APPEAL FOR SENATOR LORIMER

Senator Johnson Declares That Less Than Half of the Members of the Senate Have Read the Evidence.

Washington, July 11.—When the senate took up the Lorimer case yesterday it was indicated that all speeches except senator Lorimer's would be concluded before night and that a vote would be reached tomorrow.

Senator Johnson, of Alabama, a Democrat, who supported Mr. Lorimer at the first trial, opened the session with a spirited speech in his behalf. He conceded a popular demand for Lorimer's unseating and said he knew he would be on the unpopular side, but declared: "I refuse to save myself at the sacrifice of my honor."

Senator Johnson declared that the number of printed copies of the Lorimer hearings taken from the senate document room indicated that less than half the senators had read the evidence in the case.

He condemned as "unchristian and un-American" Col. Roosevelt's course to sit with Senator Lorimer at the Hamilton Club's dinner at Chicago.

Senator Jones, of Washington, who opposed Lorimer at the first trial, but who supports him now, spoke after Senator Johnson.

Mr. Lorimer indicated that he would not begin his speech at the close of the session, but would ask for a recess until tomorrow if today's debate was protracted.

New Bern Man to Wed.

The following article clipped from the Charlotte Chronicle of July 10th, will be read with interest by the many friends in this city of the groom to be.

"An engagement of interest to friends here and elsewhere throughout the State is that of Miss Bessie Lent Steere and Mr. Joseph Leon Williams, of New Bern, which was made known at a beautiful and perfectly appointed luncheon given by Mrs. Jam. S. E. Steere at her home on East Fourth street today at 2 o'clock.

The color-scheme of the dining room was white and gold. The highly polished table was covered with Irish lace mats and in the center was a crystal goblet filled with yellow nasturtiums. Covers were laid for 12 and the place cards were white with the guests' names in gold lettering. Seven elaborate courses were served and during the time a love story written by an intimate friend of the bride-to-be was told in an interesting fashion. Perched on a crystal goblet at each plate was a canary bird holding in its mouth a verse of the story. Mrs. Steere, the hostess, read the last verse, which was as follows:

"The song is hushed, I now implore Your patience only one step more; The date the knot is to be tied Is in the box, so look inside."

In a small white box tied with white satin ribbon was a piece of fruit cake laid in white and the following inscription in gold:

"B. L. S. and J. L. W., 9, 1912."

Mrs. Steere's guests were intimate friends of the bride elect and included: Misses Edna Wilson, of Winston-Salem; Helen Liddell, Mary McLaughlin, Hannah Constable, Mattie McMinch, Maud Hoyle, Ruth Shannonhouse, Lillian Ginnard, Bessie Steere and Lochis Lowery.

Miss Steere is the only daughter of Mr. and Mrs. Lucius E. Steere and has resided in Charlotte practically all her life. She was educated at Elizabeth College. She is a young woman of many fine traits of character and is loved by a wide circle of friends. Her home and church life is the admiration of all who know her. For several years past she has been the head of a large class of young women in the Tryon Street Methodist Sunday school.

Mr. Williams is the son of Rev. A. D. Mrs. J. V. Williams, of Brooklyn, N. Y., formerly of this State. He was graduated from the law school at Trinity College, Durham, and resides in New Bern. Mr. Williams is well known and popular. He is secretary of the Chamber of Commerce and several other local organizations.

The wedding, which will occur early in September, will be one of the most interesting of the early fall.

MUCH MONEY TO BE SPENT

Three Senatorial Candidates Will Expend Large Sum In Primary.

Raleigh, July 11.—The senatorial primary will cost the three candidates a neat sum of money, unless their election officers perform the duties free of charge. There are something like 2,500 polling places in the state and three pollholders will have to be selected. The candidates hope, of course, that their followers will take care of the expenses in the various counties, but it was said today that in many cases Mr. Pollholder would want his two dollars a day.

The cost of tickets will be about \$1 a thousand and at least 750,000 tickets will be printed for distribution, there being approximately 160,000 democratic voters in the state. The cost of the tickets alone will amount to at least \$750. Incidentals will amount several hundred dollars. If the registrars and pollholders have to be paid, a sum of something like \$15,000 would be required.

It is estimated that the legitimate expenses of the primary—the money that all the candidates would amount to at least \$40,000.

All of the candidates have said that they expect to make the campaign on less than \$5,000, but how they will manage to do this is puzzling politicians who think they know the game.

If any one of the three candidates gets off with less than \$2,000, under the present system, he may consider himself lucky—and all of this will be absolutely legitimate.

His Home Paper Warmly Praises Mr. Craig.

In connection with the recent big celebration in Gastonia, the Gastonia Progress of that place says of Mr. Thomas L. Craig, who is well known in New Bern:

"From the very beginning he went to work with his characteristic energy and determination to make Gastonia's celebration one worthy of the occasion it was in and to commemorate and also worthy of the town of Gastonia. He threw himself into the work and neglected his own personal interests in order to do justice to the town and its celebration. If Gastonia had a plenty of men like Tom Craig it would make the whole South sit up and take notice."

FIGHT TO CHECK THE PLAGUE

The Public Health Service Establishes Rigid Guard Lines Along Coasts—Many Cities Adopt Special Ordinances.

Washington, July 11.—The public health service continues to spread its guard lines against the importation of bubonic plague from Cuba and Porto Rico, and is extending repressive measures against the disease there.

From Porto Rico, Surgeon Creel, of the service, today reported one new case, a fatal one in the suburbs of San Juan. From Havana a quarantine against arrivals from Porto Rico is being established. Dr. R. H. Von Exdorf, of the service ordered to Cuba from Mobile today reported his arrival in Havana to co-operate with the Cuban health authorities.

From many cities in the gulf and the Atlantic coast officers of the service report State and local authorities establishing examinations of arrivals from the plague districts, the passage of city ordinances and other measures for the extermination of rats—the carriers of the plague—and campaigns of disinfection of the water fronts.

No New Evidence.

Wytheville, Va., July 11.—The prisoner and his father, old man Floyd Allen both testified yesterday in the trial of Claude Allen, alleged slayer of Sheriff W. B. in the Hillsville court house tragedy. The testimony of the defendant was practically the same as that given in his former trial when he was convicted of killing Judge Massie and given 15 years. He denied being a party to any conspiracy and claimed he shot only in defense of his father.

Floyd Allen denied threats against the life of Commonwealth Attorney Foster, which formerly he had testified he had heard him make.

In an attempt to weaken the allegation of a conspiracy, the defense introduced direct and corroborative evidence that Cabell Strickler approached Floyd Allen while the latter was waiting for the verdict in the case that precipitated the shooting, felt the old man's pulse and jokingly asked if it had stopped beating. In Claude Allen's former trial, it was testified that the son himself felt his father's pulse.

The prisoner's fiance was in the court room all the afternoon.

Held-Up Train But Couldn't Blow Safe.

Coffeyville, Kan., July 11.—Four men yesterday held up the Southbound limited passenger train on the Missouri, Kansas and Texas railroad, three miles south of here. After nine unsuccessful attempts to blow the express safe, they were frightened away.

The train was "Katy Limited" and it was held by the bandits for a couple of hours. The passengers and trainmen were corralled and guarded in coaches by two robbers. The others attempted to blow the safe. There was no effort to rob passengers, and none was injured. After futile attempts, the robbers retreated, fearing the approach of another train.

Americans Win More Victories.

Stockholm, July 11.—The program of the fifth day of the athletic section of the Olympic games was full of extremely interesting events. It included trial heats in two hundred meters flat race, final of five thousand metres flat race, semifinals of fifteen hundred metres flat race, pole vault and weight putting. The United States representatives added further to their list of victories.

A new Olympic record was created by E. J. McDonald, Irish-American, with his put of 15 metres, 84 centimetres (slightly over 50 feet, 4 inches) in the final of weight putting.

Five thousand metres flat race, final, Kolehmainen, Finland, first; time, 14 minutes, 46.3 seconds.

In the fifteen hundred metres flat race, Jackson, of England, the winner, beat the Olympic record easily. Time, three minutes, fifty-six and four fifths seconds, or 3.35 seconds better than Melvin W. Sheppara's record in 1908.
