BOYD TALKS FACTS.

The recent fatal railroad wrecks where in many persons were killed and others injured; the numerous, recent automobile casualties throughout the country in which many have been killed, (in 103 recent automobile accidents 59 people were killed and 225 injured); the crowded condition of our streets and the near inauguration of the street car line, to say nothing of everyday hazards lurking everywhere, are suggestive of accident insurance. We've got it in every desirable form at small cost.

The Maryland Casualty Co. is the only company that maintains a claim department in North Carolina, pays claims promptly and gives double indemnity for accidents on public carriers. It pays to get the best. See W. G. BOYD, AGENT.
