New Bern Swelters While Black Mountain Is Gloriously Cool.

### WIND STORM CHARMS

Sweeps Up From Valley With Clouds of Dust—A Grand Sight.

Black Mountain, N. C., Aug. 27.—The past week has been ideal weather. Several days the temperature ranged below 80 degrees, and one morning it was 56 after sunrise. A wind storm that swept up the valley one evening was a grand sight. Great clouds of dust from the road ways gave an appearance of smoke. Trees swayed, the clouds threatened, but in a few minutes it was again sun shine and no damage.

The influx of visitors continues and the Southern Railway has been taxed to meet travel demands. It has given pretty even schedules when its immense business is considered.

The Inn and its side of the valley continues to be of great interest to New Bernians. Among recent arrivals are Mrs. L. I. Moore and children, and Mrs. Moore's mother, Mrs. King, of New Bern. From Wilmington, Mrs. T. C. James and son, Marion.

Bridge has become the card game of the Inn. Social features are daily occurrences, lawn tennis, dances and drives. Of special notice last week may be mentioned the straw ride given by Joe Brown, of Tampa, Fla., to the young folks. Afterwards a Welsh rarebit, and as Joe remarked, "without the beer."

The regular weekly dance Thursday in the annex was as usual greatly enjoyed.

Friday night in the dining room of The Inn, Mrs. Alex McBuney, of New York and Miss Ada Thomas, of Washington, D. C., gave a marshmallow roast to the guests and outside friends. The great stone fire place was piled up with logs and when these were reduced to glowing embers every one was given a pointed stick upon which to roast marshmallows. This affair was featured by "Clem" of the dining room force, who sang negro songs with accordion accompaniment. Saturday a Fudge party and dance were given.

This week will find many tourists on their way home. Those who have mountain homes or who come to the mountains to get all there is, will be here during most of September, and so enjoy one of the best months. Business calls most men home by September the first, but their families in many instances will stay over, for usually the first two weeks in September are the most heat trying of any of the summer.

### WILL INSPECT THE STYLES.

Mr. A. T. Willis, accompanied by his mother, Mrs. J. K. Willis, left yesterday morning for a trip to New York, other Northern cities and cities in Canada. During his absence he will inspect the styles as seen in the large centers of population, and on his return to New York, after further inquiry and observation there, will lay his fall supply of gents' furnishings for "The Shop That's Different," of which he is the proprietor.

### AT THE ATHENS TO-DAY

Murphy with his Comedy Circus of rats, monkeys, dogs and pigs will appear for the last time to-day, matinee and night. It goes without saying that this is one of the best novelty acts we have had for a long time. Everybody is delighted with these wonderful well-trained animals. See them one more time and by all means send the children.

### DRAINAGE WORK FORGING AHEAD

Doing Things up Around Dover and Without Much Noise.

### WHAT FIGURES SHOW.

Million Dollars in Corn Can Be Grown in District.

It seems that they are really doing things up around Dover, in the way of drainage, and not making much fuss about it, either.

In the Dover drainage district there are 20,000 acres, according to a man who has looked the proposition over, and who came down here yesterday.

He said "When that land is put in corn, as it surely will be after it is drained, it will easily produce fifty bushels to the acre. Just multiply that by the number of acres, and you have, according to my figures, one million bushels of corn. At the prevailing price of one dollar a bushel, the value of this corn is of course the fine sum of \$1,000,000." That reminds one just a little of the calculations of Col. Mulberry Seelers, but is it given for what it is worth.

The dredging machines, like those now at work near Dover, are comparatively recent inventions. At least, they have not been in use very long.

When employed more generally they are destined to make Eastern North Carolina the garden spot of the Atlantic coast.

### MINE HOST CHERRY COMES THIS MORNING

Mr. Rufus Cherry is to arrive this morning from Washington, where he has been in charge of the Hotel Louise to look the field over here, preparatory to taking over the Gaston Hotel on September 1.

Mr. Cherry will be pleasantly remembered by many New Bern people as the genial boniface of the Hotel Charles at Morehead City. Outgrowing that field, Mr. Cherry took charge of larger hotels in larger towns, landing several years ago in Washington, where he made the old Hotel Louise a success from the start.

While he has had many other opportunities, he chose the Gaston as his next point of advancement. Mr. Cherry is a born hotel man, a charming host, and has the rare trait of making a guest feel perfectly at home, and every man is his friend. New Bern may look forward to increasing popularity for its largest hotel under the management of Rufus Cherry.

### DEPARTMENT ORDER AS TO SUNDAY MAIL

Postmaster J. S. Basnight has issued the following in connection with the new law governing the delivery of mail on Sundays as told of in yesterday's morning's Journal:

The following order from the Postoffice Department, will become effective at this office, beginning next Sunday September first, nineteen hundred and twelve:

J. S. BASNIGHT, Postmaster.

Postoffice Department, First Assistant Postmaster General, Washington, D. C., Aug. 24.

Postmaster: Sir: The Post-office appropriation act for the fiscal year ending June, 30, 1913, provides:

"That hereafter postoffices of the first and second class shall not be open on Sundays for the purpose of delivering mail to the general public, but this provision shall not prevent the prompt delivery of special delivery mail."

Under this law you will close the general delivery, carriers' windows and lock boxes and discontinue all deliveries by carriers on Sunday. You will note however, that special delivery mail is excepted and you will therefore arrange to have on duty a sufficient force to handle this mail matter promptly.

The Department desires to reduce Sunday work to the minimum so that as many of the employees as possible may enjoy a complete day of rest on Sunday. You should therefore, require only a sufficient number of clerks to report for duty on that day in order that transit mail and the mail collected for dispatch may be handled without delay. If so mail is dispatched on Sunday a very early collection should be made on Monday morning and the mail for local delivery distributed before the carriers leave for their first trip.

Respectfully,  
C. P. GRANDFIELD,  
First Assistant Postmaster General.

### SEYMOUR BAKER IS OUT ON BOND

While He was in Lock-up Money Arrived For Mrs. Baker.

### SYMPATHY IS AROUSED

Highly Colored Reports Awaken Pity of People Elsewhere.

Seymour Baker of Vanceboro, who was held for retailing liquor a week or so ago, and who has since been in jail in default of \$100 bond, was yesterday released, bail having been furnished. He is to appear before the next term of Federal court.

The accounts, highly colored, sent out concerning Baker's arrest, and the pitiful condition of his sick wife, aroused considerable sympathy by readers in nearby States. Mr. Charles B. Hill, U. S. Commissioner, received a sum of money recently to be given to Baker for the benefit of his invalid better half. Mr. Hill turned the money over to Baker yesterday, but the man seemed to accept the contribution, as well as his release, quite as a matter of course, and seemed to feel no gratitude at all. "It is really surprising what an amount of sympathy is extended the poorest specimen of humanity just as soon as he is convicted of peddling mean whiskey. A man who goes into the blind tiger business always enters it with his eyes open, knows what to expect if apprehended, yet there seems to be a lot of mawkish sentimentalism ready to burst forth, as soon as the officers take the poison venter in charge," said a government officer yesterday.

### I. C. S. AIR BRAKE CAR ARRIVES IN THE CITY

There will be demonstrations three times daily from 10 to 11 a. m., 2:30 to 3:30 p. m. and 7:30 to 8:30 p. m. The car is provided with expert instructors. Railroad men whose duties require them to be familiar with air brakes are expected to attend the demonstrations in considerable numbers.

### AUTO PARTY DECIDES TO SHORTEN JOURNEY

An automobile party left here Sunday forenoon for Kinston. They arrived in Fort Barnwell before noon, and decided to remain there for a while, because the car had balked. Those on this interesting trip were: Misses Mary Louise Jones, Sarah Richardson and Susan Guion, Messrs. John Holland and Albert Marks. After amusing themselves with the car till they were tired a phone message was sent to New Bern for a car to bring the ladies home. The young men managed to navigate the car back home, arriving Monday, sufficiently amused.

### GROOM AND PARTY LEAVE THIS MORNING

Those accompanying Mr. Henderson from here will be Messrs. S. H. Fowler, Rodman Guion and H. K. Land of New Bern and Dr. C. S. Barker of Trenton. At Goldsboro the party will be joined by Mr. Henderson's brother, Mr. L. T. Henderson of Charlotte, who will be best man.

### DOVER'S ELECTRIC LIGHTS FOOLED 'EM

Three New Bern young men thought they would go to Kinston last Sunday afternoon. Arriving at a populous city, as they thought, a few miles up the line, they alighted. After the train had pulled out, they discovered they were in Dover. The only thing to be done was to hire a "rig" and drive to Kinston, which they did. They all claimed to be disgustingly sober, too.

For Ash and Garbage Cans see Gaskill Hardware Co.

Monday, Sept. 2nd, Labor Day, being a legal holiday, the three banks in the city will be closed.
