The fences have come down or been repaired and painted. Trees and plants are set out and the summer will bear witness in extra shade and more flowers for passersby to enjoy. Even along the streets in in a hole I have to pull you through." front of some homes, the property owners have set out plants. The shore line on East Front has become sightly, where before it was unsightly. All this greatly contributes to a city beautiful, it is the beginning that points to great-

er improvements.

In one thing there is a need for co-operative action, a part for each and every citizen to be active in, and this in the matter of trash on the sidewalks and streets. Particularly is this to be seen in the business section. It is a question, the really effective result from put ting out trash in boxes on the sidewalk to be carried away by the citwo things took place, first, if the boxes or receptacles were covered State of Ohio, City of Toledo, second, if their exposure was a matter of only an hour or two. At present trash, specially paper is empties a box before the cart ar rives. The worst corner in the city is at the post office for paper, and this is due entirely to personal carelessness. Watch men and boys coming out of the post office, and see how they tear off wrappers from mail and throw them down. There is no need for a single piece of paper to be thus cast on the walk, street, or even into the church yard. It is all contributary to the other trash that more or less fills the gutters and stops the drains when it rains. Here is a Send for testimonials free. co-operative work for storekeepers, to be extra careful of their trash receptacles and for every man and boy to carry away not throw his mail wrappers on the street, or paper of any kind. Those boys prevent them leaving an unsightly bank robbers.
