AVIATOR RODGERS NEARLY KILLED

In Attempt To Fly Over Pacific. Picked Up Unconscious. His Aeroplane Wrecked.

Los Angeles, Nov. 13.—In an attempt to fly Sunday from Pasadena to Long Beach, officially to end his Atlantic-Pacific journey, Aviator C. P. Rodgers met with the worst mishap of his career, falling with his machine 125 feet into a ploughed field, half way between the two cities and within sight of his destination.

Although no bones were broken, Rodgers was rendered unconscious. He was badly shaken, his face scratched and torn, his hands were burned by his motor and he complains of a severe pain in his side. His machine was completely wrecked.

Rodgers left Tournament Park at Pasadena at 3:34 o'clock expecting to fly the twenty-three miles to the beach in as many minutes. He became confused after taking the air and after circling aimlessly for half an hour came down at Covina Junction, a mile further from Long Beach than the point from where he started. He took the air again and after getting his bearings, was following the tracks of the Pacific Electric Railway when the accident occurred.

This was in an isolated section and the first learned of his fall by those interested was when an automobilist which had seen Rodgers tumble and had dragged him out from under the wings of his wrecked biplane carried him into the office of a physician at Compton, two miles away.

Rodgers was still unconscious when Mrs. Rodgers and her mother, Mrs. R. S. Sweitzer, who had been waiting his arrival at Long Beach, reached Compton. Later he partly regained consciousness and was put aboard a special train and taken to his hotel at Pasadena. After an examination his physicians announced that he would suffer no permanent injury.

CYCLONE FOLLOWS WARM WAVE

Causing Widespread Destruction In West. Temperature Falls Fifty Degrees.

Chicago, Nov. 13.—Reports received Saturday night by the Associated Press indicate that cyclonic storms, coming between the abnormally warm period and the following cold wave, have caused death and widespread destruction in southern Wisconsin, eastern Iowa and Illinois.

Twelve deaths, several dying and a score of injured are known to be lying in the wake of the storms, and suffering because of the bitter cold and sleet and snow already is being reported.

Southern Wisconsin was hardest hit, according to early reports. Near Orfordville, Rock county, nine persons were killed and another is not expected to live.

In the village of Virginia, Ill., three persons were found dead and fifty injured.

In Iowa a fifty degree drop in temperature, accompanied by a driving storm of sleet, tied up traffic for many hours.

An electric disturbance which ushered this storm here, destroyed several feed wires in the city's electrical system and two men were injured.

Property losses mounted up rapidly in the path of the cyclone blizzard. Nearly every public building in Virginia, Ill., was demolished, farmers' houses were wiped out in Wisconsin and the damage was increased by the heavy downpour of rain, sleet and snow.

Later reports indicated that the dead in Rock County, Wis., alone would reach a dozen. Two deaths at Milton Wis., were reported to the train dispatcher's office of the Chicago, Milwaukee and St. Paul Railroad, but the wires were blown down before the report could be verified.

Severe weather conditions are reported all the way from the Rocky Mountains, in Chicago the wind blew 44 miles an hour.

Police Court Proceedings.

Mayor McCarthy had a record breaking docket in his court yesterday afternoon and more than an hour was consumed in hearing the evidence and disposing of the cases.

For biting off a section of Luther Neal's ear, Mindore Bryan, colored, was required to give bond of \$100 for her appearance at the next term of Superior Court and Neal was required to post a bond of \$25 to insure his presence as a witness against the defendant.

Otto Quinn, a young white man, was found guilty of vagrancy and was sentenced to a term in the county jail. Quinn has been in the city for several months and for the past month or two has had no visible means of support.

For disturbing the peace in the western part of the city in the west side house Sunday morning, Jesse Wallace was fined \$5.00 and taxed with the cost of the case while Albert Green, Dick Sherrill and James White, all colored, was compelled to contribute \$2.50 to the coffers of the city treasury for assisting Wallace in his celebration.

As Mackins, white, inoculated his system with "blind tiger" bones and proceeded to make merry late Saturday. Pullman Parkes aided the celebrator and invited him to the city's reception room on the first floor of the city hall. Here the inebriated Mackins was allowed to sleep off his carousal and yesterday afternoon submitted to a charge of being disorderly conduct and paid the costs of the case.

Wm. Frazier and Ben Johnson, two defendants of Hines, became engaged in an altercation which resulted in their being taken to the city jail.
