WHAT IS A DOLLAR?

HERE are a number of ways in which a dollar may be defined. A dollar is a hundred cents; a dollar represents a certain standard value; but the best description of a dollar is to say that it is the "beginning of a fortune." A dollar carefully saved and placed at interest may become the nucleus of a substantial bank account and lay the foundation for a future fortune. Try saving the first dollar that comes into your hands. You are invited to open a savings account with this bank.

OLD SEAL MUST SERVE THE HOUSE

The Old Worn Names and Lines to be Replaced—Old Seal Has Been Service Since 1880.

Washington, July 3.—The House of Representatives recently passed a resolution to buy a new seal, but it will not get it. The old seal which has been in constant use since 1880, most serve for another one hundred years or more. The change in plans was decided upon by Jerry C. South, chief clerk of the House, in whose hands the purchase of the new seal was placed by the resolution. Mr. South, after serious consideration, decided that no new seal should be purchased, but that the lines should be replaced.

The seal is at present in the hands of local engravers, who are cutting the lines of the stamp deeper, and making the addition of 24 new stars, to represent the 24 new states which have entered the Union since the great seal was first engraved, 82 years ago. It will be returned to the House Wednesday, and will be in use once more on Thursday morning.

Of the seal very little is known, save where, in 1880, the resolution which gave it its birth is recorded in the Congressional Record of that year as having passed. Later another item called attention to it. It was for the bill for its cost, which was \$30.

The decision of the clerk of the house to replace the lines and not the old historical stamp, came as a result of knowing that facsimiles of the seal were in possession of the State Department here and the state departments of foreign countries.

In making deeper the lines of the original seal the engravers will substitute electroplated copper for the lead, which has previously served, and which has worn almost smooth.

The seal, of which the impressions taken in later years have been impossible to distinguish, bears a reproduction of the capitol as it looked before the Goddess of Liberty was placed on top of the dome and before either wing had been added. It bore only the words "House of Representatives, United States of America," and the 24 stars. The last state which entered before the seal was cast was Missouri.

In speaking of the seal Speaker Clark said that the many subpoenas issued by the various investigating committees had to be stamped with it, and that in the last batch he had signed the impression was almost indistinguishable.

Mr. C. W. Munger Dies At Asheville.

The sad news reached this city yesterday afternoon of the death of Mr. C. W. Munger, which occurred at Asheville, N. C., at 4:20 o'clock, where the deceased had gone for the benefit of his health. Just a week ago Mr. Munger departed for the mountain city. Shortly after his arrival there his condition became more serious and despite the care of his devoted wife and daughter and all possible medical and the Grim Reaper claimed his reward.

Mr. Munger was born in New York state in the year 1857. He became engaged in the milling business upon arrival at manhood and chose that as his vocation. For several years he resided at Washington, N. C., and was a member of a milling firm at that place. Thirteen years ago he came to New Bern and became associated in the firm of Munger & Bennett. He was a man of but few words but his good deeds spoke for themselves. In every movement for the advancement of the interest of the city he was to be found cheerfully working for the interest and welfare of his town. He was a man of much influence and this was directed toward the upbuilding and uplift of the community and his presence will be sadly missed.

Surviving him are his wife and four daughters, Misses Maude, Cora, Grace and Martha and two brothers who live in northern states. His immediate family were at his bedside at the time of his death.

The remains will reach New Bern at 12 o'clock tonight and the funeral services will be conducted from Centenary Methodist Church tomorrow afternoon at 3 o'clock by Rev. J. B. Hurley. The interment will be made in Cedar Grove cemetery.

At The Athens, no matter what's the weather, amusement and comfort.

MARSHALL, THE VICE-PRESIDENT

Secured Nomination on Third Ballot. Delegates Return Home.

Baltimore, July 3.—For Vice President—Governor Thomas R. Marshall, of Indiana.

This was the ticket completed by the Democratic National Convention at 1:56 a. m. today.

The nomination of Governor Marshall for Vice President came somewhat as a surprise for when the night's balloting for Vice President began it seemed that the Bryan-Wilson contingent in the convention had definitely settled upon Governor John E. Burk, of North Dakota.

There was not much of a fight, however, as when the two ballots disclosed Marshall easily in the lead, Governor Burke's name was withdrawn and Marshall was proclaimed the nominee by acclamation. A minute later the convention had adjourned sine die.

The delegates, worn out and weary made their way out of the big convention hall singing and happy to be started for home.

CONVENTION A LOVE FEAST.

Baltimore, July 3.—The Democratic National Convention became a love feast last night when it met to select a running mate for Governor Woodrow Wilson. The intense bitterness of the past week seemed to have disappeared.

When the convention suspended the regular order of business—the nomination of a Vice Presidential candidate—shortly before 11 o'clock to make way for the reading and adoption of the platform, six candidates for the Vice Presidency had been placed in nomination. They were:

Governor Burke, of North Dakota; Governor Marshall, of Indiana, Elmore W. Hurst, of Illinois; Martin J. Wade, of Iowa; James H. Preston, of Maryland, and Champ Clark.

The suggestion of Champ Clark for second place on the ticket was the feature of the evening's performance. The sentiment of the convention was strongly in favor of giving the Speaker the place if he would accept it. H. H. Dean, of Georgia, placed Clark in nomination and took the convention unaware. The Clark leaders held excited conferences and the Speaker himself was called on the telephone. Despite a speech by former Governor A. M. Dockery, of Missouri, withdrawing Clark's name and a telegraphed statement from the Speaker himself declaring he would not take the place, the convention was still hopeful of his final acceptance, and one of the reasons for the suspension of the vote on the nominations was the desire of the leaders to make sure of Clark's position.

Governor Burke, of North Dakota, seemingly was backed strongly for the second place. His name was roundly cheered when it was placed before the convention.

Both are Confident.

East Las Vegas, N. M., July 3.—Jack Johnson and Jim Flynn are now resting and ready for the world's heavy weight championship battle July 4th. The consensus of opinion is that if Johnson fails to put Flynn away in the first ten rounds Flynn will wear the black down. Both are confident. Betting is 2 to 1 on Johnson.

\$1,500,000 Ship.

Newport News, Va., July 3.—The Newport News Shipbuilding and Dry Dock Co. has just signed a contract with the Matson Navigation Company to build a freight and passenger steamship, which will be the largest arch-shaped ship ever built by the yard since the Sibiria and the Korea, built more than ten years ago, and will cost approximately \$1,500,000.

The ship will be employed in the Matson Line's trade between San Francisco and the Hawaiian Islands.

Octopus Catches a Naval Diver.

Paris, July 3.—A naval diver at Toulon has had a terrible experience while under the water.

He was suddenly attacked by a gigantic octopus. Being without his sheath knife, he was unable to defend himself, and he promptly gave the hoisting signal.

Meanwhile the octopus had got hold of him in its twenty-five-foot-long tentacles, and when the diver got on board, together with the boat, which was still gripping him tightly, he had lost consciousness.

The octopus only let go its prey when it was established to death.
