THE LESSON WORTH

### HEEDING !

The meeting of the Fire Prevenre Association this week, was tint a social event or the gathin convention to discuss roumatters. The advance notice this gathering provoked some ty cleaning up in the business ction, preparatory to the expectinspection of the insurance nen. This cleaning up seems to be on a par with most of what is eat will do you good. done just before all kinds of inspection, a getting ready for a single showing with the chief object you decide to take a little Diapepsin. that prompted the inspection, entirely lost sight of.

It was complimentary to New Bern, that the Association made this city the first point of its state you can get relief in five minutes. tour of inspection. It was a business visit, practical and with far reaching possibilities and benefits for this community, particularly to those who insure their property. The visit here was not to force of Rugs just in from the mills, 9x12 the citizens to have a "cleaning Ax-minister, in beautiful shades, extra day," and the fact that some very necessary cleaning up of buildings and premises was done, there was plenty left for the inspectors to is complete. take note of, and as was said in the meeting at the court house. there were "unusual conditions" prevailing here, that demanded remedying, if insurers were to be helped, if this city was to enjoy greater fire safety. The "unusual conditions" were negligence of individuals in leaving ashes about their premises, in cellars and basements, in barrels, wooden and paste board boxes. And a further disregard as to having wooden buildings in the center of brick Is Now Strong and Healthy-Vi-
