NEW BERN, N. C.

### INDUCEMENT TO SAVERS.

ONE would think that no inducement would be required to get people to save money. But experience shows that the majority of people do not save unless they are convinced of some good reason for doing so. The chief inducement that this bank offers for people to save money and deposit their money with this bank is the fair rate of interest which it pays, thereby adding regularly to the original deposits and helping the prudent man or woman who has an account with this bank to accumulate a substantial fund.

DEPOSITS ACCEPTED BY MAIL.

## UNDERWOOD WILL CARRY NEW YORK

### Says Senator Bankhead, Empire State Needed For Democracy To Win.

Senator J. H. Bankhead, of Alabama, enroute to Washington, after a short stay in Florida and Alabama, in which latter state he attended the convention which unanimously instructed its delegation to Baltimore to vote for Oscar W. Underwood first, last and all the time.

Senator Bankhead in an interview in Atlantic Constitution gives assurance that New York, Connecticut, Rhode Island and other eastern states, as well as Virginia, South Carolina, Maryland, Georgia, Florida, Alabama, Mississippi, Tennessee and other states will be for Underwood.

"I am on my way back to Washington after spending a day or two in Florida and Alabama. I attended the Alabama democratic state convention yesterday, at which the state's delegates were instructed to vote for Mr. Underwood in the convention until a nomination was made. I read a dispatch in The Atlanta Journal this afternoon, purporting to be from Montgomery, in which it was stated that, in the event Mr. Underwood withdrew in the convention, the Alabama delegation would vote for Mr. Wilson. There isn't a syllable of truth in this dispatch, and if Mr. Wilson is depending on Mr. Underwood's withdrawing to get the nomination, he's in a bad way. The dispatch also stated that about thirty members of the delegation are for Woodrow Wilson. Mr. Wilson's name was not mentioned at the convention, as far as I know, and I do not know of a single member of the delegation who is favorable to the New Jersey governor. This report is kith and kin of the kind that have been appearing from time to time about Mr. Underwood.

"I found Florida in fine shape, and there is no question about Mr. Underwood's carrying it by a large majority. I was in Pensacola Monday night when an Underwood Club was formed, and, notwithstanding it was pouring in torrents, we started an Underwood Club with more than one thousand members. I am very much gratified, in fact, and over the reports we are receiving from the different states, north and south. We have every assurance that Rhode Island, Mississippi, Florida, Georgia, North and South Carolina, Virginia and Tennessee will go for Underwood in the first ballot; Alabama has already instructed her delegation to do so; the Connecticut delegation will vote for Governor Baldwin on the first one or two ballots, perhaps, but it is quite certain that after that they will vote for Underwood, as the sentiment in Connecticut is strong for him. Prospects are bright in Maryland also. The presidential primary will be held next month in that state. Mr. Underwood has developed wonderful strength in that state, the conservative, thoughtful people of Baltimore being strongly for him and the country outside of Baltimore enthusiastic. Mr. Underwood's strength in the east has been surprising all who investigated the matter.

"The State of New York has selected a strong delegation, composed of some of its best citizens and they are instructed. Doubtless on the first ballot they will vote for some New York man. When the balloting at Baltimore has demonstrated the strength of the different candidates, and when the qualities and fitness of Mr. Underwood are compared with other candidates, there can be no question that the great state of New York at the proper time will swing its delegation for him, and when that is done we have every assurance that a large number of other states will follow, and Mr. Underwood will be nominated.

## PERSONAL ATTACK ON ROOSEVELT

### Representative Campbell Battles the Dry Bones of That Tennessee Coal Company Affair.

Washington, April 23.—In the House yesterday representative Philip H. Campbell, of Kansas, republican, made a personal attack upon Col. Roosevelt. He declared that the latter had been flaying him (Campbell) before the American public; that he had likened Colonel Roosevelt's call of judicial decision to "an appeal to the bleachers from the decision of the umpire."

Colonel Roosevelt has been holding himself up to the people as the paragon of political virtue," said Mr. Campbell. He has assailed every man who ventured to disagree with him on any question. He brands every man as an infamous scoundrel whom he cannot lash into agreeing with him.

"I have been told that I was taking my political life in my own hands this morning in assuming to take the Colonel on after he had viciously attacked me in my own state. If I did not do so I would despise myself; my political friends would despise me and my political foes would despise me."

Mr. Campbell demanded of Colonel Roosevelt to know whether or not the latter had sent a note to the Department of Justice asking that the steppower prosecution of the Harvester Trust be suspended; and whether or not he had "in the night time, in private conference with the heads of the T. C. & I. Co. agreed that they should be united into one corporation."

"Why all this fury?" asked Mr. Campbell, referring to Col. Roosevelt's address. "Why is this receptive card date for the presidency for a 3d term nomination fanning the passions of the people into a fury throughout the length and breadth of the land; what is wrong? What has happened in the last 4 years? Only one thing—the Colonel is not President of the United States."

Mr. Campbell said that four years ago Mr. Roosevelt had convinced the country that Mr. Taft was the best fitted man for the presidency and he added that President Taft had "verified the promises made for him by Colonel Roosevelt."

"Has it offended the Colonel that so one of his particular friends had been haled into court by the order of the President?" he said.

"Did it offend the Colonel that a suit was instituted against the Steel Corporation and the Harvester Trust?"

"What is the trouble? It is ambition, thirst for power by the greatest politician since Julius Caesar, Colonel Roosevelt has all the ambitions of Caesar, of Cromwell, and of Napoleon, without the statesmanship ability of any one of them.

"He tyrannizes over every body today who does not agree with him. He would wipe any man off the political map who disagrees with him. Because I presumed 'without mentioning his name to disagree with the astounding proposition that he made he has not ceased in assailing me for three or four weeks."

## COLLISION OFF CAPE HATTERAS

### Steamers Cretan and Iroquois, Bump Noses But Neither One Is Badly Damaged.

Norfolk, April 23.—The steamship Cretan, of the Merchants and Miners Steamship Company, bound from New York to Charleston, S. C., were in collision off Cape Hatteras Sunday night.

The Cretan according to information reaching Norfolk today over the United States Weather Bureau's Seacoast Telegraph wires via Cape Henry was damaged above the water line, but was in no immediate danger. The Morgan liner City of Montgomery was standing by.

The information reaching Norfolk was meagre, details of the accident being lacking other than the fact that the collision occurred during thick weather while the Cretan was proceeding north and the Iroquois south. No fatalities are reported.

Both the Cretan and Iroquois carried freight and passengers.

Baltimore, April 23.—Wireless advices to the Merchants and Miners Line office here are to the effect that neither the Cretan nor the Iroquois, which were in collision early Monday were seriously damaged.

The Cretan was not leaking and is proceeding to Baltimore unassisted, having notified the steamer City of Montgomery, which stood by for a time, that no aid was required.

Charleston, S. C., April 22.—The wireless station here was speaking this morning with the Clyde Line steamer Iroquois but no details of the collision with the Cretan was given. The Iroquois reported herself all right.
