

A BANK BOOK

The possession of a bank book gives the feeling of security, which is the envy of the man who has not the power to provide himself with one.

Spending money gives a momentary pleasure, but is not so lasting and satisfying as the pleasure derived from a solid bank account.

We invite Savings and Checking Accounts

NEW BERN BANKING AND TRUST COMPANY

Wait and see how real tailored hats will look.

S. COPLON & SON

MR. SITTERDING VIEWS CAR LINE

Chief Backer Here From Richmond to Inspect the System.

CARS TO ARRIVE SOON.

Three at First And More Just as Soon as Business Justifies.

Mr. Fritz Sitterding, of Richmond, Va., who is promoting the New Bern-Ghent Street Railway Company, was in the city yesterday inspecting the work which has been done up to this time. Accompanying him on his round of inspection were Mayor C. J. McCarthy and Dr. E. C. Armstrong who constitute the local end of the management.

Mr. Sitterding stated that he was well pleased with the progress which has been made but regretted that cars had not arrived. He said that these would arrive here during the next few days. After their arrival, there will be no delay in putting them in operation and it is safe to say that New Bern citizens will be able to take a car ride in a very short time. Mr. Sitterding will remain in the city until this afternoon.

Every citizen of New Bern is taking an interest in this car line. For years the project has been agitated and on several occasions the line was almost assured but for one reason and another the venture did not materialize until Mr. Sitterding appeared on the scene. In speaking of the probability of the line being extended at some later date to some nearby town Dr. Armstrong stated that in his opinion this would eventually be done.

At first only three cars will be used on the New Bern-Ghent line, but more will be ordered promptly if it is found that the business justifies it.

HOMESEEKERS WILL DISBAND TOMORROW

The party of western home-seekers who arrived in this city Thursday night left yesterday morning for Kinston and other points in Lenoir county where they spent the day. Last night they passed through en route to Beaufort where today will be spent.

Tomorrow the party will disband at Morehead City and the travelers return home when they choose. Mr. B. E. Rice, of the Land and Industrial Department of the Norfolk Southern Railway Company, who is in charge of the party, stated that several of the members would return to New Bern and spend several days in looking over the farms in the surrounding country with a view of locating in this section.

INJURED AT SAW MILL

While engaged in operating a saw at the John L. Roper Lumber Company's plant in this city yesterday afternoon Mr. George Tyne had the misfortune to get one of his arms caught in the belt and in consequence that member was painfully injured. He was carried at once to Stewart's Sanatorium and medical attention rendered. An examination showed that no bones were broken and he will doubtless be able to return to his work within a few days.

Maybe women require larger feet to navigate their enormous hats.

Dumba is the new Austrian Ambassador. Not a word.

NOT THERE NOW

In a local item appearing in the Journal yesterday morning it was stated that Miss Mary Rouse the night operator at the local office of the Home Telephone Company, was seriously ill at Mr. J. R. Pope's boarding house on Middle street. Mr. Pope stated that although Miss Rouse boards at his home she is not there at this time.

PROGRAM AT THE ATHENS TOMORROW

Kennedy & Vincent Musical Comedy Co. open a week's engagement at the Athens tomorrow night, with a daily change of program. Their opening bill Monday is "Lost on an Island". Pretty girls, good singing, good dancing. They just closed a two week's engagement at the Crystal Palace Theatre, Wilmington and come to us highly recommended. Our feature picture tomorrow is a Biograph production "Buck Sheep" an incident of Southwestern Ranch life. "The Rustlers Daughter" is a very interesting picture showing a man's gratitude under trying circumstances. "A Farmer's Son" is a Lubin drama. The son gets disheartened with farm life and seeks the city in his dream. "Fusible Indians" An educational picture of the present condition of this tribe of Indians. Prices all this week 1st floor 15 cents to all. Balcony 10 cents to all.

Motion 8 and 10 times on grand Marquee daily at 1 o'clock. Shows at 10:30 every night.

OHIO SURE FOR WILSON-HARMON

Rival For Nomination Says Jersey Man Will Carry Buckeye State.

"ITS REGULAR CINCH."

Still Forecasters are Conservative—Landslide Not Expected.

Columbus, Ohio, Sept. 21.—On the last day of his western tour, which has brought him into contact with about 200,000 voters in Indiana, South Dakota, Minnesota, Michigan and Ohio, Governor Wilson heard again the familiar story that he is sure a winner in this State he has visited. This time it was Judson Harmon, Governor of Ohio and one of Governor Wilson's rivals for the Democratic Presidential nomination who told the candidate that he cannot lose.

Governor Harmon worked out the formula that Wilson must win from exactly the same data that the Democratic leaders used in the other Western States. Roosevelt is splitting the Republican vote in two, the Democratic vote is holding solid and if anything is gaining. Therefore—why, it's "a regular cinch."

While the Democrats who boarded Governor Wilson's train have uniformly told him he was sure to win in no case did any Democrat forecast a landslide to him. They left him in their figures, profiting by the Republican split and gaining enough of the loose votes to give him just a comfortable working majority.

Of the 1,000,000 votes in Ohio, which the Republicans and Democrats have heretofore had to divide, the leaders who visited Governor Wilson conceded him 600,000 and left 400,000 for Roosevelt and Taft to divide on a basis of three for Roosevelt to one for Taft.

SEASON OPENS AT THE OPERA HOUSE

A fair sized audience greeted the performance of "Forty Five Minutes From Broadway" which opened at the Masonic Theatre last night. Owing to the delay of the train on which the troupe arrived in reaching this city the curtain was not rung up until after 9 o'clock but from the prelude to the finale there was not a dull moment. The plot of the play centered around a lost will which finally showed up in a mysterious manner, causing joy for some and sorrow for others. Mr. Bert Leigh took the part of Kid Burns and he excelled himself in every way, while Miss Hazel Burgess as Mary, the maid, who later found out that she was worth a million dollars and gave it up for the man she loved, captivated the entire audience. The work of the other members of the company was also good and they received much applause.

TO PUT ON EXHIBIT AT ATTICA, OHIO

Mr. B. E. Rice, Land and Industrial Agent of the Norfolk Southern Railroad, who accompanied the party of western home-seekers on their trip to look over Eastern North Carolina, left yesterday for Norfolk, from which place he will leave today for Attica, O., where at a big agricultural fair he will put on an exhibit designed to call attention to the advantage to be had by farmers in the south. He will also put on the exhibit at the Raleigh and Greensboro fairs if suitable arrangements can be made.

LEMONADES GO UP

Owners of soda fountains in this city have raised the price of lemonades from 10 to 15 cents. This action was caused by the large increase in the wholesale price of lemons. A few weeks ago they could be purchased from 10 to 15 cents a dozen cheaper than at the present time.

BUSINESS LOOKING UP

After several weeks of comparatively dull business the merchants of this city state that the amount of trade is increasing each day. There were a large number of out of town shoppers in the city yesterday and one dealer stated that his sales were larger yesterday than on any previous Saturday during the past month. Cotton is being brought into market now and this will greatly help the financial condition of this section.

FARMERS' UNION PICNIC

Members of the Craven County Farmers Union are looking forward with a great deal of interest to the annual picnic to be held at Grand Rest Thursday, September 26. There will be a basket dinner and Dr. H. Q. Alexander of Mecklenburg county, State President of the Union, will make an address. The annual picnic is given in Craven county, and this year it will be held at Grand Rest.

WILL CUT SPEED OF FAST TRAINS

Eighteen Hour Flyers New York to Chicago Likely to be Abandoned.

TOO MANY ACCIDENTS.

Prepare Special Schedule of Speed to be Used at Caroes.

New York, Sept. 21.—Eighteen-hour trains between New York and Chicago are to be abandoned by the New York Central and Pennsylvania Railroads within a few weeks, according to reports circulated here. Frequency of serious accidents is given as the cause for the arrival at this decision by the Companies.

The eighteen-hour flyers, after the change in time schedule, will make the run to and from the two cities in 24 hours.

William C. Brown, president of the New York Central, denied the proposed change would become effective. He said the scheme the companies had in mind was to raise the schedule from 18 to 20 hours during the winter months. "We would rather have a 20-hour schedule and be on time," than "an 18-hour schedule and be late."

The Pennsylvania Railroad officials have announced they had placed a speed limit of 70 miles an hour on all passenger trains on the lines east and west of Pittsburg.

A special schedule of speeds to be used at curves has been prepared which, it is hoped, will minimize the danger to express trains when taking the dangerous bends in the roads.

AS TO AWARDS OF CROSSES OF HONOR

The following statement regarding the awarding of Crosses of Honor for Confederate Veterans has been issued by the president of the North Carolina Division of the Daughters of the Confederacy:

"There have been so many misunderstandings regarding the final awarding of Crosses of Honor in North Carolina, that a true statement of the matter is deemed necessary.

"True it is that the date fixed in rules for this matter is November 1st, because at this time the custodian general closes her books, but chapters should remember that besides the regular celebration days an extra date is allowed each State, and this date differs everywhere. In North Carolina the date chosen was August 23, hence last August 23 was the last date on which our division can award crosses, and the idea that they can be applied for now is incorrect.

"However, as many papers reached the custodian general late and were returned, your president will at the Washington convention present and urge the passage of a motion that all applications on file in chapters be awarded crosses. If we fail in this there is no hope. Chapters are therefore urged not to call for more applications.

"Remember the cross cannot be won by any widow or descendant.

"FANNIE RANSOM WILLIAMS
"President N. C. Division."

DEATH AT DEPOT

Mott Moore, a Beaufort county negro who was being taken to the asylum at Goldsboro, died on the platform at the Union Station last night. Heart disease brought on by excessive use of alcoholic stimulants was assigned as the cause of death. He was in charge of Deputy Sheriff Lucas of Beaufort county.

BIG PROFIT ON PAPER MONEY

Washington, Sept. 21.—There are millions of dollars of currency outstanding, lost, destroyed or being preserved as souvenirs, which the Federal Government never will be called upon to redeem, according to a compilation of figures by the Register of the Treasury. This indicates that the Government makes a big profit on its issue of paper money.

At the present time \$15,232,093 is outstanding of the fractional currency notes issued during the Civil War (famously known as "shopkeepers"). The total issue of these notes was nearly \$369,000,000. It is known that many persons are saving samples of them as relics and probably very few of the outstanding \$15,000,000 ever will be presented for redemption.

Of the nearly \$1,000,000,000 worth of gold certificates issued during the Civil War about \$50,000 is still outstanding. There is also outstanding \$1,095,000 of the \$100,000,000 issue of gold certificates of the series of 1888.

PREPARED FOR HAZARDS

Prepared for hazards are well-deserved and might prove warnings to others.

"President Taft remained at Beverly," just as well.

News of the night's progress was not yet in.
