GETTING READY FOR ATTACK

Government Makes Every Effort to Protect American Property at Daiquiri.

Havana, June 3.—Government troops have now been for several days in touch with the rebel bands in Oriente. Skirmishing has been constant but without important results. The report from Santiago of severe fighting near Palma Soriego proves erroneous. The dispatch describing the bombardment by mountain guns of a rebel encampment, in which 127 men and 18 women were said to be killed, now appears to have referred to an engagement near the same place on Thursday, of which only confused accounts have been received. General Montesgado, the Cuban commander-in-chief, remains at Santiago, but expects to go to the front at an early date, as he has completed arrangements for the distribution of his troops in flying columns to permit of the most rapid movements. The government apparently is making every effort to protect American property, especially the mines at Daiquiri, to which point strong forces have been dispatched to repulse the rebels in that vicinity, who are numerous and threatening.

There is no confirmation of a report which reached here yesterday morning of the capture of two Americans, viz: Wheeler and Callister, near Daiquiri. It was further said that they were being held by the insurgents for ransom. The new cruiser Patria with 600 volunteers under Colonel Piedra sailed for Santiago yesterday afternoon. President Gomez went aboard the Patria and made a patriotic address, which the volunteers cheered lustily. It is probable that these troops will be utilized to guard foreign property, leaving the regulars free for active offensive operations.

Endorse Mr. Ewell for Registrar of Deeds

To the Democratic voters of Craven county, I wish in behalf of the candidacy of Mr. S. E. Ewell for the office of Registrar of Deeds of Craven county to say there is no better man in the county and that he is fully qualified to fill the office. I wish to say further that I have known Mr. Ewell for 30 years and for truth, honesty and integrity the highest above him. Mr. Ewell will if elected, fill the office to the satisfaction of the people and be polite and courteous to all. I also know he has rendered good service to the party and well deserves the honor and support he now asks of the people.

Now I don't say Mr. Fowler our present Registrar of Deeds is not fully competent. He has made a very good officer and has filled the office to the entire satisfaction of all, but I believe in taking a turn and turn about. Mr. Fowler has had the office two terms, although Mr. Fowler thought one term was enough for Mr. Lane, who was denied his second term. I have been a voter for thirty-one years and to my knowledge the county has never elected the man of the office of the county. It has always appeared to me that Mr. Lane would be elected at the present time, and I believe it will be so.

Annual Meeting of Confederate Veterans.

The annual meeting of the New Bern Camp of Confederate Veterans was held in this city yesterday and was largely attended.

The Veterans first assembled at Wolfenden's hall on South Front street, where a number of speeches and short talks were made by the members of the Camp. Later they repaired to Redmond's wharf at the foot of Craven St. where a sumptuous dinner was served them by the Daughters of the Confederacy.

This annual meeting of the Veterans is always a source of much pleasure to them and it is always well attended.

Dippy Dope.

Can an ear of corn stand alone in the pale moonlight? No, but a tomato can. Gentlemen be seated. Mr. Ham-finger will now render that pathetic little ballad entitled "If the Turkish Tassel Did the Bunny Hug. Would the Wash Rag?" Dippy? Well, yes, but listen. Tomorrow night at the Masonic theatre the Elks are going to spring one of the greatest surprises on the New Bern public that has been perpetrated since Baron DeGraffenried made his last public speech in the post office corridor. Are you going to be there? Well, it's a safe bet that you will. Call up any member of the Lodge at the club rooms and have your tickets reserved right away.

FOR RENT.

Cotton Bill Reintroduced.

Washington, June 3.—Representative Underwood, with the direction of the Democratic members of the Ways and Means Committee yesterday reintroduced the cotton tariff revision bill which was passed by the House and Senate at the extra session of Congress and vetoed by President Taft.

The Democrats claim the bill would reduce the average ad valorem cotton duties to 27.06 per cent, as against an ad valorem of 47.15 per cent. in 1911, and 47.12 in 1910. The Ways and Means Committee will report the bill favorably to the House early next week.

CAPT. FERRABEE'S SON INJURED

Was Thrown From Rigger's Car in Shipping Yard at Raleigh and Lost Arm.

Raleigh, June 3.—The son of Capt. Ferrabee, a well known member of the Raleigh community, was injured in a shipping yard at Raleigh and lost an arm. The accident occurred while the young man was engaged in the work of unloading a rigger's car. He was thrown from the car and sustained a fracture of the arm.

CLAUDE ALLEN GETS FIFTEEN

Years in the Penitentiary, Jury Returns Second Degree Verdict.

Wytheville, Va., June 3.—After deliberating two hours and a half the jury in the case of Claude Swanson Allen Saturday afternoon found the young man guilty of murder in the second degree for the killing of Judge Thornton L. Measie, and recommended that his punishment be fixed at fifteen years in the State Penitentiary at Richmond. Sentence was suspended in order that the prisoner may testify in the other cases growing out of the shooting up of Carroll county court on March 14th last when the five pawns met their death at the hands of the Allen clan.

The verdict rendered does not mean that Claude Allen has escaped the electric chair. Four other indictments against him are pending, on any one of which it is possible that he be found guilty of first degree murder, and the prosecution, taking advantage of this fact, sprung a surprise on the defense when it announced that it would next go into the trial of Claude Allen for the murder of Sheriff Lewis Webb. The defense raised objection to this, and the objection will be argued and passed upon when court reconvenes July 1st.

Judge Staples gave instructions for the summoning of a venire to report on July 2, and remarked that he did not believe a jury could be secured from Wythe county. The prosecution immediately made a move that a venire be summoned from another county, the defense objecting. After witnesses had been examined as to the probability of another jury being secured in Wythe, the court ordered a venire of one hundred to be summoned from Washington county.

The case just ended was given to the jury at 2.30 and the first ballot taken stood nine for second degree murder, two for first degree and one for manslaughter. The second ballot was unanimous.

Just before adjournment Judge Staples ordered that the prisoners be taken to the Roanoke jail pending the reconvening of Wythe County Court and five of them left tonight under a guard of detectives. Byrd Morion did not accompany them, being again released under \$1,000 bail.

End Of London Dock Strike Near.

London, June 3.—The end of the transport workers' strike was indicated when the national executive committee of the Transport Workers' advised the strike committee to accept the Government's suggestion and call off the strike. The Government has agreed to establish a national conciliation board and have it immediately pass on all points in dispute if the strike is called off. The strike committee has until Tuesday to accept the offer.

Still After Meat Trust.

Washington, June 3.—Although there have been no changes in the legal aspect of the case of the Department of Justice against the beef trust, following the acquittal of packers on trial at Chicago, Attorney General Wheeler said yesterday his department would in no way oppose the plan that is now under way in the House, of having a congressional investigation.

Wheelerham is known to be of the opinion that there are several phases of the meat trust situation which might properly be judiciously handled by a probe by the legislators. He feels that the result of such an inquiry would be to throw out the question of whether any changes in the anti-trust law could be suggested which would enable the government to deal with the packers in a more effective manner.

It is understood that the department has made no new plans for expediting the proceedings under consideration in Chicago, which are in charge of Federal District Attorney Wilkinson.
