BANGERT, DILL, LUPTON, DAWSON

These Four The Winners In The Only Contest In Yesterday's Democratic Primary.

OCCASION PASSED QUIETLY
Democratic Executive Committee Will Meet Tomorrow Night And Canvass Vote.

A. H. Bangert, Mayor; C. Lupton, Chief of Police; William Ellis and T. G. Hyman, Aldermen from the First Ward; W. B. Blades and S. H. Scott, Aldermen from the Second Ward; James B. Dawson and A. T. Dill, Aldermen from the Third Ward; T. F. McCarthy and J. G. Brinson, Aldermen from the Fourth Ward, R. J. Disoway and L. M. Satterwalthe, Aldermen from the Fifth Ward. J. J. Tolson, City Tax Collector; F. T. Patterson, City Clerk.

The Democratic City primary for the nomination of candidates to fill the offices of the city for the next two years was held yesterday and passed off in an unusually quiet manner. The weather was very inclement and to this is attributed the cause of a comparatively light vote. However, all through the day the various candidates and their adherents worked diligently in getting their constituents to the polls and every manner of conveyance was used in doing this. At 7 o'clock last evening the polls were closed and after the votes had been counted it was found that A. H. Bangert, running for the nomination for the office of Mayor, had defeated his opponent W. K. Baxter by a majority of three hundred and nine votes. C. Lupton, running for nomination for office of Chief of Police and who is now filling this office, defeated W. H. Griffin by a majority of fifty six votes. The third ward was the only ward in which there were more than two candidates for nomination for Aldermen and in this ward James B. Dawson and A. T. Dill were victorious.

There was not the least evidence of rowdiness around any of the polling places during the day and while one could easily see that every effort was being put forth by the various candidates there was no excitement and everything moved along as nicely as a piece of well oiled machinery. From the very first it was seen that Mr. Bangert had the advantage of his opponent Mr. Baxter and while the latter put up a hard fight it proved of no avail. During the early part of the day and in fact until late in the afternoon, it was the opinion of many that Mr. Griffin would secure the nomination for the office of Chief of Police but "the tide turned" and he was defeated.

In the third ward three of the candidates for the nomination for Aldermen, J. B. Dawson, A. T. Dill and Capt. Joseph Gaskill, worked diligently during the entire day. Mr. Dill secured one hundred and forty-three votes, Mr. Dawson one hundred and twenty seven and Capt. Gaskill one hundred and twenty five and M. D. W. Stevenson secured thirty five.

The city Democratic Executive Committee will meet at the City Hall Thursday night and canvass the vote of yesterday and officially announce the successful candidates.

FINDS GOLD THAT HER HUSBAND HID

CHART LEFT BY HIM TOLD WHERE TO SEARCH FOR BURIED TREASURE.

Kansas City, April 8.—A pot of gold to the value of \$1,305, buried by Thomas McCue on his farm two miles east of Independence without the knowledge of his family, has been found by Mrs. Emma McCue, his widow. A note in a fidelity trust company, safety deposit vault told widow where to dig for the treasure.

McCue died several weeks ago. He left all his property to his widow. In his will was special reference to the note in the vault. Mrs. McCue and George L. Walls, her attorney, obtained the note. It directed them to go to the northeast corner of the barn on the five acre fruit farm, walk twenty paces east, and then turn north and measure six yards. The directions were followed and Mr. Walls began to dig.

At the depth of four feet a hard object was struck. At first it was thought to be a rock, but later it was discovered to be a jar. It was partly filled with water and was very heavy. The jar was taken into the kitchen of the home and the contents dumped on a table. Gold coins, black and colored from age, covered a large newspaper laid on the table. They were washed and counted.

The finding of the gold was related by attorney Walls in a report filed in the Probate Court.

Discussions of Live Topics Will Be Held By Recognized Experts.

Richmond, April 8.—With several thousand farmers, business men, teachers, ministers of every denomination and other interested persons in attendance from all parts of Southern States, the conference for education in the South will open in the Jefferson hotel auditorium in Richmond on the morning of April 16th, in order to devise ways and means of helping the farmer place his crops on the market at a fair profit to himself and in order to give greater impetus to the South's progress by the formulation of plans for the stimulation of farm life and the improvement and development of the farm.

This conference will embrace four special conferences—a farmer's conference, a business men's conference, a conference of school workers and a conference of country preachers, besides general conferences on co-operation, rural credits, the country church taxation and better conditions for country women.

At all of these conferences discussion will be lead by men who are experts along their lines. The formation and maintenance of co-operative associations of farmers of buying and selling, the betterment of the rural school system and the enlistment of the church in farm life development will form much of the basis of discussion. A will the eradication of these evils which are recognized to be regarding the progress of the farm in the South, namely, the tenant evil, the increasing exodus of farm people to the towns and cities, the facts that the farmer does not get out of his soil the crops of which it is capable and the fact that the farmer has to pay exorbitant prices for his cash capital. All of these matters will be thoroughly thrashed out and plans laid to put the Southern farm industry on a better basis than it ever was previously.

Sessions of the conference will be held every morning and afternoon. The conference will be in session four days. At the evening sessions workers from the field will set forth what is being done for rural upbuilding in the South through farm demonstration, health agencies and rural and high schools. These talks will take the form of short, concrete lectures with lantern slides.

The work of these agencies will also be shown by an extensive exhibit in the old high school building.

FAILED TO LAND THE CAR ROBBERS

THIEVES WERE TOO SHREWD TO RETURN FOR LOOT WHICH THEY HAD LEFT.

Deputy Sheriff J. W. Huff and W. R. Cox, special agent for the John L. Roper Lumber Company, returned yesterday morning from Mills' station a few miles above New Bern, where they had been in the hope of locating and capturing a gang of thieves who broke open and robbed a freight car in that section Sunday night.

As told in yesterday's Journal the thieves hid the articles which they had stolen from the car in a near by clump of bushes and it was thought that they would probably return there later on to secure it but they were evidently "tipped off" that the officers were in waiting for them and did not attempt to regain possession of the stolen articles.

ASKING AID FOR THE HOMELESS

Secretary of State Embarrassed When Interrogated As To Mexican Affairs.

AMBASSADOR WILSON ACTIVE

No Steps Taken To Protect Mexican Who Referred Charges Made Against Wilson.

Washington, April 8.—Secretary of State Bryan acknowledged for the first time last night that the charges made by Louis Manuel Rojas against Henry Lane Wilson, ambassador to Mexico were on file at the State Department.

Mr. Bryan appeared to be very much embarrassed when questioned about the charges. He admitted, however, that a great deal of information had been received by the department concerning the activities of the American representative during the close of the recent revolution which ended with the assassination of President Francisco Madero and other high officials. When pressed for an answer Mr. Bryan admitted that no steps had been taken by this government to protect Senor Rojas from the political enemies whom he charges with the responsibility for the death of Madero.

Concerning the charge that the appeal of the heart-broken mother of President Madero to this government to save her son was suppressed, no definite information could be obtained. It was learned that the letter written by Francisco Madero's wife and mailed from Havana, Cuba, March 2, is now on file. It was explained that this communication did not reach the State Department until after President Taft had left the White House.

It is considered likely that Henry Lane Wilson's successor will be appointed within the next few days. The recent charges against the United States ambassador are believed to have shown the administration the necessity of a prompt change. The man most prominently spoken of for the place is Benton McMillan, former Governor of Tennessee.
