## EBY URGES PEOPLE TO PUT INTEREST OF THE FAIR ABOVE THEIR OWN PERSONAL PREFERENCE

Belongs To All, He Says, and All Should Take Lively Interest In It

**WORK ON BUILDINGS WILL START AUG. 12**

Association Begins Career Under Most Favorable Circumstances.

Wake up! You able-bodied men. Get busy!

You as a citizen of New Bern are on the threshold of one of the greatest opportunities, in a development way, that New Bern has had in many a day—and if you are a man you will not be found wanting.

On Monday morning, August 12, 1912, there will be assembled on the Fair Grounds a body of mechanics and laborers. Your President will be hand to start the work of erecting the necessary building. Mr. Dappe has been employed by the Association as Superintendent of construction.

The Fair will be held October 29, 30, 31, and November 1, 1912.

The Eastern Carolina Fair Association starts its career under the most favorable circumstances, and asks the support of every man, woman and child within its territory.

This Fair provides an opportunity for every progressive man and woman that takes a natural pride in the products they are producing to bring such products to the attention of the public. This is not only your right, but your duty to show these achievements to other people so that they may be spurred on to greater efforts.

This Fair will be your Fair, the Fair of every person in this and our adjoining counties and the more interest you take in it the bigger it is bound to become.

Do not lose sight of the fundamental objects for which this Fair Association strives. Remember Fairs are the time keepers which mark the progress of nations. They record the world's advancement; they stimulate the energy, enterprise and intellect of the people and quicken human genius. They go into the home, they broaden and brighten the daily life of the people, they open mighty storehouses of information for the student.

Remember, "Things are doing else where, and if not in your town the contrast be with a lively town is at once apparent. The "same old thing" won't do year after year; you have got to strike a new gait, make a new trial, sing a different song, whistle a livelier tune, or the town that does so will get your trade—and eventually our people. "The world moves"—and the town that would keep in line with the world's progress must spruce up—must perform the necessary functions that are indispensable for health and growth. Hence your support is essential for the best interest of your town and I trust you will have enough public spirit, and will be broad enough and brainy enough to put the best interest of the Association as seen by the Directors, beyond your own personal preferences.

The assets at present of the Eastern Carolina Fair Association are approximately \$14,000.00 in cash and stockholders' notes, together with a fee simple deed for 99 acres of the finest Fair, Park or Suburban Residential land in Eastern North Carolina, located on the banks of the beautiful Neuse river.

By the acquiring of this valuable tract of land without the expenditure of one dollar in cash the Association holds in reserve its cash, for the erection of the buildings and necessary equipment, thereby enabling the Association to start business, and give the merchants of our town the benefit of a fair this fall.

In this 99 acres of land acquired by the Association in fee simple, the stockholders have acquired and are assured a valuable and substantial asset.

With this Association backed up and supported as it is by your most enthusiastic and progressive business men, who know nothing but success, there will go "some" great development.

In a few years this progressive organization will have run up to these grounds both a steam railroad and a street line. In the meantime this large tract of land, 99 acres strong, will be enhanced in value and long before the buildings now to be erected are rotted down this tract of land will worth several times over the present capital stock of the Association. In acquiring this large tract of land without a dollar in cash, in fee simple, to be used by the Association, as they see fit, the Directors made their first move for the Association in a sound, substantial, progressive direction.

Our second substantial progressive move will be made in the erection of the necessary buildings and equipment for our first Fair.

In order that our limited amount of cash may be stretched to the fullest (Continued on page 2)

### MR. HAHN'S DEATH MUCH DEPLORED

Many Expressions of Sorrow At His Demise Heard in New Bern Yesterday.

**SOME ADDITIONAL FACTS**

Leaves Five Children—Was a Mason as Well as Elk—Collector of the Port.

There were many expressions of regret yesterday when the news was read in the Journal that Mr. Mayer Hahn had passed away. He was admired by Jew and Gentile alike and although his death was not altogether unexpected it did not fail to occasion sorrow on the part of the many friends of the deceased.

A close friend speaking of Mr. Hahn last night said that one of his main characteristics was his willingness to go any length to accommodate a friend.

As the news of the death did not reach the Journal office until one o'clock Tuesday morning—too late to call up relatives for complete information—yesterday morning's Journal contained a somewhat incomplete account of Mr. Hahn's life. In addition to the children mentioned there are two others, Mrs. L. Solinger and Mrs. M. Peter, both of New York City. Mr. Joe L. Hahn of this city was a nephew. Mr. Hahn was a native of Bavaria and was seventy-six years of age when he died. He was a prominent Elk as stated yesterday morning and he was also prominent in local Masonic circles. In addition to the positions of honor and trust which Mr. Hahn held as mentioned in yesterday's paper, he was Collector of the Port, for five years.

The funeral will take place today at Branchport, New Jersey, followed by the burial in Cypress Hill cemetery, Brooklyn, N. Y.

### ADD K. E. BENNETT TO DIRECTORATE

To fill the vacancy caused by the death of Mr. C. W. Munger, the People's Bank selected Mr. Munger's partner, Mr. K. E. Bennett. On account of Mr. Munger's death Mr. Bennett, it is expected, will spend more of his time in New Bern than he has been doing heretofore. Prior to the death of his partner he made his headquarters at Camden, N. J., where a good part of the product of the Munger & Bennett mill at James City is sold. The directors of the People's Bank feel that they have been especially fortunate in the selection of the new director of the bank.

### PROSECUTION IS FOUND MALICIOUS

Charles Jones, colored, was given a hearing yesterday by Justice of the Peace, John Thomas, on the charge of selling liquor. The arrest was made by Chief Lupton and Policeman Bryant, but Jones swore the case away from the Mayor and took it to Mr. Thomas.
