NOW FOR THE COFFEE TRUST

Wickersham Files Petition in Equity Asking That Valorization Schemes be Declared in Violation of the Sherman Act.

New York, May 20.—Attorney-General Wickersham last Saturday moved against the so-called coffee trust, or Brazilian valorization scheme. In a petition in equity filed in the United States Court here the valorization plan is declared to be a violation of the Sherman anti-trust law. The court is asked to decree the scheme unlawful, to enjoin the valorization committee from withholding coffee from the market and to appoint a receiver to sell the 95,000 bags, valued at \$10,000,000 now alleged to have been in warehouses of the dock company. The government also applied for the temporary injunction restraining the valorization committee from removing or disposing of coffee held in America pending the termination of the issue. The members of the valorization committee have agreed and conspired among themselves, the government charges, to withhold from the market large quantities of coffee under control for the purpose of raising the price to an unnatural and unreasonable extent. They thus have attempted, it is declared, to restrain the coffee trade throughout the world, including interstate and foreign commerce of the United States, and to "injure and defraud the public for their own enrichment."

The defendants come within the scope of the Sherman law, it is declared, because their purpose was to reduce the world's supply of coffee, restrain its exportation from Brazil to foreign countries, including the United States, which receives 80 per cent of the Brazilian crop. As the United States consumes 40 per cent of all the coffee sold in the world the petition declares that every act which prevents its importation in normal quantities or increased prices is a direct restraint upon foreign and interstate trade.

Tonight there will be another prize offered to the ladies and gentlemen also, all you have to do, is to drop your name in the box as you enter the Bazaar at the soft drink booth to the right. This does not cost you anything, just a visit to enter your name.

Steamer Santona Sailed.

New Orleans, La., May 20.—The Monte Line steamship Santona was seized in the harbor last night by the United States revenue cutter Davey, charged with violating the terms of President Taft's proclamation of March 17, prohibiting the shipment of arms and ammunition to Mexico.

The Santona which had cleared and sailed for Progreso, Mexico, had on board 110,000 pounds of rifle ammunition and in cases of carbines.

Agents of the steamship company produced copies of the counter bills of lading showing that the war ammunition aboard the Santona were consigned to the Governor of the State of Campeche, Mexico. The ship's manifest filed at the customs house had no more list of these war munitions.

CHARGED WITH MISUSING FRANKS

Nelson Asks That House Investigate Sending Out of Matter Attacking Witnesses of Meat Inspection.

Washington, May 20.—Charging that the Department of Agriculture is daily circulating under a frank shelter attacking witnesses who have testified in the preliminary hearings on the meat inspection service before the House committee on expenditures in the Department of Agriculture. Representative Nelson of Wisconsin, Saturday introduced a resolution which was referred by a special committee of five members of the House to investigate by what authority the Department of Agriculture circulated "slandering matter" under frank shelter. Mr. Nelson is the author of the resolution for a full investigation of the meat inspection service.

Representative Howard Jackson, chairman of the House committee on expenditures in the Agricultural Department, surprised that committee today by offering a resolution which would have a similar effect. Jackson, who is usually so friendly, was quite in investigating the packing houses. Representative Nelson asked that Dr. J. F. Harrison of Prosser, Ga., one of the best authorities on the subject be invited to testify on the subject.

POPULAR YOUNG LADY KILLED

Miss Lida Davis Thrown From Carriage When Horse Makes Dash For Freedom And Dies Few Hours Later.

Late yesterday afternoon a horse belonging to Mr. W. C. Willett and which was hitched to a trap in which were Misses Bertha Willett, Lida Davis, Lela Land and Violet Folke, became frightened at some trivial object and made a wild dash down Craven street. The young ladies screamed for assistance but owing to the fact that the thundering hoof beats of the frightened animal drowned the full import of their cries no one came to their aid.

Just after crossing South Front street Miss Davis, who is the daughter of Capt. W. H. Davis, No. 124 Broad street rose and prepared to jump from the vehicle. Although highly excited her companions tried to restrain her but without avail. She leaped from the awaying vehicle but miscalculated the distance and struck the pavement with frightful force.

The other young ladies remained in the vehicle until the frightened animal turned into a telephone pole a few feet further on. A number of persons rushed to their assistance and succeeded in removing them from the vehicle before either was injured.

Miss Davis was placed in an automobile and rushed to a physician's office where an examination of her injuries was made. It was found that the skull was fractured at the base of her brain and that she was perhaps injured internally. Later she was taken to Stewart's sanatorium where all possible aid was rendered her, but she died shortly after 9 o'clock.

Miss Davis had a host of friends in the city and the news of the accident cast a pall of gloom over the entire city. But for the fact that the unfortunate victim attempted to jump from the vehicle there is not the least doubt but that she would have escaped unhurt as did the other young ladies.
