrived from New Bern, but no father appeared on the train.

Miss Cason was uneasy over the situation, knowing her father had left for the purpose of visiting her, and Sunday, becoming alarmed, took the A. C. L. train for New Bern. Sitting in the train and looking out of the window when passing near North East, a small station, Miss Cason was startled by seeing her father quietly sitting on a log in the woods. Jumping up, Miss Cason called the attention of a gentleman on the train who informed the conductor, the train was stopped and backed up until the place was reached where the elderly Mr. Cason was found still sitting on the log very much wearied and hungry. The old gentleman was taken on the train where food and stimulants were given him. He was taken back to his home in Pamlico county.

It seems that on his trip Saturday Mr. Cason must have alighted from the train at North East without any clear notion of why he did so and wandered about in that vicinity until Sunday afternoon when his daughter miraculously saw and rescued him from certain exposure and starvation which would have soon claimed him.
