boat Paducah.

Santiago, June 19 .- Last night aparty of men undertook to explode 16,000 pounds of dynamite, housed on Renton island, in Santiago harbor, less than 200 hundred yards from the anchorage of the cunboat Padurah. Capt. Mitchell, commander of the Padush, frustrated the attack by playing a searchlight on the party and firing several volleys which forced them to retreat.

Renewed threats made against Jura cos, near Siboney, have necessitated increasing the guard of United States marines at that place, and reinforce ments are now on the way.

Proof of uncivilized practices of Caban troops was furnished in a letter from the rebel General Estenoz, now n camp half way between Guantanamo city and Santiago.

Consul Hollsday said that in his opinon the revolt could not be put down without active outside aid in the next 6 nonths, unless Ivonet and Estenoz were by some good fortune captured.
