TRUST PROBE LAID ON SHELF

Nothing of Moment to be Done Until After the Presidential Election.

New York, June 7th.—Because the senate had not passed the bill giving the house committee on banking and currency more power to investigate the money trust, chairman Pojo yesterday announced that no testimony would be taken at this time of "until-entirement" on the main branch of inquiry.

Pojo made the announcement at the outset of the hearing, which was begun in the custom-house, with J. Lawrence Laughlin, executive chairman of the National Civic League, as the first witness. Samuel Undermyer appeared as inquirer for the committee, assisted by E. H. Farrar, of New Orleans.

Pojo said that the committee now was without power to enforce its demands and could not compel testimony and it was deemed advisable not to try to take important evidence until all doubt as to the committee's power was settled. He added:

"The committee considers it inadvisable, in any event, to conduct this important and far-reaching inquiry during the heat and excitement of political campaign and has not contemplated any such course."

"Philadelphia" synonym of excellence in Lawn Mowers. They push easier and cut smoother. J. S. Basnight Hdw. Co.

Jumped From Bed.

Buffalo, June 7.—Arthur Hammond, an actor, aged 27, is in the hospital in a delirious condition. He jumped head-first from the foot of the bed to the floor, breaking his neck. His nurse was absent. Hammond is from Goldfield, Nevada.

German Officers Visit Naval Academy.

Annapolis, June 7th.—The Naval Academy's observation of June Week assumed an international aspect with the arrival of officers of the visiting German warships, now at Hampton Roads. The visitors were entertained at luncheon by superintendent Gibbons, and made an inspection of the buildings and grounds. The climax of the week's exercises occurs tomorrow when President Taft will present diplomas to the graduates.

Mrs. Astor's Estate.

New York, June 7.—The estate of Mrs. Caroline W. Astor, widow of William Astor and long the leader of New York society, amounted to but little more than \$100,000, according to the final accounting of surviving executors, filed in the Supreme Court today. Colonel John Jacob Astor was one of the executors.

Notice to Builders.

I have a large stock of all kinds of sawed Shingles on hand. Will sell cheap to make room for a building business; also let in any quantity. Furnished or unfurnished rooms for light housekeeping at No. 101 Craven St. opposite court house, delightful location. See Big Bill, the Reliable Shingle Man. Office 108 1/2 South-Front street. Phone 558.

Senate Steps in Naval Bill Providing for More Fighters.

Washington, June 7.—The Senate committee on naval affairs yesterday decided to report the naval appropriation bill to the Senate tomorrow. It includes the provision for two new battle ships this year, together with other administrative recommendations which the House refused to grant. The bill will carry \$133,000,000, an increase of \$18,000,000 over the current appropriation.

Four Liqueur In Street.

Martinsburg, W. Va., June 7.—Several hundred gallons of beer and whiskey were poured into the public square here by members of the Woman's Christian Temperance Union. The intoxicants, confiscated by county authorities at various times, were sold during the day at public auction by the sheriff. The Woman's Christian Temperance Union secured the lot for \$250 and then dumped it into the street. As the women poured the liquor away considerable blood was shed.

It is announced that E. Davies Wright, of Baltimore, and members had purchased a sufficient block of shares in the N. A. Railway to give them control and that E. Davies will be elected from the block.

AFTER LIGHTS ON CONVENTION

Raleigh's Splendid Hospitality. A Peerless Chairman. Two Personages, Hon. Locke Craig.

Raleigh, June 7.—The State Democratic Convention had a number of notable features. It was a very large gathering, taking the Capital city's accommodations, but the delegates nobly responded and made room for every visitor. The courtesies extended on all sides made the visit most pleasant to the 1,000 or so delegates.

The convention in naming F. D. Winston its presiding officer could not have made a better choice. Mr. Winston in addition to being an able parliamentarian, has a voice for reaching and captivating. He is gifted in "sensing" in advance the spirit of the crowd, and while apparently letting the convention "run wild," really has it under his personal control. He is without a peer as a chairman.

Two striking personages in the convention were Uncle Lou Midget, of Oriental, and Frank Turner, of Raleigh. The former was conspicuously the first among the Underwood sympathizers. In every part of the hall could his towering form and long out-stretched arms be seen. He enjoyed every minute whether the band was playing, or he was shouting "Underwood!" Frank Turner was the human automaton, standing on a chair with hat in hand, his arms would rise and fall, extended towards the chairman; 15 minutes without cessation, during times of heated debate. He never got recognition, but came back, as the commencing the attention of the convention.

The attitude of the Governor from Buncombe, in accepting the gubernatorial nomination so spontaneously tendered him, was peculiarly characteristic of this splendid gentleman and democrat. His innate modesty made him cut short the oration given him as he appeared. With no concealed emotion he thanked his fellow democrats for the great honor, then with his party interests ever at heart, made a great speech on the political situation, outlining what he regarded as the pending issues and how his party should meet them.

Beneath the entire proceedings of the convention, there was felt the irritation and line up as to Simmons and Kitchin, Wilson against the field. There was a threatening eruption on the platform, which was quieted by wise leaders. But there was "fight" below the surface.

PILES! PILES! PILES!

Cotton Worm in S. C.

Rock Hill, S. C., June 7.—The cotton caterpillar, a little worm that made havoc with the cotton plant late last fall, has made its appearance in this county and the farmers are already taking steps to exterminate the pest. The agricultural department at Clemson College has been asked to assist in this work and the farmers will no doubt begin at once to sprinkle arsenical dust on the infested plants. It is unusual for the pest to appear so early and it could devour the entire plant in a short time once the worms begin to accumulate in numbers.

STATE CONVENTION CLOSES

Wilson Is Endorsed For President. Delegates Chosen.

Raleigh, June 7.—The Democratic State Convention which convened in this city yesterday came to a close this morning at 7 o'clock.

After balloting all during the night, nine delegates at large were chosen to the National Democratic Convention to be held at Baltimore, on June 25th. The following are the delegates chosen: E. H. Gann, W. C. Doss, E. J. Jolley, J. B. Carr, A. W. Nelson, W. C. Howard, W. C. Sumner, E. J. Hale and W. Y. Dorch.

Hon. Frank D. Wheeler, former Lieutenant Governor, of North Carolina and E. O. Gardner were chosen as alternate delegates.

ALL AMERICANS WILL BE SAFE

Large Force of Marines Gathering in Waters Adjacent to Cuban Territory.

Washington, June 7th.—With four American battleships steaming toward Guantanamo, the marine force immediately available for protecting American life and property in Cuba, is increased to over 1,500. The battleships Minnesota, Missouri, Mississippi and Ohio of the fourth division of the Atlantic fleet which put out from Key West under the command of Rear Admiral Uhlir, have aboard 800 marines. The ship should arrive at Guantanamo today. The cruiser Prairie which already has landed 450 under command of Colonel Lucas, has 350 more aboard. Four battleships of the third division, still at Key West, have nearly 1,600 marines aboard.

The combined forces on all the ships near Cuba which would only be landed in the most pressing emergency would total the American force available to over 3,500. It is estimated that 1,000 American marines would be the equivalent of five times that number of Cuban regular soldiers. The state department confirms President Gomez's declaration regarding the non-political nature of the American naval movement.

President Gomez informed the United States, through American Minister Beaupre, that he is forming a volunteer guard to protect foreign property and asked that his recent order for Krug-Jorgensen rifles be increased from five to ten thousand, and that two million cartridges accompany them. Gomez urged the United States to make every effort to facilitate the quick delivery of rifles and ammunition.

Loss of sleep caused by mosquitoes can be overcome with one thorough application of our Screens. J. S. Basnight Hdw. Co.

Hotel Engineers Joining the Strike.

New York, June 7.—The strike of 16 engineers, electricians and firemen of the Hotel New Orleans gave a new zest to the waiters' strike yesterday. With the quitting of these men came the threat that this was only the beginning, and that not only would other engineers and firemen and electricians in all the hotels strike, but the walkouts would extend to the big seaside resorts and golf clubs.

Cottonseed Oil Butter Is Cheap.

St. Louis, June 7.—One item in the cost of living will be cut in half at least if members of the Interstate Cottonseed Crushers' Association, which met here for their sixteenth annual convention, can induce citizens to use a new product. C. W. Ashcraft, of Florence, Ala., vice president of the association, announced that a cottonseed oil "butter" which will retail for 18 cents a pound can be produced.

The association, according to J. J. Culbertson of Paris, Texas, will pass a resolution opposing the present tax on oleomargarine. The convention will continue three days and 1,000 delegates are expected to attend.

Lorimer To Quit Is Latest Report.

Washington, D. C., June 7.—It is now considered altogether probable that Senator Lorimer, of Illinois will resign before a vote is taken on the re-trial of his case because of the appeals that are being made to him to save his supporters in the Senate from having to go on record again in his behalf, when it is certain that the result as a whole will be adverse.

The defeat of Senator Gamble for re-nomination in South Dakota where the issue of Lorimerism was the predominant one in the campaign, following the significant results in all of the other cases where the same issue has been a factor, is believed to have settled the matter. Lorimer insisted upon coming to Washington to find out the situation in the Senate for himself, but his case was so convinced him that there is no hope.

It is rumored that Senator Simmons of North Carolina, who is in the midst of a campaign for re-nomination, is one of the senators voting for Lorimer last year who would vote against him now, but Senator Simmons himself refuses to make any statement.
