New Bern Citizens Cannot Doubt It.

Donn's Kidney Pills were used—they cured.

The story was told to New Bern residents.

Time has strengthened the evidence. Has proven the cure permanent. The testimony is home testimony. The proof is convincing. It can be investigated by New Bern residents.

R. A. Henderson, 156 George St., New Bern, N. C., says: "Donn's Kidney Pills are a very valuable remedy, and I can say that they did me more good than any other kidney medicine I ever took. I suffered from a dull pain across my loins and this was accompanied by an extreme lameness in my back. I also had inflammation of the bladder and the passages of the kidney were clogged. Donn's Kidney Pills, which I procured from the Bradburn Drug Co., removed all lameness and pain and improved my condition in every way." (Statement given on January 25, 1908)

Water and Electricity.

Since the general introduction of electricity into the cities it has been known that it was possible to secure a very considerable shock through a stream of water, and streamers in all large cities are on the lookout for this. Wires which look as if they might conduct heavy currents are cut before a stream of water is thrown in their direction. Recently in the construction of an electric railway in South Africa it was noticed that a column of steam from a locomotive could be the means of conveying the current, and several workmen were shocked in this manner.

For Women Who Care

Of course you use an antiseptic in your family and in the care of your own person, and you want the best.

Instead of what you have been using such as liquid or tablet antiseptics or peroxide, won't you please try Paxtine, a concentrated antiseptic powder to be dissolved in water as needed.

Paxtine is more economical, more cleansing, more germicidal, more healing than anything you ever used.

Paxtine
ANTISEPTIC

In the toilet—to cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep nasal cavities and bridge of nose clean and odorless. To remove nicotine from the teeth and purify the breath after eating. To eradicate perspiration odors by sponge bathing.

As a medicinal agent for local treatment of sore throat, tonsillitis, catarrh, inflammation and ulceration of throat, nothing equals the disinfectant action of Paxtine in such cases.

For ten years the Lydia E. Pinkham Med. Co. has been regularly manufacturing Paxtine. It is made in the United States. It is sold in packages of 100 and 500 tablets. It is sold in all drug stores.

Yankee.

The Indians in Massachusetts had trouble not only with the English, but in pronouncing their very name. They called it Yankess. Since the red men gave the white inhabitants that name it was natural that the colonies in other parts of the country should do the same. Such was the origin of the term "Yankee," as applied originally to the people of Boston, says a writer.

A COLD, GRIPPE, THEN PNEUMONIA
