FAIR, COOLER

NEW BERN, N. C., SUNDAY MORNING, APRIL 20, 1913

THREE CENTS PER COPY.

## A PAGE FOR THE HOME BUILDERS

Journal Today Presents First Of a Series of Interesting Articles On That Subject:

AN ENTIRELY NEW FEATURE

Local Dealers and Contractors Have Announcements On That Page.

The Journal today presents for the first time the "Home Builder's Page" the entire seventh page being used for this purpose. This page is devoted entirely to literature and advertisements which will be of especial interest to those who are thinking of building a home or to those who already have homes and desire to make improvements.

This is the first time that such a page has ever appeared in a local newspaper and there is not the least doubt but that it will strike a popular chord with every reader of the Journal. "Ideas for Home Builders" is the title of the article which explains just how you should build that new home and it is written by Wm. A. Bradford, an expert architect and manufacturer and contains much valuable information. On this page will also be found the announcements of the local dealers, contractors and builders who will furnish you with material and construct the home if you give these advertisers an opportunity to figure on your bill you will be money ahead.

A. T. Dill will furnish you a site for your home at a very nominal price and will make the terms agreeable. His advertisement had a special message for you. Be sure to peruse it carefully.

After you have purchased a lot it will be necessary to have lumber before the home can be erected. Broadus and Ives are ready to sell you this at a price that will pay you to investigate and their message will be of interest to you.

Balock and Brothers have an enviable reputation as builders and their work is always satisfactory. In their advertisement they set forth some surprising facts. Read it.

Builders' supplies will of course be necessary in the construction of the home and the New Bern Building Supply Company at all times carries a full line of these and in their advertisement give a few facts that will be of interest to the builder.

The plumbing in a dwelling is always one of the most important features. In order to be sure that this work is done in a satisfactory manner it will be well to see Stallings Brothers before awarding your contract for this.

To be modern and up-to-date a building must necessarily have electric lights and other conveniences. The New Bern Electric Supply Company do wiring and at all times carry a full stock of electric fixtures. Their advertisement on the "Home Builders' Page" is more than interesting and should not be passed over.

After the home is built it will be necessary to furnish it. It is not necessary that you should spend an unusually large amount of money in doing this. J. S. Miller Furniture Co. carry a full line of house furnishings and their prices are reasonable and they have a personal message for you in their advertisement.

Last but not least the house must be insured. The man who carries no insurance on his property never rests easy. George Nicoll represents a number of the largest and most reliable companies in the world and is always ready to fix up a policy and at a very low rate, too. Read what he has to say in his announcement.

The above is a brief summary of the local concerns who are carrying advertising on this "Home Builder's Page". The messages that they are this morning placing before the Journal readers are worth attention and especially will they appeal to the man about to build.

This "Home Builder's Page" will appear in the Journal every Sunday for several weeks and during that time a number of interesting and timely talks on the subject of building will be taken up and discussed.

Mr. and Mrs. Denard Roberts returned yesterday from Black Mountain where they have been spending several months. Thomas Harriner, C. T. Pamphrey and John Tolson Jr. are spending a few days at Seven Springs.

## DRIVING PILING FOR BIG BRIDGE

STEEL AND CONCRETE STRUCTURE TO BE ERRECTED OVER JACK SMITH'S CREEK.

A force of workmen are now engaged in driving piling for the erection of a steel and concrete bridge over Jack Smith's creek at a point near the property owned by the company who are soon to open up a new suburban section near Glenburnie Park. The contract for this work was awarded to Charles Cook and he is supervising the operations. Another force of men are engaged in clearing up the land to be opened up and are also preparing to open a boulevard.

## WIFE ASSUMES ALL THE BLAME

ADMITS HUSBAND STRUCK HER BUT 'IT NEVER WAS EVEN SORE'.

Some time ago the Journal printed an article telling of alleged mistreatment of his wife by a Norfolk man, the parties having formerly lived in Eastern Carolina. The following letter from the wife has been received:

Dear Editor: Please allow me space in your paper to correct the false charges against my husband, M. D. Reel that came out in the papers March 25, about dragging his wife through the house by the hair and my face being battered and bruised, all of which it is an absolute falsehood. He did come home that night drunk and as soon as I saw him I caught mad and I commenced going after him about drinking until he got mad and struck me one lick only. It bruised my right cheek near my eye a little, but it never was even sore and that was the only bruise on me.

He also took hold of my hair, but he did not pull or drag me by it. It was at this time that the policeman saw him and come in and persuaded me to swear out a warrant and I acting on the spur of the moment and not thinking what I was doing, did as he advised me to do. My husband was sentenced to six months on the road as the newspaper articles stated, but took an appeal and got clear, not even having to pay a fine.

It was whiskey that made him do what he did, for there was never a man with a better heart than he when he is sober. Please publish this and oblige his wife.

MRS. M. D. REEL,  
916 E. Main Street,  
Norfolk, Va.

## MORMONISM WAS SUBJECT STUDIED

MISSIONARY SOCIETY CONSIDERS THIS GREAT PROBLEM AT MONTHLY MEETING.

The regular monthly meeting of the Women's Missionary Society of Centenary Methodist church was held Friday afternoon at the residence of Mrs. J. A. Jones, twenty four members being present.

Mrs. W. B. Blader and Mrs. George Henderson read from the Missionary Voice on missions in Brazil and the leader of the meeting, Mrs. L. M. Henderson, interrogated the members of the society on the first chapter of the book, "Mormonism the Islam of America", this book having been chosen as the text book for mission study this spring.

Other information as to Mormonism was given by Mrs. George Henderson, who told of a visit to Salt Lake City and of the impressions which she gained while in the capital of Mormonism, and by Mrs. R. P. Williams, who read an installment of a continued article in a leading woman's publication written by the lawful wife of a Mormon. Following the business session of the society the ladies of the afternoon served a cream supper.

## TRUSTEES MEET TO RECEIVE BIDS

Contract For The Erection Of Farm Life School To Be Awarded Soon.

TWO TEACHERS SELECTED

Dr. J. E. Turlington Makes Very Interesting Talk Before The Board.

The Board of Trustees of the proposed Farm Life School met in the office of S. M. Brinson, County Superintendent of Public Instruction, yesterday at noon and received the bids for the erection of the school building and several other buildings. There were nine bidders for this work and the Board decided to wait a few days before awarding the contract. The date of this meeting will be announced a few days before it is to be held.

Dr. J. E. Turlington who is to have charge of the school met with the Board and made a very interesting talk. Before adjourning, the Board elected two teachers for the school, these were H. L. Joslyn, who is to be the instructor in the Agricultural Department and Miss Gertrude Bassett will have charge of the Domestic Science Department.

Mr. Joslyn graduated this year from A. & M. College and comes to the Farm Life School highly recommended. He is a young man of splendid character and is liked by all who know him.

Miss Gertrude Bassett also comes to the school highly recommended. She is a graduate of the normal course at Lewis Institute, Chicago, and is teaching Domestic science in the settlements of that city. She has had considerable experience in her line, having been connected with the original lunch room cooking class at Lewis Institute where she purchased equipment for kitchen, pantry and dining room. According to those who know her, she loves girls and her work, is ambitious and enthusiastic and very pleasing in manner and appearance.

Principal J. E. Turlington feels that some of the hustle and ambition of the north will not come amiss in a school of this kind, and having had four years experience in the north himself, he feels certain of Miss Bassett's success.

It was left to Supt. Brinson and to Dr. Turlington to decide on the teachers of the regular high school work, these will more than likely be selected from a large number of applications now in Dr. Turlington's hands.

"IT PAYS TO ADVERTISE"

Journal advertisements get results and they do it quickly. In yesterday morning's paper Sam H. Eaton advertised the loss of a dog. By two o'clock yesterday afternoon the dog was in Mr. Eaton's possession again as a result of the publicity given his loss by the Journal.

## MAYOR MCCARTHY AFTER VAGRANTS

CITY'S CHIEF EXECUTIVE MAKING IT HOT FOR HUMAN PARASITES.

Mayor McCarthy is determined to rid New Bern of vagrants, both men and women, if it is possible for him to do so and during the past few weeks he has sent a number of these "do-nothings" to the county jail.

Yesterday the officers arrested Lucy Simpson, May Williams, Bertha Bryan, Martha Jones and Sue Harzer, colored, on this charge and took them before the Mayor. After hearing the evidence against these women His Honor fined each fifty dollars and the costs of the case or thirty days in jail. As neither had the money to pay the fine they were sent to jail and for the next thirty days will scrub the floors, wash windows and otherwise keep that institution in good shape.

The model Steam Laundry located on lower Middle street and managed by George W. Skinner, has just added another handsome delivery wagon to their delivery service. This laundry is one of the best equipped in the State and the large amount of work that they have on hand demonstrates the fact that they have an available patronage.

## EXPECTED BREAK HASN'T COME YET

And It Is Likely Predicted Clash Between Bryan and Wilson Will Never Happen.

WORK IS HARMONIOUS

Nebraskan Holds Up The Hands Of The President Without Feeling Humiliated.

Washington, April 19—Before and since this administration began the alarmists in and out of Washington have been predicting a break between President Wilson and Secretary of State Bryan.

These alarmists could not see how it was possible for two strong characters, two great leaders of the same party to remain in harmony for any length of time. They believed trouble would come and come quick whether Mr. Bryan was in the Cabinet or not.

The point was made that Mr. Bryan wanted the Democratic nomination in 1916, that he wanted the President to be content with one term and that he would sacrifice the President or anybody else who stood in the way of his ambition.

It was reported that Mr. Bryan had made it a condition of his accepting a Cabinet office that Mr. Wilson should announce in his inaugural address that he was elected on a one-term platform and that he would serve for four years, then step aside for somebody else.

All this was widely circulated prior to the inauguration. It was much gossiped about before the Cabinet was announced. It was passed along in whispers by some and with shouts by others who could not see how in the world this administration could escape Mr. Bryan's criticism and his blows.

It happened however, that Mr. Bryan was offered and accepted a portfolio in the Wilson Cabinet and that he did it without conditions.

It has happened that Mr. Bryan, who is officially a subordinate, feels no humiliation whatever in holding up the hands of a Democratic President whom he helped to nominate and elect.

Six weeks have passed and the long expected crash has not come. There has been not a particle of friction. There has been only loyalty, support and good feeling between the party's two most powerful leaders.

No man could have been more careful of his official relation to his chief than has Mr. Bryan in his relation to President Wilson. He has recognized the President as the head of this Administration, and has done it without any feeling of humiliation.

Strawberries have become quite plentiful on the local market. Yesterday they were retailing at fifteen cents the quart and before the end of this week they will probably drop to ten cents the quart.

## JOHNNY J. JONES LEAVES TODAY

CLOSED A ONE WEEK ENGAGEMENT IN THIS CITY LAST NIGHT.

The Johnny J. Jones Carnival Company which showed here all during last week under the auspices of the New Bern Steam Fire Engine Company, No. 1 closed their engagement last night.

This carnival company is one of the best in the country, and their patronage during the past week has never been surpassed by a company of this kind in this city. The attractions were of a high order and pleased all and nothing but praise of them has been heard. Although at times the grounds were literally packed with humanity the very best order was maintained and there was no trouble of any kind during the week.

Today the company leaves to fill an engagement in South Carolina.

NOTICE TO COLORED PEOPLE.

The Kinross Street Christian church DuBy Town, Rev. M. S. White, pastor, services as follows: 11 a. m. praise meeting, 1:45 p. m., Sunday school, W. C. Arnsperg, superintendent, 3 p. m., Mission meeting, 7:30 prayer meeting. All are invited to these services.

## C. B. COMMITTEE TO JUDGE ROSES

VALUABLE PRIZES TO BE AWARDED TO THE WINNERS IN CONTEST.

Monday or Tuesday of this week the committee from the City Beautiful Club will judge climbing roses. Any one having bushes to be judged will please notify Mrs. N. H. Street, chairman. The prizes are as follows: Prettiest climbing white rose, rug. Prettiest climbing red rose, umbrella. Prettiest climbing yellow rose, sack Royal flour.

Most artistic climbingrose, one box handkerchiefs.

The committee will also judge rose buds at the Club room on April 30th.

## BOSSY BAFFLES BURG OF BELLAIR

WHOLE COMMUNITY UPSET BY MISBEHAVIOR OF THE ORNERY BRUTE.

(Special to the Journal)

Bellaire, April 19—Most of us are too busy around here to take time to attend the Johnny Jones Carnival, we had enough excitement over, around and under one spotted cow to make a right air circus. As some of us were quietly eating supper Friday evening we saw two men and one cow coming on the premises. As they came in from a way where there was no gate our attention was soon drawn toward said spotted cow, and it was difficult to determine who was driving and who was leading as there were two ropes on the animal. But a good look at the situation showed that the cow was doing the driving, and was an expert. Some of us went out in the yard to help the two men, but we did not help much. The cow was mistress of the yard, and would not retreat. Her owner came and joined the procession and more men came but that cow drove straight for the nearest one, till a few were run over, and all held in helpless suspense till the cow saw the sixth man coming in at the gate. Then thinking she had rather attack one, than five, she made straight for the gate. The man who was coming in got out of her way and she kept right on till she was soon lost sight of in the woods, much to the relief of us all.

For a while there was real fun in the excitement, there was some danger attached.

One Who Was Run Over.

P. S.

This cow story reminds us of a man who was following an animal and on being asked where he was going said: "Don't ask me ask the bull". It was about that way with the spotted cow the cow knew better where she was going than the men did.

## EMBARKS IN THE REAL ESTATE BUSINESS.

M. W. Fodrie, formerly in the retail grocery business has embarked in the real estate business and has in today's paper an advertisement giving a recital of what he has to offer. Mr. Fodrie has taken note of the great real estate activity hereabouts and has decided that the real estate field is about the most promising field of enterprise open in New Bern at the present time.

Mrs. Winston of Franklinton, who has been quite ill for several days, was somewhat improved according to the last information which came from her bedside. Her father, Mr. L. H. Cutler, who was called to Franklinton on account of her illness, has returned but Mrs. Cutler is still with her.

## WANT BRIDGE DRAW WIDENED.

Major H. W. Stickle, of Wilmington, Corps of Engineers, United States Army, has called a public hearing at Beaufort on May 13 in connection with a request that has come to the government that the Norfolk Southern Railroad Company be required to widen the draw in its bridge over Newport river near Beaufort. The hearing will be at the court house in Beaufort at 11 a. m. on the day mentioned.

## BRANCH OFFICE MAY BE OPENED

Southern Express Company May Deliver Booze From Separate Office.

SHIPMENTS INCREASE DAILY

Capacity Of The Office Now In Use Is Not Sufficient For Demands.

So large have the shipments of whiskey reaching this city via the Southern Express Company become that it is understood the company has under consideration the advisability of opening up an office from which whiskey will be delivered exclusively.

During the past three weeks or in fact since the Search and Seizure Law and the Webb Bill went into effect the shipments of liquors received at the local office have more than doubled. This has caused much inconvenience in several ways. With two hundred or more packages coming in each day the local office is crowded for space in which to store it, but the main objection lies in the fact that at times during the day the office is so crowded with patrons who are seeking expected shipments from the Virginias that it is often impossible for other patrons to get within speaking distance of the clerks.

This condition has caused considerable unfavorable comment and many have suggested that a branch office be opened up. With two hundred or more packages coming in each day at the present time it can easily be seen that it will be impossible for the local office to handle the increased shipments when the holiday season approaches. The company's decision in regards to opening a branch office will probably be made known at an early date.

## DR. BRYAN'S PROGRAM FOR TODAY.

Dr. R. T. Bryan, the returned Baptist missionary to China, will speak this morning in Washington. At 7:15 this evening he will speak at the Tabernacle Baptist church and at 8 o'clock at the First Baptist church he will address a union meeting of the Methodist and Baptist congregations, the evening services at Centenary having been dispensed with in order that the members of the congregation might go to hear Dr. Bryan. Mrs. Bryan will speak to the Sunday school of the First Baptist church this afternoon at the usual Sunday school hour, 3 o'clock.

Miss Eva Armstrong left last evening for a short visit with relatives in Pamlico County.

## Index to New Advertisements

M. W. Fodrie—For sale.  
S. Coplon & Son—Special Monday, Women's Wear in biggest variety and best values.  
Sam K. Eaton—Big Ben has something to say.  
Wood-Lane Drug Co.—Quality, service, satisfaction.

People's Bank—State supervision.  
National Bank—The bank for the farmer.  
Model Steam Laundry—Safeguard your health.

## PROGRAM AT THE ATHENS TOMORROW.

PICTURES

"The City of San Francisco"  
We believe we have secured the most complete and comprehensive motion picture ever made of this wonderful feature of a wonderful city. This Edison film should be full of interest both to those who have seen the city of San Francisco and to those who have not.

"Down on the Rio Grande"

A very interesting military picture showing trouble between American and Mexican soldiers.

"Pathe Weekly"

There are many interesting pictures in this "Weekly", among them being Berns, Switzerland, the mother of our beloved New Bern.

"The Winning of White Dove"  
This is an intensely interesting picture, showing war between two tribes. Be sure to see this picture—it tells you exactly how Indian fights Indian. Four splendid reels of pictures.

Matinee daily at 3:45. 2 shows at night. 1st commencement at 8 o'clock, 2d at 9:15. By observing the hours you can always get a desirable seat.
