## ALLEN WILL FORFEIT BOND

Five Thousand Dollars Will Be Forfeited by Outlaws at Greensboro.

Greensboro, N. C., May 28.—The trial of the Allen gang of outlaws—at least a portion of the all-god court-house murderers captured—reveals as a fact that S. D. Allen, the alleged leader of the band and who, with his nephew, Wesley Edwards, is still at large, is due to appear before Judge Boyd in United States District Court here the first week in June. Naturally Sidna won't appear, and as a result a bond in the sum of \$5,000 was required by Judge Boyd after Sidna Allen's conviction here on a counterfeit charge. An appeal was taken to the United States Circuit Court of Appeals at Richmond and a new trial granted. The bond of \$5,000 was required for the defendant's appearance at the next term of court. It is not at all improbable that when the \$5,000 bond is forfeited and paid in to the government it will be applied to a purpose other than customary. In fact, it is understood that an effort will be made to have the bond apply at once as a reward for the capture of the man for whose appearance the bond was made. It is said that Judge Boyd would likely favor such a plan and it is believed that with the added incentive of \$5,000 the capture of Sidna Allen would be simple matter of time; that with such a price on his head there would be no final escape for the ring leader and his cutaway nephew.

## MANY ARE IN GREAT DISTRESS

Flood Refugees In LaSalle Parish Face Hard Times.

New Orleans, May 28.—Stories of dire distress among 1,400 flood refugees in the vicinity of Jena, La., in LaSalle parish, were received here yesterday by Dr. Oscar Dawling, president of the Louisiana State Board of Health, in a letter from Dr. Mayer Newerhauser, special inspector of the board, who is in charge of the medical and sanitary work among the refugees in the Black River section. Dr. Newerhauser said he had just completed a trip of 25 miles up Black River and that some 1,400 refugees were clamoring for food and are in need of medicines. Dr. Newerhauser states that each redoubt in the swamps within a radius of miles of Jena there were 850 negroes and 150 white people, among whom 120 tents had been distributed. No rations had been issued to these people within 11 days, the doctor reported and only 500 half rations were issued. Some rations were expected to arrive from Monroe Tuesday. There was not even a sack of meal in Jena when Dr. Newerhauser wrote his report. The letter was referred to the Flood Relief committee by the State health authorities and supplies dealt out immediately. Grave waters in that section are falling at the rate of two inches a day and in the Torras crevasse section the water is receding slowly, but there are more than 6,000 square miles of territory in Louisiana in which the people will be kept from their homes for another two weeks and half of this will not be inhabitable for three weeks or a month. Conditions in the section which is being rapidly overflowed by the Hymelia crevasse are growing worse each day as the waters rise many more people are being forced to abandon their homes. The Mississippi river, however, is receding rapidly and within two weeks the Hymelia crevasse waters will begin to run off the inundated areas.

## FOR PARCEL POST BILL

Unqualified Approval Given it By Postmaster Geuer at Hitchcock.

Washington, May 28th.—Unqualified approval of the Bourne Parcel Post bill was given by Postmaster General Hitchcock in a report upon the measure sent to the Senate Post Office Committee and made public yesterday. The consolidation of the 3rd and 4th classes of mail matter would greatly facilitate the administration of mail matter, the Postmaster General said. The delivery of parcels to the limit of 11 pounds on all rural routes and within the delivery limits of free carrier offices was likewise approved as economical and convenient to the public. The establishments of units of area of inviolable dimensions on the basis of latitude and longitude, and various changes for the several zones was referred to as certain to lessen the cost of transportation, to stimulate the general trade in small wares, increase postal revenues and pave the way for other postal reforms. "In my judgment," concluded the Postmaster General, "the proposed measure will benefit all classes of the people except those carriers now engaged in the business of transporting small wares. While the patronage of these will be lessened, it will have the effect to limit their business of such carriers." Neither the House nor Senate has acted on the bill.

## BABY PROTECTOR

COMFORT AND REST FOR THE BABY, PEACE FOR THE MOTHER.

### "WESTBROOK" BABY PROTECTOR

will bring joy, rest and a sense of safety to thousands of mothers this summer. It is no easy task to sit through the weary hours a baby requires for sleep and brush the flies away! It isn't quite so simple, either, to cover it from head to foot, depriving it of the full benefit of fresh air.

THE WESTBROOK BABY PROTECTOR is a patented article, which solves the problem.

### ITS MANY USES

The uses of the Protector are many. It serves its purpose equally well whether the baby rests on a bed, on a couch, on a blanket or a quilt on the floor, in the open air or in the porch, under the shade trees, or in summer house.

When baby is taken on an outing the folded Protector is easily carried, and is instantly ready to use when baby has gone to slumber and peacefully rests on a soft, thick blanket.

### AN APPEAL TO REASON.

We believe the WESTBROOK BABY PROTECTOR supplies a long-felt need. We believe that loving, thoughtful mothers everywhere, having read this ad., will realize the absolute need of a really protecting their babies from the often fatal touch of the dangerous house fly and other insect pests.

Remember, that a though your house may be thoroughly reeneed, the single fly that sneaks in and lights on the tender, moist lips of your baby may have come directly from a sick room, may be laden with Cholera Infection, the single germs of Typhoid Fever, Diphtheria or Tuberculosis. Take no chances. Do not expose your baby to needless danger.

PRICE \$2.25 AND \$3.00.

### Price of Coffee Has Increased.

Washington, May 28.—The average price of coffee imported into the United States has greatly increased in the last few years. A statement issued by the Commercial and Labor Department's Bureau of Statistics show that during the fiscal year the average import price has been 13 cents a pound, as against 11 cents in 1910, 8 cents in 1910, and 13 cents in 1908. Present import prices are still, however, below the high level which prevailed in the period from 1899 to 1896, when the average import price ranged from 14 cents to 15 cents.

### Autos Valued At \$30,000 Destroyed

Cleveland, O., May 28.—Over \$175,000 loss by fire was suffered by four concerns occupying a two-story building on Euclid avenue, near East 19th street yesterday. The flames originated from defective wiring in the garage of the Jackson Motor Company. Automobiles worth \$30,000 were destroyed. Other losses were: The Firestone Tire Company, \$75,000; Continental Jewelry Company, \$25,000; Anthony Carlin, owner of the building \$40,000. It is expected that \$65,000 in jewelry stock belonging to the Continental Company will be recovered from the safe.

### Army Bill Was Reported Back.

Washington, D. C. May 28.—The Army appropriation bill was reported back to the Senate and House by the conferees yesterday with an anti-administration amendment, which would require Major General Wood out of office as Chief of Staff and leave the position and distribution of military posts to a Commission of retired Army officers and two members each of the Senate and House Military Affairs Committee. The report was not acted upon in either house today. Sharp conflict over the amendment is anticipated.

### Victory Won By State Pilots.

Washington, May 28.—State pilots won a victory over the steamship companies in the United States Supreme Court deciding yesterday that coastwise sailing steam vessels, under register and with a Federal pilot aboard, are not subject to liability for State pilotage fees upon entering or leaving ports.

The "Foote" Leaves For Charleston.

The torpedo boat "Foote" left yesterday morning for the Charleston, S. C., navy yard where she will undergo extensive repairs and improvements. It is understood that the boat will not be returned to this port on account of the fact that since the Board of Admiralty off the appropriation of \$30,000 per month the Naval Reserves have not been able to maintain their share of the expense. This is indeed to be regretted. It means a loss to the business men of the city and also a loss in many other ways. Since January 1st, 1912, \$1,200 have been spent with local coal dealers for fuel; \$200 have been spent for groceries and \$300.00 have been spent by the members of the crew for clothing and other incidental expenses. Here \$1,500.00 spent within five months with local mercantile firms, within a year the amount would run double as high as \$3,000.00. With the loss at some other port this will be lost to New Bern merchants. The city was only called on to pay \$200.00 a year toward the cost and it was found that it would be unwise to do so. It is indeed a case of "any man who would foot the bill" and some effort should be made to have the "Foote" brought back to the port and permanently stationed here.

### Cuban President is Against Intervention by United States.

Havana, May 28.—President Gomez has sent a telegram to President Taft in which he protests in friendly but firm terms, against intervention by the United States. "It is my duty to say that so serious a resolution hurts the feelings of a people who love and are jealous of their independence," he says after reciting that he had received from United States Minister Beaupre a note informing him that the Washington government had ordered a gunboat sent to Nipe Bay and a strong naval concentration at Key West in anticipation of possible eventualities, and also in event that the Cuban government was made unable to protect American property it was the intention to land forces for that purpose.

Closing Exercises Salem Female College.

### Special to Journal.

Winston-Salem, May 28.—The 110th annual commencement exercises of Salem Female College closed today, one of the features being the literary address by Hon. W. T. Bickett, Attorney General of North Carolina, who spoke for his subject "The Woman Beautiful." He praised highly the department of Domestic Science in Salem College. He urged upon the importance of simple diet, and daily exercise in the development of a wholesome attractive womanhood. Bishop Roodbaier, president of the board of trustees, presented diplomas to 28 seniors in the College Department, one graduate in place, one in bookkeeping, one in expression, two in china painting and two in domestic science. Several certificates were also awarded in Junior and Senior English, expression, penmanship, etc. An interesting convocation was held in the afternoon and the day and evening exercises were a success.
