HONESTY AND SUCCESS.

If the London preacher who gave utterance to the astonishing statement that "no successful business man in modern times can be honest," believed what he said, his pastoral surroundings call for some strenuous efforts in order to raise the standard of morality among his parishioners.

It is surprising what untruths will at times be delivered from the pulpit, and the above is an example of one. Of course the London pastor may have his individual conception of what constitutes success in a monetary sense. There are more business successes below the millionaire class than in that class, and even millionaires are not all in the dishonest list.

It needs no argument to prove that honesty is a primary consideration for individual and national trade success. The honest merchant with his just weights and measures, gains the trade and commercial success follows.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

INDIGESTION WILL VANISH

A Little Diapepsin Makes Your Out-of-Order Stomach Feel Fine in Five Minutes.

Take your sour out-of-order stomach—or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50 cent case of Pape's Diapepsin and let you eat one 22-grain Triangle and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

Prove to yourself in five minutes that your stomach is as good as any that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

The proprietors of the Triangle Waist Company, of New York, will be tried for manslaughter in the first degree in connection with the fire which cost 146 lives.

A REAL BARGAIN

Owing to the fact that my business requires my attention and presence at another place, I have decided to place my house and lot on the market. The lot contains 3 acres of the best land in the vicinity of Clarks. The dwelling house is new and modern, and the out houses are in the best of condition.

QUICK RELIEF FOR RHEUMATISM.

George W. Koons, Lawton, Mich., says: "DR. DETCHON'S RELIEF FOR RHEUMATISM has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by Bradham Drug Co.

The Play of "Othello." "Viewed accurately as a dramatic fabric, 'Othello' is not only the best of Shakespeare's plays, but the best play in the English language," says William Winter in the Country. "No story could be more simple, direct, blunt and elemental, tragic, but with what marvelous skill the poet has told it, with what ingenuity of invention, with what vibrant vitality of continuous action, with what ample and superb drawing of character, what prodigious volume of feeling, what transit of surging and conflicting passion and what perfection of poetic style!"

Curious Way of Catching Fish. Indians of Bolivia have a peculiar method of going fishing. A writer in the Geographical Journal says: "They use the milk of the mammo or 'milk man' tree, the scientific name of which is I think, Hura crepitans, of the euphorbia genus, for catching fish. I went with some of the Indians to a lagoon in the forest. Here, floating on the surface of the water, perfectly alive and not absolutely unable to get away, were fish of all kinds, big and small, from which they extracted the most palatable fish food. The milk is merely poured into the water, and it spreads every fish which comes in contact with it because paralyzed and yet is not affected as food. Moreover, the effect appears to last for several days without killing the fish. The milk is also used as a cure for toothache as a mouth wash and for the purpose of softening the skin, which is accomplished in a moment. As a result, they say the people are pleased."

EMPIRIA, VA., NEWS

November 22.—The Fair in progress here with much favorable circumstances.

Today was the Parade Day at the Fair.

Today the farmers horses raced at the Fair. The winning horse made a mile in two minutes.

Officer J. W. Saunders arrested a negro for disorderly conduct yesterday. He must have taken legging lessons, any way, he can beg for freedom.

A large six horned buck passed through town yesterday, he raised considerable curiosity.

Tomorrow "Judge Palmer" runs, he has created quite a sensation among the sports fans, and a large attendance is expected.

Every convenient place in the city has been created into a boarding house and last night the writer found two ladies and a child in the rain begging for a place to stay.

From the amount of arrests in the last few days, it seems as if there will have to be a "jail delivery."

Tomorrow is Emporia Day. The city is gayly decorated for the occasion.

HER HAIR GREW

That's Why a Thankful Woman Recommends Parisian Sage.

Bradham Drug Co., will sell you a fifty cent bottle of PARISIAN SAGE and guarantee it to banish dandruff, stop falling hair and itching scalp, or money back. It's a delightful hair dressing that makes hair lustrous and fascinating.

"In the spring I was recovering from a severe case of erysipelas, which left me virtually bald on the front of my head and next to my ears. The hair kept coming out rapidly and nothing I used stopped my getting entirely bald, until I used two bottles of PARISIAN SAGE. This tonic made my hair start to grow and, in fact, grew me a good fair amount of hair, and it has entirely stopped my hair falling out."

It is with pleasure that I give a public recommendation to PARISIAN SAGE, which I know is a wonder." Mrs. Ella Gilchrist, W. Pitt St. Bedford, Pa.

BRIDGETON TAX NOTICE.

The books for the payment of taxes for 1911 for the town Bridgeton are now open and taxes are due. The board of aldermen instructed me to have all taxes collected by January 1st 1912. Tax payers are requested to help me carry out this order by paying promptly.

IS THE WORLD GROWING BETTER?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. G. G. of Pittsford, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers everywhere to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medical cure I used failed till I took Electric Bitters. But this great remedy helped me wonderfully. They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. Try them. You'll see. 50c at all druggists."

SAVED CHILD FROM DEATH.

"After our child has suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala. "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure and our child is again strong and healthy. For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs, it's the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists."

Wasted Effort. "Sorry, Bill, I can't come to the theater with you tonight. Now, don't look so cross. You ain't cross, really, are you, Bill?"

"No, I ain't exactly cross, Bill, but still it is a bit aggravating for a chap to be washed his face and hands for nothing, ain't it?"—London Telegraph.

Mistaken. Witness—He's a dirty, mangy little wretch, yer honor; a low Magistrate—Silence, witness!

WHAT WOULD YOU DO?

In case of a burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a wet cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without leaving a scar. For sale by all druggists.

WOULDN'T BE TAMED.

End of a Wild Stallion That Resisted the Touch of Man.

In "Montana, Steers and Outlaws of the Nevada Wild Horse Country," in the American Magazine, Rufus Smith writes of the capture of a splendid wild stallion that had long eluded capture. He was so "outlaw," writes Mr. Steele:

"Until we added him we did not realize his desperation. We fastened the reins to his front feet. When he tried to run away we jerked his feet from under him, throwing him heavily. As he attempted to rise we threw him again and repeated the maneuver until exhaustion necessitated his captivity. But his surrender was only temporary. For three years we tried to break him, using every artifice known to us. As quickly as one man gave up the task another would try to conquer him, but every time a human being approached or tried to bridge or saddle him he would bite viciously while his eyes protruded from his sockets, bled freely and with hate. As the cinch was drawn tight the outlaw would upon his feet, invariably reared straight up, poised upon his hind legs then buried himself backward to the ground. We always mounted him while he was tied down, and to stay after he gained his feet called for action which boiled a day's work into thirty minutes of struggle.

"His end was tragic as his career. In making an attempt at escape by jumping out of a stockade corral he misjudged the distance and became impaled on a jagged post, and a 44 was turned loose upon him to end his suffering."

Strangled by Trees. A Victoria clergyman had an orange and a pine tree in his garden. One spring it was noticed that the orange tree was drooping, and on digging down he found that the roots of the pine, which stood at some distance, had reached around the trunk of the orange tree and were strangling it. It was cut down and the orange tree recovered.
