CHICAGO SALT-ING BIG SUMS

Hotels Enjoying Greatest Profits Since the World's Fair.

Chicago, June 21.—The hotels are making the biggest profits since the World's Fair out of the convention crowds.

All records for attendance at the Michigan avenue hostelry were broken today. Last night the biggest crowd that has ever packed the lobby of the Congress hotel moved slowly through the corridors, and most of the male contingent sought the bar.

Manager Burke today estimated that the hotel entertained 2,500 persons. Twenty-six bartenders dispensed good cheer—the largest number ever before on duty at the Congress.

One waiter at the Congress—John Kutz—today figured that in one hour he had salted away eighteen dollars in tips.

The Chicago Waiters' Union is seeking to it that the union restaurants employ enough extra hands to save the regular waiters, but as a rule the men want the extra duty and service, expecting extra emoluments.

Chicagoans are pointing with a good deal of pride to the fact that since the convention crowd arrived there has been only a total of a dozen small thefts reported to the police. The criminal record has been remarkably small.

The reason, the police hint, is that word was passed out through the underground channels that folks wearing badges must be severely let alone or there would be a cleanup of all the suspects in the city.

Burned to Death.

Hempstead, N. Y., June 21.—Arthur Baumgartner was burned to death and six were injured in a collision between a touring car and a runabout. The wrecked machine caught fire. The victim was pinned underneath.

Verdict For \$500.

Elizabeth City, June 21.—The jury in the case of Townsend against the McClean Construction Company, Norfolk Southern Railroad and R. S. Neal returned a verdict for \$500 for the plaintiff for damages sustained to his boat colliding with the piling of a bridge while it was in process of construction about two years ago. The attorneys for the defense have not yet filed notice of appeal, but is quite likely they will.

Minister Draws Sentence to Pen.

Danville, Va., June 21.—The Rev. D. P. Tate, a former Methodist minister from North Carolina, was yesterday morning convicted of obtaining under false pretenses the sum of \$75 from W. H. Fuqua, a Danville man, by a jury in the Corporation court and was sentenced to fourteen months in the penitentiary.

Fuqua is a merchant living in the country, a short distance from Danville, and he purchased a home from Tate for \$75 in cash and ten notes of \$108 each in March 1910. The home was, however, mortgaged for \$600 which fact was unknown to the buyer.

Tate fled from the city, was located in Knoxville, Tenn., brought back to Danville by officers. There are four other indictments for grand larceny or embezzlement against him.

Grilling for Mrs. Shaw.

White Plains, N. Y., June 21.—Evelyn Nesbit Shaw, Harry Shaw's wife, again took the stand to testify against her husband in his effort to secure release from the insane asylum. Evelyn who is now 35, and still beautiful and vivacious, was visibly annoyed at yesterday's session, when she underwent a severe grilling at the hands of the attorney, Clarence Sherrill. The lawyer went into her past life, and sought to discredit much of the testimony she gave yesterday against him.

Mrs. Shaw testified that there in New York, in 1904, proposed that they both commit suicide. He suggested they engage a room at a hotel and take poison. He even fixed the poison, she testified. She testified that they concluded to buy the poison and give it to while in the hotel and prepared. She complained that she and the poison were they give the poison to her because "there was large things in them."

CUBAN REBELS BURN PROPERTY

Reinforcements Are Rushed to Marine Detachment on Duty at Mines—Three Hundred Insurgents Surrender.

Santiago, June 21.—The buildings of the Frango Manganeses Company, an American concern, situated near La Vega, about 200 miles from Santiago have been burned by the Cuban insurgents.

A detachment of forty marines under command of Captain Alexander S. Williams, U. S. M. C., arrived here on a special train from Guantanamo to reinforce the garrison at Pimpeza mines and to protect the property of the Juragu Iron Company.

As a result of the latest amnesty proclamation issued by General Montenegro, commander-in-chief of the government forces, about 300 insurgents came in and surrendered to the military authorities.

The indications are that the actual rebel forces are not making.

Wilmington Selected.

Raleigh, June 21.—The North Carolina Merchants' Association, after selecting Wilmington as the next place of meeting and electing officers, adjourned yesterday afternoon. The business was rushed through so that the necessity for a night session was obviated.

From the eleven places suggested for the next convention Wilmington emerged a victor, the choice being made on the second ballot. Morehead City came next highest with Salisbury third. The selection was later made unanimous. Raleigh, Greensboro, Durham, Asheville, Salisbury, Wadesboro, Fayetteville and New Bern offered the association the best they had, but the fine politicians from the East carried off the honors.

Officers were elected as follows: President—Jos. Garibaldi, of Charlotte. Vice-President—C. H. Munson, of Wilmington. Secretary—C. G. Creighton, of Charlotte.

Treasurer—Samuel Burion, of Asheville.

Gen. Bragg Dead.

Fond du Lac, Wis., June 21.—Gen. Edward S. Bragg, commander of the famous Iron Brigade during the Civil War, and former Congressman, died yesterday afternoon. Gen. Bragg served in diplomatic positions in Mexico, Cuba and China. Gen. Bragg, aged 85, had been in feeble health for a number of years. He served several terms in Congress as a Democrat from Wisconsin. Gen. Bragg gained considerable fame in the National Democratic Convention in 1891, when in opposing the nomination of Grover Cleveland, he used the expression: "We love him for the enemies he has made."

Mob Attacks Officers.

Mobile, Ala., June 21.—Tom Jackson, a negro 70 years old, who shot and killed Deputy Sheriff Costa, of Clark county, was taken by masked men from Clark county officers, near Jackson yesterday morning, and he has not been heard of since. Jackson was charged with theft and Costa went to the negro's house Tuesday. As Costa was forcing the door, the negro fired and fatally wounded him. Although mortally wounded, Costa shot and seriously injured Jackson. The negro was arrested by another officer's posse, but he escaped from his bonds into the garage and was by all night. Officers are searching for him.

MEETING HELD LAST NIGHT

Chamber of Commerce Discusses New Railroad Facilities for New Bern.

At a called meeting of the Chamber of Commerce at the court house last night several matters of interest to this city were discussed.

Deplorable was the fact that only a small number of the members of the Chamber were present. The meeting had been well advertised and every member urged to attend, but only about thirty were present and assisted in the proceedings.

The meeting last night was held for the purpose of getting the Atlantic Coast Line Railroad Company to give New Bern some connections over that line with the North. After the reading of a resolution to this effect a number of the gentlemen present gave their experiences in shipping by the Norfolk-Southern Railroad Company and which has been very unsatisfactory.

Mr. L. D. Moore urged that the Coast Line Railroad Company be asked to open up this route. That he thought there was a sufficient amount of business to warrant them doing this. He also urged the Chamber of Commerce to offer them a location for a new warehouse and to offer them some inducement to build it at a more convenient point than at present.

A committee composed of Messrs. Chas. Ives, Clyde Eby and E. K. B. B. were appointed to look over the following resolutions; investigate the existing conditions and report to a call meeting of the Chamber of Commerce.

"Whereas, the transportation facilities are inadequate for the volume of business transacted at New Bern, N. C.:

Whereas, there is no one northern railroad connection to the city of New Bern thus eliminating competition in shipments to and from the north; and Whereas, the truckers in the vicinity of New Bern repeatedly complained of the slow schedule now in vogue between New Bern and northern points; and Whereas, the freight depot of the Atlantic Coast Line is now situated at a point in New Bern inconvenient to the general public in the city of New Bern, be it

Resolved, That the Chamber of Commerce of New Bern, N. C., at a special meeting, June 21st, 1912, respectfully petition the Coast Line Railroad to give the city of New Bern a northern outlet for its freight and passenger traffic and also to locate its freight warehouse in New Bern at a point more convenient than the one now located at New Bern.

Resolved further, That should the Atlantic Coast Line give the city the aforesaid northern outlet, and locate its warehouse at a more convenient point, we pledge to the aforesaid Atlantic Coast Line our support, believing that this investment on their part will be a profitable one."

Mr. Williams urged that those who could represent the New Bern Chamber of Commerce at the N. C. Press Association to be held at Morehead City on July 25th and 27th to let him know during the next few days so that he could make arrangements for them.

Men Throw Up Jobs.

Rocky Mount, N. C., June 21.—The trouble which caused the walk-out of more than a hundred men at the Atlantic Coast Line shops Tuesday were settled last evening when, after a number of conferences between officials of the road and a committee representing all the workmen, the men agreed to return to work.

The company agreed to provide temporary shelter for the men while working on locomotives, this being the principal thing that led up to the walk-out. Several men were overcome by heat while working on locomotives in the sun.

It was also agreed by the railroad to build a permanent roundhouse as soon as possible, as the present structure is too small to accommodate the newer and larger locomotives.

Steamer on Shoals.

Cape Henry, Va., June 21.—The British steamer Wymbrook, of Glasgow, which left Pensacola, Fla., June 18, bound for Scotland, ran aground during the night on Fable shoals. Life savers went to her assistance. Captain McWilliams and crew refused to leave the steamer. The vessel is believed in no danger. The life savers are standing by. A tug probable will be sent from Norfolk to help the Wymbrook off.
