WILL COME HERE TO INVESTIGATE

Commerce Commission Will Look Into Poor Freight Refrigerator Service.

That the Interstate Commerce Commission will send a representative to New Bern, Morehead City and Beaufort to find out how much the trucking, fruit, vegetable and fishing industries have suffered the past season as a result of poor freight and express refrigerator service is the news which came in a letter received last night from Congressman Faison by Secretary J. Leon Williams of the Chamber of Commerce.

In the course of his letter Dr. Faison writes:

"Poor transportation has practically destroyed the fruit, berry and vegetable business of Craven, Carteret, Pamlico, Lenoir and Onslow counties while the fishing business has been much hindered. These products are perishable and sell for little when delayed in transit, and sell for twice as much when delivered fresh, cool and sweet to the consumers as they should be when properly refrigerated in rapid transit to the markets in the North."

Dr. Faison asks the assistance of the Chamber of Commerce in getting before the persons most concerned the fact that the representative of the Commerce Commission is coming and also in urging them to be prepared to give him the information that he will need in order to make an intelligent report.

His investigation will be preliminary, Dr. Faison writes, to a more thorough investigation of the same subject to be made later on by the Commerce Commission.

Must be Healthy to Wed.

Pittsburgh, July 17.—The movement to compel all men seeking to be married to show a certificate of health was started formally in this city when the Lutheran clergymen met in Trinity Church and by resolution, invited those of all other churches to join the crusade.

The intention is to have each clergyman in Pittsburgh pledge himself never to officiate at any wedding at which the bridegroom does not show a health certificate from a reputable physician.

Vandals Work Havoc in Flower Yards.

Some of the local owners of flower yards are very much perturbed because of the depredations of unknown persons who engage in the peculiar pastime of going around and working havoc among flowers and shrubbery. In one case reported the flowers were not only plucked from the bushes but the latter were torn up by the root and thrown to one side. The police are keeping a sharp lookout to see if they can't capture the vandals.

THE ELFRIEDA IS STILL ON WAYS

The Naval Reserves' boat, the Elfrieda, is still on the ways at Elizabeth City undergoing repairs and being fitted out with wireless apparatus. Just when it will be returned to this port is not known but the work will doubtless be completed within the next two weeks.

The boat was to have been used in bringing the members of the North Carolina Press Association from Morehead City through the inland waterway canal to this city on July 26, but from present indications she will not be in readiness by that date and some other vessel will have to be secured for this purpose.

Mr. Simmons Has Amendments Retained.

Washington, July 17.—Senator Simmons, minority conferees on the part of the Senate on the river and harbor bill, has succeeded in retaining most of the North Carolina items carried by his amendments. Only two items are still in controversy.

There was opposition by the House conferees against the big items in the bill covered by the amendments. An agreement upon these items was reached Monday. As a result the bill provides \$800,000 cash for the Cape Fear below Wilmington; \$300,000 to commence the work on the harbor of refuge at Cape Lookout; and \$100,000 for putting the Albemarle and Chesapeake canal, which is to be purchased by the government in condition for immediate use. The original amendment with reference to Albemarle and Chesapeake canal was for the building of a dredge. The Senate swapped this amendment for \$100,000 to be used for immediate improvement of the canal. This exchange will enable the government to at once put the canal in condition, it being some what dilapidated and badly fit for immediate use. All amendments for surveys are returned without change.

By this agreement \$700,000 is to be made immediately available for the Cape Fear, Cape Lookout harbor and the Albemarle and Chesapeake canal.

NOT TO RESIST RATE REDUCTION

Seems Unlikely That Express Men Will Do More Than Make Protest.

Washington, July 17.—Threatened with prosecution under the Sherman Anti-Trust law on the one hand, and beset by fear of Government condemnation under a parcels post law on the other, it seems unlikely that the express companies will resist seriously the recent order of the Interstate Commerce Commission making substantial reduction in express rates.

Representatives of the companies will probably appear here in October and file formal protest against the proposed reduction in their rates, but they will go no further in the opinion of Government officials. To do so would inflame public opinion against these carriers even to a more dangerous degree than in the past.

It has developed that the Department of Justice is studying the report of the commission to determine whether or not the express companies were in any agreement in restraint of trade. At the same time department officials looked up the Supreme Court's opinion in the Northern Securities case to see if it had any bearing upon the "family interest" brought to light in connection with the commission's investigation.

Even though the Department of Justice does not hale the express companies into court, the feeling that a parcels post system should be established, which would absorb the express business of the country, has taken a stronger hold upon Congress than ever as a result of the findings of the commission.

With these facts before them, there seems no reason to believe that the express companies will make a determined fight against the order of the commission as now contemplated. The companies, it is believed, would be glad to get off with no severer penalty than the reduction in rates recommended by the Interstate Commerce Commission.

J. B. Duke Ill.

London, July 17.—J. B. Duke the multi-millionaire tobacco manufacturer is ill in London and has been ordered to Contrexville for the waters.

Many Boats Being Repaired Here.

It is noticed that there are a number of boats on the ways at local shipyards undergoing repairs. The local ship building firms are better equipped for this class of work than any other similar concerns in this section of the state and boat owners from all over Eastern North Carolina bring their craft to New Bern when in need of repairs or when new vessels are desired.

THIS CORN, PRIZE WINNING VARIETY

Master LeRoy Land, son of Mr. Thomas A. Land, who resides at No. 122 Broad street, brought to the Journal office yesterday afternoon an ear of corn which was grown in his garden and which would doubtless win a prize for size and quality if placed in competition with other specimens. From tip to tip the shuck measures 20 inches and the entire weight is 22 pounds. The ear is perfectly formed and is fourteen inches in length. Young Mr. Land stated that he plucked an ear several days ago which was considerably larger than the one brought to this office. The seed of this corn was secured from the State Department of Agriculture.

Exhibits Huge Beet.

Mr. J. C. Whitty has brought to the Journal office a beet weighing five and a half pounds. It was grown by Mr. J. B. McGowan on his farm six miles from here, from seed purchased of Mr. Whitty. The variety is the "long red mangle" or stock beet. They are found to be excellent for cattle and hogs. Mr. McGowan has raised a large quantity this year and expects to grow them still more extensively next year. The specimen which he brought to town is seventeen and a half inches in length.

Mr. J. D. G. of Pamlico, was among the visitors to the city yesterday. He said that the crops in his neighborhood were looking fine but he noticed that they were not so good as he heard New Bern.

LOOK FORWARD TO ANNUAL REUNION

Considerable Number of Confederate Veterans To Attend Winston Meet.

A considerable number of Confederate veterans from Craven and adjoining counties will go to Winston Salem to attend the annual Confederate State Reunion to be held Aug. 7 and 8.

As usual the soldiers are looking forward to having a great time. They met four years ago in Winston Salem and had every possible attention shown them. So they will go back to the Twin City with none but the most pleasant anticipation.

Reduced fares will be offered on all the railroads as has been the case in former years.

The general orders of General J. S. Carr announcing the reunion are as follows:

"Headquarters North Carolina Division, United Confederate Veterans, Durham, N. C."

"General Orders No. 48."

"Paragraph 1. The annual reunion of the North Carolina Division of the United Confederate Veterans will be held at Winston-Salem on the 7th and 8th of August, 1912, those dates having been designated by our hosts for their convenience, and a cordial invitation is extended by them to all the Confederate veterans in this State to attend. All who were so fortunate as to be present at the reunion held four years ago in the twin city will no doubt be pleased to enjoy that pleasure again. Reduced rates on the railroads have been applied for, as heretofore at our previous reunions, and the exact fare can be learned from any station by inquiring of the local agent."

"Paragraph 2. According to the rules of the organization no camp can have a vote or voice in the business meetings that is in arrears for its annual dues, and therefore every camp that may be in arrears should at once pay its dues to Gen. W. E. Mickle, 824 Common street, New Orleans, La. Dues for division headquarters (only five cents per capita) should be paid to the Adjutant General of this division."

"By order of Major-General J. S. Carr. H. A. London, Adjutant-General and Chief of Staff."

Touring Through Southern States.

Mr. Geo. R. Fuller and Miss Minnie Oxley left this city Tuesday afternoon in the former's touring car enroute to Florence, S. C. At that place they will be joined by Mrs. Fuller and daughter and the party will then continue on to Florida where they will spend some time. The entire trip will be made in the machine and the party anticipate a very pleasant outing.

THE POLICE ARE AFTER VAGRANTS

The local police are again getting down after the vagrants, both white and colored, and it is either a case of go to work at once, leave the city or go on the county roads.

A few months ago certain sections of the city were crowded with these parasites and there was much complaint from citizens who claimed that they were a menace to the community in many ways. Gangs of them were brought before the Mayor and given the above mentioned alternatives.

This action broke them up temporarily but no sooner was the vigilance of the officers suspended than they began to flock back to the city. Now the authorities are again after them and it is a case of work or move.

Melons Plentiful.

The local market is well supplied with watermelons just at this time. Yesterday morning three boats loaded with the Bogus Sound variety arrived in port and were disposed of to local dealers and consumers. They are being retailed at prices ranging from 15 to 25 cents each. The supply of cantaloupes is also fully adequate to supply the demand, the prices of these commodities ranging from 5 to 15 cents each according to size.

Will Give Lawn Party For Public Library.

On Tuesday evening, July 23, the City Beautiful Club will give a lawn party on the lawn next to the Athens Theatre, the proceeds to be applied to Public Library funds. Refreshments will be served by young ladies. The evening is expected to prove a very enjoyable one. All are invited to be present and lend their presence and support to this undertaking, the purpose of which is to render assistance to one of the wealthiest institutions in the city.

Mr. and Mrs. G. W. Blyson, of Arapahoe, are visiting relatives in the city.

4% INTEREST ON SAVINGS 4%

Young Business Men

Young men starting in business find that close relations with a strong financial institution such as the Peoples Bank are of inestimable value to them, by furthering their interests.
