FOLKS PAST FIFTY MUST USE CASCARETS

What Glasses Are to Weak Eyes, Cascarets Are to Weak Bowels. A 10-Cent Box Will Truly Amaze You. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One night as well, refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.
