To Tax Payers

The Tax Books were not given to the Sheriff until December, so for two months you were not bothered.

The State needs money, the County needs money, and both must have it.

'Tis said that the State is \$750,000 behind, and intends raising property values to make up the deficit. We don't need any increase in Craven in property values, they are high enough. Pay up promptly and ward off this action.

Pay up, before costs and penalties are added.

Gas Tubing

All Kinds All Sizes Any Length

We have it for your GAS STOVE, DROP LIGHT, GAS IRON and for any other purpose.

We Carry the Well-Known
Vulcan Brand Gas Tubing

VULCAN is without a doubt the very best gas tubing on the market to-day. It is made of new high-price material, very flexible. The rubber ends are specially constructed and will not crack.

A Word About Cheap Tubing

DON'T use it even though it may cost less. In the end it will cost you more. Cheap tubing is cheap because it is made of cheap stock. It leaks from the very start, perhaps only a little, but enough to annoy you with a smell of leaking gas. The ends split after short use. The tube becomes hard and cracks, then it must be thrown away, necessitating the purchase of another length.

ONE LENGTH OF VULCAN TUBING WILL OUTLAST THREE LENGTHS OF CHEAP TUBING

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its richness, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days, and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, give color, strength and beauty to your hair.

Get a fifty cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

PAMPERED PRINCES.

Luxurious Lives of the Glided Young Rajahs of India.

"It is almost impossible for an American boy or girl to imagine the extravagance and luxury that surround some of these young India princes," says a writer in St. Nicholas. "Servants attend them night and day, fan them, dress them and obey their slightest wish. If a wind-stirrer while they sleep curtains are drawn that they may not be disturbed. When they drive out a mounted escort accompanies them, and all the people salutes as they pass."

"Once when taking tea with a rajah in his garden I was amused to notice that as he moved about among his guests a servant followed carrying a cup, which he kept always within reach of his master's hand. The rajah would take a sip of tea and with perfect unconcern set his cup down in midair. With unflinching dexterity the saucer was placed under it by the servant in time to avoid accident."

"One prince had suspended from the ceiling a silver couch, which was kept gently swaying while he slept or read. Another had a beautiful vine covered arbor, where artificial rain was made to fall while the nabob sat under a marble canopy in the center, cool and refreshed, with the rest of the world broiling about him."

Hardy Shetland Ponies.

The cost of raising Shetland ponies is remarkably low. These little animals are natives of a rough and semi-barren locality, where they are used to rustling for every mouthful of their food. When they are first brought over to this country they don't know the difference between oats and rice. They are complete strangers to a grain ration. In the Shetland islands they run out the year round, without any shelter, and pick their living from between the rocks. For generation after generation these ponies have had to make this kind of a struggle for existence, and the result is a race of hardy little animals that are able to thrive on the coarsest food and to stand an amount and degree of exposure that would put an ordinary American horse out of business.—National Stockman and Farmer.
