

NEW BERN BANKING AND TRUST COMPANY

THE VALUE OF A BEGINNING.

MANY people who have become well to do look back upon a small beginning which was really the foundation of their success. The true value of beginning is not measured by the importance of itself alone. It should always be measured by the results which follow. A small amount deposited in a savings account may seem insignificant, but if it is the beginning of a substantial savings account it has a very much greater value.

TAFT AND SHERMAN REPUBLICAN NATIONAL TICKET

Convention Finishes Its Work. Roosevelt Not Named. With Draws With Some Followers Before Adjournment.

Chicago, June 22.—The Republican National Convention finished its work tonight, though it was predicted there would be adjournment over Sunday. With the Credentials Committee work settled, the platform was adopted by a vote of 646, the temporary organization was made permanent, and this cleared the way for the nomination of W. H. Taft, the only name presented for the Presidency. On roll call Taft received 561 votes, 21 more than necessary for a nomination. Warren G. Harding, of Ohio nominated Taft.

James S. Sherman of New York was nominated for Vice President.

We have a complete line of Fruit Jars and Jar Rubbers, at the right prices. J. S. Basnight Hdw. Co.

Chicago, June 22.—Jack Johnson, champion heavy weight pugilist, and his wife, Etta Johnson, were indicted by the Federal grand jury for smuggling a diamond necklace bought abroad. Several unsuccessful attempts were made by the pugilist to settle the case by the payment of part of the duty and penalty. The necklace is valued at \$3,000 and with the penalty the amount due the government reaches \$6,000.

Expect Juarez Will Surrender.

El Paso, Tex., June 22.—Mexican Federal forces converging on Juarez when united will number about 3,000 men and with their artillery the Federals expect to have little difficulty forcing the surrender of the Juarez garrison, numbering much less than a thousand.

Supporters of Emilio Vasquez Gomez today issued a proclamation denouncing General Orozco and making public the correspondence in which Orozco is alleged to have first invited Gomez to become provisional president and then repudiated him.

"The Vasquistas" called upon the members of the revolutionary party to forsake Orozco and court-martial him for "his traitorous deeds."

Steamer Still Ashore.

Norfolk, Va., June 22.—The British steamer Wyvisbrook, ashore on Pehles Shoals, near False Cape, was moved thirty feet towards deep water this afternoon by the revenue cutter Onondaga. There was a high sea on today, and while the Onondaga was attempting to pull the stranded vessel into deep water she has parted.

The Wyvisbrook is ashore on a six teen-foot lump and she is about two miles off shore. The steamer is loaded with lumber and is bound from Pensacola to Glasgow. A portion of the deck-load on the steamer was thrown overboard this afternoon, and if she is not floated on the next high tide a good portion of her cargo will be jettisoned.

Centenary Sunday School Picnic.

The Centenary Methodist ran their Sunday school picnic excursion to Morehead City last Thursday, and as usual, carried quite a large crowd. The day and weather were ideal and a more jolly, good humored, well behaved company of people never went pleasure seeking together before. Dinner was in abundance, and that of the choicest kind, and all the picnickers were well filled and many baskets of fragments were taken up. Nothing occurred to mar the peace and happiness of any except one brother had a severe chill which made him quite uncomfortable for a few hours, but was able to come home and improved by the way. All in all, Centenary Sunday School has never enjoyed a more delightful picnic.

Special mention is especially due the Atlantic Hotel proprietor and management for their unbounded courtesies and conveniences accorded our people and friends. They did not spare themselves in any particular that we all might have a good time, granting us the full privileges and conveniences of the hotel and grounds. Boats also were put at our disposal, carrying all who would avail themselves of the privilege free of charge, to the surf and back again.

As Superintendent of Centenary Sunday School I hereby express my thanks to any and all who united to make the picnic such a grand success; and especially the Proprietor and management of the Atlantic Hotel who has put us under so many obligations for unflinching attention.

WRECK ON NORFOLK SOUTHERN

Tender Of Engine No. 1 Turns Turtle and Train Is Delayed For Several Hours. No One Injured.

While speeding toward New Bern last evening enroute from Norfolk, passenger train No. 1 of the Norfolk-Southern Railway Company was derailed near Vanceboro, N. C., and was delayed for several hours.

Just how the accident occurred could not be learned last night. The engineer on the train stated that the first he knew of the accident that the tender of the engine was seen to have jumped the track. He quickly put on the emergency brake and brought the train to a standstill. But for this fact the loss of life would have been great as the train at the time was over a deep cut. The train was due in New Bern shortly after 8 o'clock and it did not arrive until about 9 o'clock.

Have you attended Baxter's big sale? If not, don't fail to come today.

Everynl Is Amused.

White Plains, N. Y., June 22.—Rev. Robert Chrystie, of Allegheny, Pa., a Presbyterian, testified in favor of Harry Thaw, at the hearing brought to secure Thaw's release from Matteawan Chrystie, a long time friend of the Thaw family said he believed Thaw rational, Evelyn Thaw was the next witness. A great batch of clippings were introduced as evidence by the State's counsel. Thaw's lawyer read clippings favorable to Thaw. Evelyn, waiting to take the stand, laughed outright at such references to her as "innocent child," "misguided angel," and similar expressions.

Shortage In Pensions.

Washington, June 22.—Failure of the Senate and House conferees on the Pension Appropriation bill to agree on the disposal of a shortage in the June payment of pensioners. The House provided for consolidating all the agencies into one agency at Washington, but the Senate struck out this provision.

VOICE OF THE PEOPLE.

Editor of Journal:

In the primary to be held July 2, Mr. R. A. Richardson, an industrious and prosperous farmer residing in town; ship No. 3, will be a candidate for County Commissioner. The administration of the affairs of this county should be in the hands of competent and representative men chosen from the several sections of the county and all people should be represented as far as practicable by a man from the popular neighborhoods such as Dover, Va. coboro and New Bern. Mr. Richardson lives near Dover and it would be wise and just to elect him.

DEMOCRATIC VOTER.

Everybody is talking about Baxter's big sale. Have you been to see him?

RESERVE FLEET TO CUBAN COAST

Will Replace Battleships During the Summer Manoeuvres—Marines Will Not be Withdrawn.

Washington, June 22.—While the navy is striving to have the battleships recalled from Cuba to participate in the regular fleet exercises which were mapped out for them long before the Cuban trouble assumed a serious aspect, it is not believed that the ships will be taken away and the marines left behind. At the same time officials here are reluctant to take away any of the marine guard at this time.

One plan suggested is to withdraw the big battleships and substitute the Atlantic reserve fleet. The reserve fleet consists of the battleships Indiana, Iowa, Maine and Wisconsin; armored cruisers Tennessee, Birmingham, Chester and Houston, and the protected cruiser Thetis. The fleet is under the command of Rear Admiral Southey H. Leigh. This would permit the navy to have the battleships in Cuba.

WEEKLY COTTON MARKET REVIEW

Favorable Crop and Acreage Reports. Spot Demand Continues Good.

New York, June 22.—Prices declined owing to good rains in Texas, favorable weather in the Eastern section and the report on the acreage by the Financial Chronicle putting the total at only 54 of one per cent. less than that of a year ago, whereas most reports have stated that there would be a decrease in the area of 5 to 7 1-2 per cent. Previous to this there had been steady liquidation by large Wall Street bull interests and some scattered liquidation in other directions. The generality of the crop reports have been favorable from Texas and an improvement has been voted also in the crop areas from the great section east of the Mississippi river. On Wednesday, however, came the report about the acreage already mentioned, putting it at a far higher total than most people had expected and this seemed to "sap the climax." It stated the total at 37,377,276 acres, against 37,581,022 last year. The government figures on last year's acreage, according to the corrected data, were 36,681 acres. Liverpool prices have shown the effects of that cheerful crop news. On the other hand, however, the spot demand had continued unabated, both at home and abroad.

Liverpool's daily spot sales have been from 10,000 to 15,000 bales. It is noted too, that on the decline some large Wall Street interests, long identified with the bull side, but which recently had out, have latterly been buying again. Some of the Waldorf-Astoria element also appear to have bought on the break which has occurred during the week. It is noted that the market appears, been buying at times on quite a liberal scale. Some of the more getting reports from the South which make it very clear that the better grades of cotton are being held with a tenacity which defies downward reactions from time to time in the market for futures. Many in the trade too, seriously questioned the correctness of reports putting the decrease in acreage at less than one per cent. and they are of the opinion that the government report on the subject which will be published July 3rd will make it very plain that the decrease is much greater or somewhere between five and seven per cent. They also maintain that it is useless to expect any serious or permanent decline in cotton as long as the spot demand continues so active and persistent. Just now it is considered a case of perfect weather versus a big demand with the spot demand inclined to be the more potent factor.

Law Department Funds Low.

Washington, June 22.—Unless Congress immediately provides for an appropriation to defray the legitimate expenses of the Department of Justice after July 1 next work in that department of the Government will virtually come to a standstill.

As yet there are no bills passed providing salaries for the attorneys and clerks engaged in looking after the legal department of Uncle Sam's work. There is sufficient appropriation to pay the salaries of the department force until July 1, when work will cease unless Congress provides for its continuance by that time.

Blow Bank Safe.

Durant, Okla., June 22.—A mob men are securing the country for the bandits who blew the First State Bank's safe at Bohcite, yesterday and escaped with three thousand dollars. Eight charges of dynamite were used by the robbers and aroused the residents. Citizens gave battle and the fight waged for an hour. One hundred shots were exchanged. Several people were wounded.

New Signal Flags For State Guards.

Raleigh, June 22.—New signal flags were received by Adjutant General Leinster today for the battalions of the national guard, the colors being red, white and blue. Two flags will be given to each company in order to conform to the new drill regulations. Companies of the First infantry will have flags with a red square in the middle, companies of the Second white and companies of the Third blue.
