GOOD ROADS NEEDED.

Counties like Guilford and Mecklenburg built good roads when there wasn't anything like the information available as to road-building that there is now and those counties have been going ahead at a rapid rate. Craven is in sore need of better roads and while it is making some progress with things as they are now, we believe it would make very much greater progress if it would launch on a good-sized scale program of road building. For these reasons we deplore the reverse which the movement for a good roads bond issue met here yesterday.

NEW BERN AND THE NORFOLK SOUTHERN.

Rightly or wrongly the Norfolk Southern Railroad thinks New Bern has shown a grasping attitude in its dealings with it. We have heard that it claims that when it proposed to buy some land here on which to build shops an extravagant price was asked. It is probable also that the railroad thinks that the city was disposed to drive as hard a bargain as it could in connection with the paving of certain streets. Anyhow the circumstances are such as to indicate that the proposed curtailment of service here has grown out of a spirit of retaliation for injuries real or fancied. If such is the case New Bern ought to know it. New Bern needs the Norfolk Southern and the Norfolk Southern needs New Bern. The relations between the city and the railroad should be friendly for each profits from the prosperity of the other.

There is room here for the Northern Coast Line outlet and the movement to get it is one of the most desirable ever started here. We hope that there will be no let up until the new line of railroad is secured. But New Bern also needs the Norfolk Southern and the very best service that that railroad will give. To this end we believe there ought to be a better understanding between the city and the railroad. The proposed change in schedules operating to the disadvantage of New Bern should not be allowed to go into effect without a clearing up of the situation as to how the Norfolk Southern management feels toward New Bern. Of course the city cannot expect any more in the way of railroad facilities than the business which it produces justifies but it wants all that the business does justify and it wants a clear understanding of the reasons which actuate the railroad in curtailing the railroad facilities if indeed it does curtail them.

The Chamber of Commerce will of course take the matter up and the outcome of its inquiry into the matter together with full information as to the nature of the changes proposed will have to be awaited before an intelligent opinion can be formed as to whether the railroad is disposed to treat the city unfairly.

WILL BE GREAT AFFAIR.

With a Senator, one and maybe two Congressmen, the best known newspaper man in the State and other well known persons agreeing to come for New Bern's first annual municipal dinner, it is plain that the dinner is going to be an affair of great moment. We believe that it will inure greatly to the advantage of New Bern. Secretary Williams is to be felicitated on conceiving the idea and on the energetic manner in which he is working to make it a "go."

READ THE ADS.

This is an especially good time of the year to read the advertising in the Journal. Some very valuable information as to where to buy and what to buy for Christmas presents will be found in the announcements of New Bern's five merchants. Read the advertisements in the Journal. They will help you to save money and to buy to the best advantage.

A ROSEATE VIEW.

The communication of "Fair Play" in today's Journal is timely and interesting not only because of the remarks on De Graffenried but also because of the roseate view of New

Bern's future as taken by the writer. The proposed park that is mentioned in the communication would mean changing the whole face of the earth in the locality mentioned, but a park of such dimensions with such a location and view is an agreeable thing to think about at any rate, and may some day when New Bern is very much larger than it is now, be realized. "Fair Play" thinks New Bern has a great future. The way it is gaining ground now would certainly indicate as much.

POOR SOUTH CAROLINA.

(New York World.)
Poor South Carolina! To be represented at the Conference of Governors at Richmond by a vulgar demagogue like Cole Blease?

If any other State after one experience had re-elected as Governor such a type of vicious, blatant politician it would cause surprise. But South Carolina is only fulfilling its fate.

After half a century of corruption and lawlessness, after fifty years of misrule by carpet-baggers, by ignorant negroes, by crooked corporation interests, by political feudists and professional inciters of race hatred, it has descended so low as to put the mark of approval on Cole Blease for a second time. A Governor who preaches mob murder and publicly provokes passionate men to open crime; a Governor who appeals to the criminal instincts of men who need to be restrained and courts the support of criminals in and out of jail; a Governor who flouts the law, scoffs at the courts, defies decency; a Governor who gives public notice that mobs and murderers can always look to him for official protection; a Governor so depraved as to proclaim himself the advocate of wholesale lynching, who parades as the friend of men who act like beasts—this is the kind of Governor South Carolina has made its spokesman.

For fifty years South Carolina has been prostrate. By choice it remains prostrate, and Cole Blease is its Governor.

Poor South Carolina.

"THE CLIMAX"

Said to Be the One Big Theatrical Success of Year.

There has been a great deal of interest manifested in the forthcoming engagement of Joseph M. Weber's charming play "The Climax" by Joseph Carl Briel, which will be seen at the Masonic Theatre next Tuesday night. "The Climax" is said to be the one big success of the year, scoring a most unprecedented triumph at Weber's famous New York play house where it will be seen for many weeks to come, and will undoubtedly be the strongest and most wholesome offering that will be seen here this season. So great has been the demand for the play throughout the country that Manager Weber will have no fewer than five companies en tour this season. It can be truthfully said that the sun never sets on "The Climax", as it will be seen in America, England, Australia, Germany, Italy, India, France, Spain, Sweden, Africa, South America and in other parts of the world where it will be played in all languages.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

SHORT PASSING EVENTS

Postmaster Basnight has recently distributed to box holders a neat little booklet containing all the postal law of importance to the public.

Bradham's drug store will serve the public today.

There will be a meeting of the honorary and working associates of the Girl's Friendly Society at the residence of Mrs. F. C. Roberts Tuesday morning at 11 o'clock for the purpose of meeting Miss Lewin of Washington, D. C.

Dr. R. C. Beaman, a former pastor of Centenary Methodist church and one very much beloved and esteemed by all, will preach at that church this morning at 11 o'clock. All are cordially invited to hear him. He is now presiding elder of the Durham district. The Girls Friendly Society will meet in the Parish House Monday night at 8 o'clock. A full attendance is desired and a cordial welcome is extended to the public who are interested in the work. Miss Lewin of Washington, D. C. will give an interesting talk on the society work.

KEEP THE LUNGS CLEAN.

Bear's Emulsion heals the lungs and throat and builds up the system regulates the bowels and improves the appetite.

Don't blame your parents for giving you consumption. The best way to keep from having consumption is to keep the lungs and throat in a good healthy condition. You do not inherit consumption, but you can inherit weak lungs. And as the air is filled with tubercule bacilli germs, your weak lungs are a fine feeding place for them. Now what are you going to do—let your lungs get weaker each year by the action of the standing coughs on them?

If you want to heal the lungs, don't get these patented cough remedies that are doped up with morphine codeine, or some drugs that will temporarily soothe the throat, and leave the throat and lungs in a worse condition than before.

SAWYER'S REMOVAL.

O, Mike come over here. Well, what's the news? Nothing more than I just noticed old man Economy. He has moved Sawyer the Tailor up fifty points in the business race.

He started at 51 South Front and is now at 101, next to S. G. Roberts' Grocery Company and he is giving three fits now instead of one. First the pursuit to perfection, second your form, third your idea, giving you general satisfaction.

All work of the very latest design. Thirty-five years practical experience. Respectfully yours,
