Baseball Team Practising Every Day—Games To Be Arranged Later.

(Prepared for the Journal)
On Friday, April 4th, there will be a music recital in the Griffin Auditorium by the music pupils of the school. The program will be given later.
The base ball team is practising every afternoon and the boys have a prospect of a first class team this year. They hope to arrange a number of games, a little later, with Kingston, Washington, Elizabeth City, etc.
An excellent program is being prepared for the Piano and Violin Club meeting next Wednesday afternoon at four o'clock. The meeting is given complimentary to the mothers of the pupils in the club, and it is hoped they will attend promptly.

Activity among the Camp Fire Girls is quite brisk of late. On Wednesday night, the Esmeralda Camp—Miss Mabel Chadwick, Guardian served a supper at six-thirty. The Esmeralda Camp laid covers for twelve at a cost of \$2.00. The Maskoki prepared for eighteen at a cost of \$3.00. The girls are learning much of varying market prices, how, when and where to market and many valuable things concerning these problems of living.

The pupils of the 4C Grade have been especially interested, for the past week, in Geography. They have been studying the belts or zones of the world. In addition to the regular lesson, a story of an animal living in the zone studied that day, has been read. Those making the highest averages in Geography last month were: Bertha Dickinson, Gladys Griffin, Rena Huff, Swannie Smith, Jerry Hines, Carl Jones, John Weddell, and Benjamin Whitcomb.

The attendance for the week has been as follows: Monday—present 777, absent 51; Tuesday—present 794, absent 35; Wednesday—present 794, absent 32; Thursday—present 790, absent 29.

SPURIOUS COINS IN CIRCULATION

"PHONEY" MONEY CAUSING LOCAL CITIZENS SOME TROUBLE.

During the past few days a considerable amount of counterfeit money has made its appearance in this city and is causing the merchants and others considerable trouble. So far the only counterfeit coins which have been reported are twenty-five and fifty cent pieces. The imitation is remarkably good but the spurious coin is a little lighter in weight than the genuine article and can easily be detected unless one is in a hurry and does not look closely at his cash.

It has been several years since a quantity of counterfeit coins were turned loose in this section. At that time the government officers were put on the case and succeeded in apprehending the makers of these spurious coin at their home in an adjoining county and they are now serving a five year term in the Federal prison at Atlanta, Ga.

HOPE TO RAISE ENTIRE AMOUNT

MR. HURLEY URGES CHURCH TO MEET ASSESSMENTS FOR BENEVOLENT PURPOSE

"Fifty per cent. of your assessment for current expenses will cover your proportional part of these benevolences. While some will pay that amount and more, it is to be feared that others will fall below it, and some give nothing at all. How necessary then, that as many as can go beyond this per cent. We shall have never reached the proper proportion in our giving till we pay at least as much for the extension of God's kingdom abroad as we pay for our gospel privileges at home.

"Our Motto is, a contribution from every member, and all claims in full.

"We have a great church, let us make an offering worthy of ourselves. Easter is such a fitting occasion for such a contribution. The day reminds us afresh of the gift of God's love in the personality of Jesus Christ, of his glorious resurrection, the hope of immortality and eternal life. What would you take for that hope? Let us make it a great occasion by our presence, joyful spirit and bountiful offering."

Rev. J. B. Hurley, pastor of Centenary Methodist church, wants his church at the Easter service tomorrow to meet in full its assessment for benevolent purposes. He has handed the Journal for publication the following appeal to his members.

"To the Members and friends of Centenary Methodist Church:

"My dear Christian friends, we have come to the fourth glad Easter service since I have been your pastor. Each has been an occasion of increasing fellowship and delight as well as correspondingly increased contributions for the benevolent work of the church.

"It is earnestly desired that the entire amount assessed our church for benevolent purposes this year be secured in full on tomorrow, 23rd, instant. The amount and purposes are indicated on envelope sent each member."

NEW BERN'S BIG WEEK A SUCCESS

Today Marks the Close of a Season Of Unprecedented Opportunities.

MERCHANTS WELL PLEASED
Probable That Similar Inducements Will Again Be Offered The Public.

Today brings to a close New Bern's big "Merchants' Week", and many visitors are expected to be here during the day to make their final purchases for Easter.

This week of unprecedented values has been a complete success in every way. Not only have the people of Craven county had an opportunity of purchasing their spring and summer clothing at unusually low prices but the merchants have done an exceptionally good business. One of the leading shoe dealers stated last night that the volume of business done by him during the past few days had greatly exceeded that done during any similar period this year and this is the case with the majority of the dealers.

There has been some inclement weather during the week and this tended to keep many away who would have otherwise visited the city during this period. Never before have such exceptionally low values been offered in all lines and the public has received the benefit of these reductions.

This is the first time that one of these "Merchants' Weeks" has been held in this city but judging from the favor which it found with the local dealers there is not the least doubt but that another will be held before the end of the year and that they will continue to be held at intervals in the future.

ANOTHER THRILL FOR BABY McLEAN

YOUTHFUL CROESUS IS GIVEN HIS FIRST RIDE IN A TROLLEY CAR.

Washington, March 21.—Vinson Walsh McLean, the \$100,000,000 baby, has had another thrill and achieved a great ambition. He has ridden in a street car, long the absorbing desire of his life, spent in automobiles and carriages, and has decided to be a street car conductor when he grows up.

From the shelter of handsome touring cars and rides behind the blue ribbon winners of the parental stables, young Vinson had often envied small boys enjoying trolley rides. The desire is to have with this youthful Croesus, so he was given his first trolley ride yesterday.

NO NEW DEVELOPMENTS IN BASEBALL SITUATION.

There have been no new developments in the proposed reorganization of the Eastern Carolina Baseball League. As the matter now stands there are five towns, New Bern, Kingston, Washington, Ayeville and Goldsboro, ready to put a team in the league. Clyde Eby, secretary of the local Athletic Association, has written to several towns in this section inquiring if they would consider a proposition to enter the league, but up to the present time he has received no reply to his letters.

SAYS FRIEDMAN SERUM WILL CURE

Pittsburgh Physician After Exhaustive Tests Says There Is No Longer Any Doubt.

RESULTS SIMPLY ASTOUNDING
Treatment Arrests The Disease And Starts The Building Up Process At Once.

Pittsburgh, March 21.—There is no longer any doubts about the curative effects of the "Friedmann tuberculosis serum," said Dr. Austin B. Held, the South Side physician who was the first practitioner to use the cure in this country. "Since I returned from Berlin, over six weeks ago with the serum which I secured from Dr. Piorowski, I have been making exhaustive tests on tubercular patients in every stage of the disease. I have also sent the serum to several hundred physicians, who inquired for it, and I can gladly say now that my fondest hopes have been realized. The serum will cure tuberculosis; there can be no further doubt of that.

"The results secured in some cases are simply astounding. Not only am I speaking from my own experience, but from the experience of physicians to whom I have sent the serum. Their reports show that the treatment has not only arrested the disease, but that the building up process begun almost immediately, following the first signs of improvement.

"I am now sending serum as fast as I receive it to physicians throughout the country. Much of it I am sending to California, Colorado and the other Southwestern States. From the physicians in those States I am receiving glowing reports of the results attained by the use of the serum."

In many churches deep mourning emblems are displayed, black being the liturgical color for the day.

REFUSED APPEAL.

No Federal Question Involved in Allen Case, Says Judge.

Richmond, Va., March 20.—On the ground that no Federal question is involved, Judge Keith, president of the State Supreme Court today refused to grant an appeal to the Supreme Court of the United States to Claude Swanson Allen, who is awaiting execution with his father, Floyd Allen, for their part in the Hillsville court murder on March 14th, 1912.

Having failed in the only chance that remained in a Virginia court, counsel for Claude Allen announced tonight that they will apply tomorrow afternoon to Chief Justice White in Washington for a writ of appeal and supersedeas, their claim being that the prisoners was twice placed in jeopardy for the same crime. This proceeding does not affect the status of Floyd Allen, who will be executed in the State penitentiary on March 28th. Claude Swanson Allen will die on the same day unless a writ is secured tomorrow from the Chief Justice of the Supreme Court of the United States.

BANKERS BACK UP PRESIDENT WILSON

Approve Chief Executive's Action On 'The Chinese Loan' Proposition.

STEERS CLEAR OF PITFALLS
Believe Government Should Take No Action Guaranteeing Payment.

Baltimore, March 21.—Almost without exception Baltimore bankers give unqualified indorsement to President Wilson's policy in regard to the Chinese loan.

They say his expressed views indicate broad statesmanship and sound judgment on a proposition into which it was not supposed his past training would give such a clear insight.

Austin McLaughlin, of Alexander Brown & Sons, in discussing it, said: "No one who knows the President of who has followed closely his public utterances and acts will be surprised at the stand he has taken on this question. It is an issue in which a slight misstep now might lead to awkward and disagreeable complications hereafter. But he has met the question boldly and, I think, properly, and has made his views known in a logical and forceful way that cannot be misunderstood. It can be taken as a dogma of his administration, I think that under his rule there will be no partnership, quasi or otherwise, between the Government and private banking institutions.

"That is what the sanction of the Administration at Washington would have meant and President Wilson told the bankers he would stand behind them in making this deal with China. It would have placed this country in a position which might have greatly embarrassed it in some future negotiation with the Chinese Government. We could not have been free to act in all matters if we occupied the position of having given a quasi guarantee to China's debt. This would make us in a measure responsible for the payment of the interest and principal to those of our own people who may have invested in the securities on the strength of the Government's sanction.

"It is hardly worth while to discuss where this might lead in the future dealings of the bankers with China. They might seek concessions here and there to their own advantage and may be not at all times for the best development of that country. These privileges might not always meet with the approval of the Chinese, who may go to the point of protesting vigorously. Then what would be our position? The President has clearly seen all these possibilities and has met them like a patriot and a statesman. His act has my hearty approval. I am more convinced now than ever that the affairs of State are in safe and judicious hands."
