WILL NOT YIELD TO CUBA'S HINT

Secretary Knox is Determined to Maintain Naval Force on Island Until Order is Restored—Ferrara Awaits an Answer to Note.

Washington, June 17.—Orestes Ferrara, Speaker of the Cuban House of Representatives, is waiting in Washington for an answer to his note to Secretary Knox last Tuesday, calling attention to the feeling of unrest created in Havana by the wide-spread doubt as to the intentions of the United States government toward Cuba and soliciting some sort of declaration on the subject from the Secretary of State.

The statement issued to the press from the State Department was the result of this application, but Senator Ferrara will today receive a note from Secretary Knox expressing in a more formal way the policy of the Washington administration.

The underlying note of the statement was the expression of impatience that it should be regarded as necessary for the State Department to continue to issue its declarations of good faith. Officials point out that on no less than three occasions either President Taft or Secretary Knox has assured the Cuban government that the United States has no intention of intervening in the political affairs of the island unless driven to do so by the failure of the Cuban government to maintain law and order and protect property.

There is much talk in an unofficial way among army officers and State Department people to the effect that it is now the duty of the Cuban government to show a great deal more energy and determination in suppressing the rebellion than it has done.

No attempt is made to disguise the dissatisfaction on the part of officials here over what they regard as the unnecessary extension by General Montaguado, of the period of amnesty to insurgents for ten days more. Officials are quite at a loss to understand why the disorderly element is voluntarily allowed more time to loot, pillage and burn property of foreign owners.

For this reason the State Department has firmly declined to yield to the intimation coming from Havana that the American battleships be withdrawn.

Secretary Knox is determined that as far as American marines and blue jackets can extend protection where the Cuban army has failed, the American naval forces shall be maintained and even strengthened if necessary.

PUGH ROBINSON "NOT GUILTY"

Jury in Murder Case Reached a Verdict Yesterday Afternoon.

Elizabeth City, June 17.—The jury in the case of State against Pugh Robinson upon the charge of murder reached a verdict yesterday afternoon at 6 o'clock, after having been out twenty-four hours. The verdict was "not guilty" and it came as a surprise to those who had followed the case, as it was the public opinion that he would be convicted of man-slaughter at least.

Robinson shot a seaman, named Harney on the State militia boat, Elfrida several weeks ago while she was lying at a dock here. Harney died of his wounds in a Norfolk hospital. The shooting was the outcome of a dispute in which Robinson left the ship and came back, shooting Harney upon his return.

Protests against commutation have been filed by citizens and the judge, solicitor and other court officers refused to join in petition for commutation, although they asked for the relieves that have been granted.

Efforts for commutation was on the ground of weak mindedness and probable insanity.

WILL FIGHT THE UNIT RULE

The National Committeeman From Ohio Says the Convention Had no Authority to Bind the State's Delegation to Baltimore.

Baltimore, Md., June 17th.—Harvey Garber, Democratic National Committeeman from Ohio, stopped off in Baltimore en route for a flying visit and gave out the information that during the Baltimore convention a fight would be made against the casting of the Ohio delegation's vote as a unit.

The recent Democratic State Convention in Ohio, which elected the six delegates at large, instructed the whole delegation to vote for Governor Hurman as a unit. Mr. Garber told several National Committeemen here that the Congressional delegates were made under a new State primary law and declared in consequence that the State convention had no authority to bind them by a unit rule. Mr. Garber said the State convention only had the right to bind the delegates at large which it had chosen.

"I cannot say now," said Committeeman Garber, "whether the fight against the application of the unit rule in the case of Ohio will be made first on the convention floor or in the National Committee, but Mayor Newton Baker, of Cleveland, will lead the fight. National Committeeman John L. McGraw, of West Virginia, says the 16 delegates from West Virginia have expressed various opinions as to the most available man for the presidential nomination, but said when the vote was taken the State would vote as a unit."
