Has Profit First Time Since 1883 There Has Been a Surplus.

Washington, November 2.—For the first time since 1883 the Post Office Department, during the fiscal year ending June 30, 1911, was conducted at a profit. In twenty-four months the conduct of the postal service has resulted in changing a deficit of \$17,479,770 for the fiscal year 1909 to a surplus of \$219,118 for the fiscal year 1911. During the last fiscal year the audited revenues of the department were \$237,879,823, and the audited expenditures \$237,660,705. During the year certain scattering losses brought down the surplus by \$11,779.

These facts are detailed in a report of Charles A. Knam, editor for the Post-Office Department, in a report detailed by Postmaster-General Hitchcock.

During the fiscal year \$81,906,025 domestic money orders were issued, aggregating \$590,034,432, and 4,060,413 international money orders were issued, aggregating \$96,681,211.

GREAT SHOWING DAIRY PRODUCTS

Americans Are Large Butter and Cheese Consumers, by Census Report.

Washington, Nov. 2.—The American people consume, on the average, 8 pounds of butter and 14 pounds of cheese a year, according to figures gathered by the census bureau under the direction of H. Dana Durand. Here are some figures of annual production in pounds:

Butter,	621,764,653
Cheese,	311,126,317
Condensed milk,	494,796,544
Cream,	81,211,374
Skimmed milk,	352,594,574

The above figures do not take account of the individual production of butter, cheese, etc., on farms. The butter condensed milk and cheese was represented by 8,479 factories, with \$71,284,000 capital. They used \$235,546,000 in raw materials, paid \$14,672,000 in wages, and turned out \$274,568,000 in product. The sale of skimmed milk has decreased 60 per cent in five years.

REPORTED CAPTURE BY TURKS

Of Commander of Tripoli, Also Five Forts. Arabs Aid Sultan.

Constantinople, Nov. 2.—General Canava, commanding the Italian army in Tripoli, has been captured by the Turks, according to an official report given out at the War Ministry. Considerable doubt is expressed in foreign diplomatic circles here as to the statement's accuracy.

The capture was effected, it is added, during a desperate fight between Turks and Arabs on one side and Italians on the other, in the streets in the outskirts of Tripoli. Official dispatches gave assurance that the Turks are steadily pushing the Italians back toward the coast, and confidence is expressed that they will be forced either to surrender or take to their boats soon.

War Minister Chekay Pasha is himself authority for the announcement that the Turks captured five more forts at Tripoli after three hours of hard fighting, which ended much in the Turks favor, despite the fact that the Italians were assisted by a fire from their torpedo boats off shore. The Italians are being reinforced daily, the War Minister says, but to offset this Arabs from the deep interior are flocking to the Turkish standard.

The members of the Library Committee worked very faithfully in attempting to sell tickets, and in advertising the concert. The results are as follows: 256 persons attended the concert, including 28 school children at 25c each.
