ALLEGED DISTILLER CAPTURED

Pick Willis, of Vanceboro, Caught In the Government's Drag Net For an Alleged Violation of the Internal Revenue Law.

Pick Willis, white, of Vanceboro, was arrested yesterday morning by Deputy Marshall Samuel Lilly on a capias issued by the Clerk of the Federal Court on an indictment already found charging him with illicit distilling.

The defendant was brought to this city and carried before United States Commissioner Chas. B. Hill for a preliminary hearing. At the hearing three witnesses swore that they had purchased whiskey from the defendant. The Commissioner found probable cause and bound him over to the next term of Federal Court under a bond of \$300. He could not give this bond and was committed to the Craven county jail.

Pick Willis is the father of M. B. Willis who was arrested by Deputy Marshall Lilly several days ago while he was enroute to this city and who later gave bond for his appearance at the next term of Federal Court to answer to an indictment on the same charge.

Ten Days Meat Fast.

Pittsburgh, June 24.—The meat fast in this city has begun and thousands of housekeepers have signified their intention to abstain from buying meat by not making their daily purchases.

An erroneous report was circulated last week that the butchers and retail meat dealers and the Federated Housewives' Club had arranged a compromise on the question of abstaining from meat for ten days.

Butchers declared that they welcome ten days of fasting by the public, for if such a move is successful, it will have a tendency to bring the price of meat to a lower level. This, they say, they will be glad to see.

The officers of the Federated Housewives' Club declare they wish to cooperate with the butchers in an effort to bring the price of meat to its proper level, but that nothing can be done until prices are lowered.

His Campaign Outlay Totalled Five Beers.

Sandusky, Ohio, June 24.—Defeated for re-election as a member of the Republican county Federal committee, Sergeant Charles C. Campbell, of the Soldiers and Sailors' Home, filed the following statement of his campaign expenses.

To four glasses of beer at 5 cents each, 20 cents.

To one glass of beer for a fellow who said he carried the precinct in his pocket, although the returns prove that he was mistaken, 5 cents.

Total, 25 cents.

That's all.

BRYAN OR DEMOCRATIC PARTY

Which Shall Rule? A Tremendous Snarl In Democratic Ranks Before Convention Opens.

Special to Journal.

Baltimore, Md., June 24.—The snarl here today is great crowds, good weather and many parades, the Italian American for Gaylor being the biggest.

The situation looks dark for peace chances, the Progressives and Conservatives getting further apart.

Ollie James will support Bryan for temporary chairman.

At noon today William Jennings Bryan announced if no other Progressive could be secured as temporary chairman that he personally would be a candidate for the post.

The fight against Parker for temporary chairman is on. It started shortly after the national committee assembled in the convention hall at noon today. Although efforts were made during all last night and this morning to settle the question, but the situation was not clarified, when the committee assembled, although there had been talk of a compromise candidate from the stronghold of Charles F. Murphy.

After a conference with Bryan at the Belleville early this morning Jno. T. McGraw of West Virginia, reported that there was little hope of conciliation between the warring forces.

Early in the morning the Wilson leaders were reported to have agreed to accept "any good Democrat" other than Judge Parker.

Bryan refused early this morning to "father" a reported statement that "under no circumstances" would he be a candidate for the presidency. His reply was regarded in many circles as deeply significant of his intended course of action relative to the nomination.

Have you attended Baxter's big sale? If not, don't fail to come today.

First Cotton Blossom of Season.

The first cotton blossom to reach the Journal office this season came in Monday night from Onslow county. It was sent by J. A. Boom, an enterprising and industrious colored farmer formerly of this county, and was plucked from a plant on his farm at Sneeds Ferry, Saturday, June 22nd. The sender is one of the Journal's oldest colored subscribers.

The advance in the price of the train was not known to the picnic committee until Monday.

Six Children Perish.

Anderson, S. C., June 24th.—Six negro children, ranging in age from 4 to 16 years, were hurried to death early yesterday morning when their home in the country near Anderson, was destroyed by fire. Eliza Hunter, mother of the children, was absent from home attending a church service.

The doors of the house were left locked, but the children could have escaped through windows if they had discovered the fire soon enough. All of the bodies were completely burned. The origin of the fire is unknown.

DISORDERS IN LISBON

Demonstration Joined by Large Portion of Population. Cavalry Called Out Charges on the Crowd With Drums Sabres.

Lisbon, Portugal, June 24.—Serious disorders broke out in the streets of the capital yesterday morning when three bombs were thrown in Dona Pedro square, by striking street car employes. One person was killed and thirty others were hurt.

The demonstration was joined by a large portion of the population. The cavalry were called out and charged the crowd with drum sabres. There were many arrests, the prisoners being conveyed to the warehouse. Street forces of infantry and cavalry were also sent to the square. The government has promised to pardon the strikers.

Prisoners Set Jail On Fire to Escape.

Kinston, N. C., June 24.—Prisoners in the Greene county jail at Snow Hill fired the building in order to escape, but their attempt was frustrated by officers who perceived smoke issuing through the windows and cracks in the roof. "Pink" McLaren and Stephen Harper had built a fire on the wooden floor and covered it with an old bottomless heater; a pipe was ingeniously contrived to carry off the smoke with as little show as possible, and the plan of the men was to burn a hole through the floor and use it as a means of escape. The stovepipe failed to work well, and the plan of the prisoners was foiled. McLaren and Harper are in prison for larceny. Both are negroes, the former from Ohio, and suspected of having a previous criminal record.

Dynamited For Rain.

San Antonio, Texas, June 24.—Splendid rains have prevailed this year throughout the greater part of Texas, yet the wish for more rain just at the time it will do the growing crops the most good has induced farmers in several sections of West Texas to experiment with dynamite to produce rain. Residents of Stamford, Abilene and Hamlin, in Jones county exploded about 5,000 pounds of dynamite, beginning about 10 o'clock in the morning and continuing until 2 o'clock in the afternoon. At the latter hour big drops of rain were falling and though the showers were intermittent that day, heavy clouds banked up and good rains fell during the next two days. Experiments in rain-making are also being made near San Antonio.

Harrington, on a charge of an attempted criminal assault on the person of Alberta Owens, an eleven year old colored girl. Probable cause was found and the defendant was bound over to the next term of Craven county Superior Court under a bond of \$2,000. In default of this he was committed to jail.
