

NEW BERN BANKING AND TRUST COMPANY
NEW BERN, N. C.

RESPONSIBILITY AND EXPERIENCE.

NO one man can have as large an experience in caring for an estate as the combined experience of the officers of a trust company like the New Bern Banking and Trust Company. Even if he were able and willing to assume the responsibility, the experience of the ordinary man of affairs would fall short of the high standard set by thoroughly organized trust company. We cordially invite persons who are considering placing their property in the hands of a trustee, or those who contemplate making Wills, to call at our offices and confer with us.

THE FAIR SECRETARY TALKS

Has Just Returned From a Visit to Several Northern Fairs and is Very Enthusiastic Over Local Fair.

Mr. J. Leon Williams, secretary of the Craven County Fair Association Company, has recently returned from a visit to several Fair Associations in northern cities and also in this State where he went to investigate the conditions and secure blue prints and photographs of the grounds and buildings. While away he visited Great Brookton Fair at Brockton, Mass., the Tri-S State Fair at Trenton, N. J., the Allentown Fair at Allentown, Pa., the Virginia State Fair at Richmond, Va., the brickenburg Fair at Charlotte and the State Fair at Raleigh.

At each of these places Secretary Williams conferred with the secretaries and secured detailed information in regards to the plans upon which they were conducted. In each case these fairs are making money, and there is not the least reason why the Craven County Fair cannot do the same thing.

At the next meeting of the Executive Committee Secretary Williams will lay his plans, blue prints and photographs of the buildings and grounds visited by him before the committee on which they will be decided. Just as soon as the location is decided upon work will be started on the exhibit buildings, grandstand, half mile race track, stock sheds and stables. At present there is every indication that Craven county's Fair will open next fall.

Improvement in Ashley Horne's Condition.

Greensboro, N. C., May 8.—Colonel Ashley Horne showed a marked improvement in condition and members of the family who have arrived from Clayton expressed the hope that his improvement within a few days, would be sufficient to allow his removal to his Clayton home. Mrs. Horne arrived early this morning coming from Clayton to Raleigh by automobile. She stated that Col. Horne had been in poor health for several months, and that the family was apprehensive and discussed the wisdom of allowing him to undertake the Macon trip. Dr. Charles Robe on gave out the statement that "Col. Horne is greatly improved, and certainly out of immediate danger."

GERMAN FLEET TO AMERICA

Will Return Call Made By Our Fleet Last Year.

Washington, May 8.—The itinerary of the German fleet, which is coming to return the call made by the American fleet to Germany last year, and the program provided for the reception of the fleet officers, was announced at the Navy Department today.

The flagship Moltke and the cruisers Smetan, and Bremen, under the command of Rear-Admiral Reuben Pasewitz, will sail from Kiel May 11, arrive at punta del Gadsco May 17, leave that port May 23 and arrive off Cape Henry May 30. They will remain off the cape until June 3, when they will enter Hampton Roads, to remain until June 8. The fleet is due at New York June 9, and will leave that city June 13 on the return voyage, arriving at Kiel June 27.

In Hampton Roads the German fleet will be met and entertained by the Atlantic fleet. The German admiral with his officers will come to Washington June 5 and be guests of the Navy Department three days. They will meet President Taft and dine with him at the White House, June 6. The guests will visit the Naval Academy at Annapolis and take luncheon, returning to Washington that evening to dine with Secretary Meyer.

The next day the party will visit Mount Vernon, taking luncheon on board the President's yacht, Mayflower, and start on the return trip to Hampton Roads that evening.

A complete division of the Atlantic fleet will serve as an escort to the German fleet during its stay in American waters, and an officer will serve as an aide for Admiral Reuben Pasewitz. Although not definitely fixed, it is planned that President Taft shall visit the German fleet in person, leaving Washington on the evening of June 2 and arriving in Hampton Roads the following day.

All Soldiers Must Swim.

Washington, May 8.—Partly as a result of lessons gained from the Titanic disaster, all branches of the military service have decided to go in more strongly for swimming.

Instructions are being issued by the War Department for regular swimming lessons to be given to all recruits. Swimming has been required of all enlisted men of the navy and Marine Corps, but hereafter the regulations of drills and exercises will provide for regular swimming by every officer and man at sea.

While soldiers have no duty at sea, it has been decided as desirable that they should be drilled in swimming at intervals.

OUR BENEVOLENT GOVERNMENT

Will Coin Fractional Currency To Help Out Living Costs, For Which Its Trust Robbed Citizens Are Expected To Be Thankful.

Washington, May 8.—The House passed the Bulky bill, providing for the coinage of one-half cent pieces and three-cent pieces. The bill provides that they shall be coined of 75 per cent copper and 25 per cent of nickel.

All new one-cent pieces are to be made a trifle smaller than the present penny. Hereafter they are to be made from the same specifications proposed for the half-pennies and three-cent pieces. At present the one-cent pieces contain 90 per cent of copper and 10 per cent of nickel. The change in the proportions of copper and nickel will cause the reduction in size.

The one-half cent piece provided for in the House bill has aroused curiosity regarding its use.

A few instances cited by its adherents are:

Some kinds of meats are listed at 12 1/2 cents a pound, but if one takes one pound one pays 13 cents.

In other lines—dry goods (by the yard), groceries (by the pound) or green groceries (by the measure)—the price often is 12 1/2 cents or "two for a quarter."

If one does not wish two for a quarter, having no need for the two, whether they be pounds, pints or other measurements, the customer pays the additional half cent. With the half cent piece the purchaser would be able to meet the exact price asked.

The Reaper Hovers Over Kinston.

Kinston, May 8.—An epidemic of violent acts during the past 48 hours in this city and vicinity has startled the community.

Frank Vause, a well known farmer, who lived several miles from Kinston, was found drowned late in the evening in South West Creek, and the body found several hours later by a searching party.

Incensed at a wife because she would not sign a deed to property which he wanted to sell, Frank Evans, a negro, cut his wife's throat and the side of her face, spitting an ear with a pocket knife. The timely arrival of a physician kept the woman from bleeding to death, and she may recover.

Ed. Eason, a white man, was found dead in a road near LaGrange, his neck broken, and a team which he had been driving standing near. Mystery surrounds the death, and foul play is hinted at.

Arthur Hill, a negro boy of Lincoln City, a suburb of Kinston, and another boy were poisoned by paris green. Hill died, but an antidote saved the life of his companion. He had been warned of the poison, but considered the admonition as only an attempt to frighten them.

Made From Grapes.

Of all the fruits that grow to give sustenance and nourishment to mankind, the grape is the most famous. A favorite subject of the poet, this healthful, luscious fruit has from the beginning of time been celebrated in song and story. Therefore it is a pleasure to know that to the grape we are indebted for some of the finest foods that go to our table, for from the grape is derived Royal Grape Cream of Tartar, the chief ingredient and active principle of the world renowned Royal Baking Powder.

While the connection between baking powder and grapes may seem remote, it is evident to those who know that cream of tartar exists in all ripe grapes, from which it is directly produced in the following manner:

Flowing with the juice of the grape from the press, the cream of tartar gradually separates therefrom and settles upon and adheres to the sides of the casks. It is subsequently collected, boiled, and purified with water. Crystals of cream of tartar, white and very pure, are produced especially refined, and ground into an impalpable powder. This forms the Royal Grape Cream of Tartar from which Royal Baking Powder is made. The exclusive employment of this pure fruit acid has aided in rendering Royal unique in the baking powder world, adding, as it does, the delicious flavor and wholesome properties which are characteristic of all food made with it.
