## GIBBONS SHOCKED BY OSLER'S VIEWS

Says Statements of Distinguished  
Physicians Are Attack  
On Christianity.

MAKES VIGOROUS CHALLENGE

Says Fifty Years Hence All Of  
Osler's Teachings May Be  
Overthrown.

Baltimore, April 20.—"I am no enemy of the saints. I will talk to my friend the Cardinal about this as soon as I get back."

This was all Sir William Osler had time to say in reference to the statement that Cardinal Gibbons regards parts of Sir William's address on Christianity. Sir William made it clear that he regretted the exception taken by the Cardinal to his remarks and that he intends to see the Cardinal about it.

The statement accredited to Dr. Osler was that man has not adjusted himself to new conditions; that he stands only half awake.

"Still in the traumatic state of our mental development," he said, "99 per cent of our fellow creatures are in trouble, sorrow or sickness, trust to charms, incantation, and to the saints. Many a scribe has more flowers than Paster, many a saint more believers than Lister. Less than twenty years have passed since the last witch was burned in the British Isles."

Cardinal Gibbons said he was shocked at Dr. Osler's statement. "I find that scientists in any line sometimes make statements such as that of Dr. Osler," said the Cardinal, "and only a short time ago I had to defend some truths that Thomas A. Edison attacked. The great trouble with these scientific specialists is that they cannot imagine how any one can disagree with them. They think their statements should go unchallenged, but this one of Dr. Osler shall not, and I shall write to him asking him to retract it."

"I would like to call the attention of Dr. Osler to the fact that Paster was a devout Catholic and put his trust in the saints. He said that as his knowledge of medicine increased his faith grew likewise. He was proud of the fact that he was a member of the Catholic church and I am sure he worshipped at many shrines.

"What do the things that Dr. Osler preaches stand for, anyhow? Fifty years hence all his teachings may be overthrown by new discoveries. His whole doctrine is based on theory.

"The statements attributed to Dr. Osler are an attack on Christianity. I am exceedingly surprised that he should make such an attack in this age. The Catholic church is not founded on theory, and whereas the whole world is informed of its doctrine, the conclusions of Dr. Osler are known to comparatively few."

## PLAN TO ENLARGE THEIR BUSINESS

J. S. MILLER FURNITURE CO.  
TO OPEN BRANCH AT MORE-  
HEAD CITY.

The enterprising firm of J. S. Miller Furniture Company are planning to enlarge their business by opening up a branch store in Morehead City.

This store, which will be located in the handsome three story brick building owned by George Simmons and which is now nearing completion, will be opened about May 1 and will be in charge of R. H. Dowdy who has been connected with the firm for several years.

This company has long enjoyed a servicable patronage in Morehead City and the surrounding territory and their success is a household word all over Carteret county. The new store will carry a modern and extensive line of home furnishings.

There will be a meeting of the New Bern Motorcycle Club tonight at 8 o'clock in the office of J. Leon Williams. All motorcycleists are cordially invited to be present. At this meeting the arrangements for the proposed motorcycle trip to Rochester, N. Y., will be considered by the club.

## ATLANTIC FLEET TO TAKE A CRUISE

SECRETARY DANIELS PROPOSES  
LONG VOYAGE FOR  
THE NAVY MEN.

Washington, April 21.—Secretary Daniels announced to-day that next winter practically the entire Atlantic fleet would be sent on a three-month cruise to the Mediterranean. This will be the new secretary's first step in pursuance of his policy to make the navy, in times of peace, a great educational force for the enlisted men and to afford them opportunity to enjoy the broadening advantages of first-hand knowledge of the great countries of the world.

The Secretary believes such a cruise will add greatly to the sailors' usefulness. "I believe we should offer to the enlisted men every opportunity which lies in our power to obtain knowledge of other countries from personal observation," he said today. "The cruise will be so timed as to give every man in the fleet shore leave at every port of interest."

Mr. Daniels also appreciates the advantage from a technical standpoint that the officers of the fleet will gain in a long cruise of this kind, where various manoeuvres can be carried out and many experiments can be executed under actual service conditions. Instead of the usual annual winter manoeuvres at Guantanamo, Cuba, the whole fleet, including the torpedo boat destroyers and auxiliaries, will make the foreign cruise. There will be at least twenty-one battleships, probably including the new dreadnoughts Texas and New York, with an aggregate tonnage of about 375,000 tons.

The fleet will leave about January 1 and cross the Atlantic, probably stopping at the Azores or Madeira to Gibraltar. There the ships will be divided into squadrons and sent to visit the principal ports of the Mediterranean.

## "SLUMBERLAND" HERE MAY 15-16

MAMMOTH MUSICAL EXTRAVA-  
GANZA FOR BENEFIT  
OF SCHOOLS.

"Slumberland," a mammoth musical extravaganza, known all over the country as the "Hippodrome of musical comedies" with at least four hundred in the cast of participants, will be presented at the Masonic Opera House May 15 and 16th for the benefit of the Public School funds. This gigantic entertainment with crowd of principals, great choruses and dancing ensembles has been given with success in nearly every large city in the country and will no doubt have crowded houses in New Bern.

The entire cast will be selected from the city's most talented amateurs with the assistance of the Paint and Powder Club in principal roles. Harry Foote, a well known New York musical comedy producer, is already in the city and will direct the rehearsals which will begin this week.

Nothing so stupendous in a musical way has probably ever been attempted here before and "Slumberland" will be looked forward to with considerable interest.

A CHANCE TO WIN A VALUABLE PRIZE.

The Journal still has a few of those attractive Marathon Racors on hand and they can be secured by the boys and girls of this city by a few hours work among their friends. These machines cost two dollars each and will be given to the boy or girl who brings in five new subscribers to the Journal for three months. However, if you want one of these machines and do not care to win one by leading new subscribers you can purchase one for two dollars. The machines will be displayed at the Journal office and can be seen at any time.

Arthur T. Lead returned last night from a trip through the South in the interest of the Cahill Shoe Company of Cincinnati.

## WILL BUILD HOME FOR MISSIONARIES

First Baptist Church Consents  
To Raise \$2,500 In Next  
Three Years.

DR. R. T. BRYAN RAISING FUND

He And Wife Return To Richmond  
After Spending Several  
Days In This Section.

At the First Baptist church Sunday night following a sermon on foreign missions by Dr. R. T. Bryan, of Shanghai, a returned Baptist missionary, the church voted to raise \$2500 in three years the same to be used in erecting a home for missionaries at Soochow, China. Dr. Bryan's address was heard with the deepest interest by a large congregation, the services at Centenary Methodist church having dispensed with so that the congregation might hear Dr. Bryan.

From here Dr. Bryan and his wife went to Richmond where today he will attend a meeting of the Foreign Mission Board of the Southern Baptist Convention. His work here concluded his first itinerary of the State in the interest of the Judson fund of \$1,250,000. In the two months of this itinerary he has raised \$54,000. From Richmond he will start on his second itinerary during which he expects to complete the remainder of the sum of \$91,000 assigned to him to raise.

Before going to the First Baptist church Sunday night Dr. Bryan held a brief service at the Tabernacle Baptist church. That church will give a substantial amount to the Judson fund, but will not decide just how much until the pastor, Rev. J. B. Phillips, returns from Huntersville, Ga., where he is holding a revival meeting.

Sunday afternoon to the children and teachers and parents of the Sunday school of the First Baptist church Mrs. Bryan made a talk on China that was described by those who heard it as one of the most interesting and informing ever heard here.

## NEXT STORM DUE AT END OF WEEK

APPEARS IN THE FAR WEST  
TODAY OR TOMORROW.  
MOVES EASTWARD.

Washington, D. C., April 21.—The weather forecast for the week as furnished by the Central office of the Weather Bureau is:

"The distribution of atmospheric pressure over the Northern Hemisphere is such as to indicate that the coming week will open with unseasonably cold weather with frosts in the Eastern States and moderately warm weather throughout the Gulf States, the Great Central Valley and the Rocky Mountain Region and the Plains States. Fair weather will prevail the next several days in the Eastern and Southern States, while there will be unsettled weather with local rains the first part of the week in the upper Mississippi Valley, the region of the Great Lakes and the North-western States. A change to warmer weather will overspread the Eastern States, the lake region and the Ohio Valley Tuesday and Wednesday. The next storm of importance to cross the country will appear in the far West Tuesday or Wednesday, moving eastward and across the Great Central Valleys Thursday or Friday and the Eastern States near the end of the week; this disturbance will be preceded by a general rise in temperature, be attended by showers and thunderstorms, and be followed by considerably colder weather, which will overspread the Northwestern States Thursday and Friday."

LEAVES ON BUSINESS TRIP.

William H. Bennett, returning from a business trip, left for his home in Orange, N. J., the Pope bicycle factory at Westfield, Mass., the Indian motorcycle factory at Springfield, Mass., and the wholesale supply houses in New York with which he deals.

## NEGRO JUMPS TO A WATERY GRAVE

Beaufort Colored Youth Attempts  
To Steal Ride And Loses  
His Life.

PLUNGED INTO THE GHANNEL

Body Found Yesterday Half a Mile  
Below Scene Of The Ac-  
cident.

Jumping from the westbound train as it enroute from Beaufort to Morehead City Sunday afternoon a colored boy whose name could not be learned, miscalculated the distance from the car to the foot bridge where he intended alighting and plunged into the channel of the sound. Being unable to swim he sank before anyone could reach him and was drowned.

The boy boarded the train at Beaufort and was attempting to "ebat" his way over to Morehead City. At a point near the draw on the Beaufort side there is a small foot bridge and when he saw Conductor Davis approaching, he attempted to jump from the train to this bridge. Several persons saw the boy jump and according to their account of the affair he landed on the bridge but the momentum of his jump was so great he was unable to stop and plunged into the channel. The train was brought to a stop and an attempt was made to recover the body but it had been carried away.

Yesterday the body was located at a point about half a mile below the bridge.

J. C. IRVIN SOON TO LEAVE  
NEW BERN.

J. C. Irvin who has held a position as electrician with the New Bern Electrical Supply Company for several years, resigned yesterday and has accepted a position with the construction department of the Norfolk Southern Railway Company and will be located on the line between Raleigh and Charlotte.

## WILL ADVERTISE THIS SECTION

CHAMBER OF COMMERCE TO  
INDUCE MANUFACTURERS  
TO COME HERE.

New Bern is soon to have its advantages and opportunities for the manufacturers and the farmers placed before the public in a very interesting and instructive manner.

Last night the Advertising Committee of the Chamber of Commerce met in the rooms of that organization and after conferring on this subject decided to get up a booklet in which the advantages of New Bern and Craven county will be set forth in a manner which cannot but attract the attention of the farmers and manufacturers who are looking for locations.

This booklet will be arranged in such a manner that different departments such as transportation, farming lands, etc., will be dealt with separately, and fully thus giving the reader a comprehensive description of each. New Bern wants manufacturing plants and Craven county wants the farmers and every inducement is being offered this class of people to come to this section.

A committee composed of C. G. Bradham, H. B. Craven, T. D. Warrington, M. Howell and R. E. Snowden, was appointed to get up the data for this booklet and this afternoon at 5 o'clock they will meet in the office of the Pepsi Cola Company to discuss and make plans for getting it out. This meeting plans will also be made for advertising the town in other ways.

A building lot located on the West side of the town street near the corner of the street was sold to Mr. W. T. Hill, local agent for the Indian motorcycle, yesterday and one of these machines is in Oaman, N. C. The machine purchased by Mr. Baxter is of the twin cylinder type.

## LEFT WITHOUT A LEG TO STAND ON

NO FIELD LEFT FOR ROGERS  
PARTY—DEMOCRATS PRO-  
GRESSIVE ENOUGH.

Washington, D. C., April 21.—So completely has the Democratic administration handled the governmental reins since Woodrow Wilson went into the White House, according to what congressional leaders said here today, in discussing the future of the tariff bill, that there is not a look in for the Progressives anywhere on the political horizon, and it must be remembered that it was these same Progressives that the Democrats most feared at the polls last fall.

The tariff bill has run the gauntlet of the Democratic caucus, and instead of coming out of a shapeless wreck, it will emerge tomorrow, practically in the same condition as it went in. Changes have been so few and of such little consequence as to lead the Progressives to believe that they are permanently out of the running. They had hoped that the caucus would muddle itself so badly that the tariff bill would have to be sent to the legislative repair shop for alterations, to the benefit of the Progressives aforementioned; nothing of the kind happened. The master hands of Oscar Underwood and Woodrow Wilson at the wheel steered the craft into safe waters. The gauntlet has been run, and the dangerous shoals passed. Whatever objection the tariff bill would encounter, so far as the House is concerned, has been met safely and passed. It was there that trouble was to be expected, if anywhere, and the absolute case with which Congressman Underwood and President Wilson have cleared the narrow passage has not only proved them adept legislative skippers, but they have convincingly shown also to the Progressives that there is not a chance for the latter, Wilson has furnished all the progressiveness that the Progressives wanted and he has made a complete success of it.

In the Senate the little objection that was formerly shown to the present tariff bill has dwindled to a negligible quantity, and the Democratic majority in the upper house undoubtedly will make as perfect a job of tariff mending before it is done with.

It was also pointed out here today that with the prospects all the best for complete harmony between Bryan and Clark, the only discordant note of the Baltimore convention passing into history during the last day or two, and with Bryan in entire accord with President Wilson in every act and deed, there is, in reality, not a chance for the Progressives, even with the wonderful Roosevelt as their leader. The truth about it is that Woodrow Wilson, Oscar Underwood, the members of the Cabinet, and the men upon whom the President is leaning for advice, are proving themselves too strong a proposition for all the boasted power of the Progressive movement.

IT PAYS TO BE KIND

New Home and \$20,000 Is Price Set  
By Rich Woldw.

Washington, April 21.—Twenty thousand dollars in cash and an w home is the price set upon kindness to strangers by an anonymous benefactor, according to a story told by Mrs. John Kamp, the wife of a navy yard employe, here today.

The identity of Mrs. Kamp's fairy godmother is known only to herself. It was stated, however, that she was a rich widow, who was ministered to by Mrs. Kamp while she lay friendless and alone in a local hospital.

As a reward for her attentions, Mrs. Kamp stated that the erstwhile patient had called upon her and offered to make a handsome settlement in acknowledgement of her kindness.

Mr. and Mrs. Arthur S. Gilmore of Effing, W. Va., have moved to New Bern and will make their home here.

Wishes to New Advertisements

A. T. Willis Co.—Bates-street shirts. National Bank of New Bern—Not a farmer in this section who should not have a bank account. New Bern Banking & Trust Company—Paying by check.

A Cabot—The service at our market is good.

S. Coplin & Son—American Lady corsets.

## TELLS OF WORK ON CRAVEN ROADS

Road Supervisor Believes In Let-  
ting Public Know What Is  
Being Done.

WRITES TO NEWS & OBSERVER

Says The Citizens Are Unani-  
mously In Favor Of Im-  
proving The Highways.

Craven county is gaining an enviable reputation as a builder of good roads and the attention of the entire State is being turned in this direction. R. E. Snowden who was recently accused by the Board of Commissioners to supervise the building of roads in this county, is a man of action and believes not only in doing things but also in letting the outside world know that these things are being done.

Writing to the Raleigh News and Observer of the work being done here he says:

"During the past two years Craven county has abolished the "warming out" system and levied a fifteen cent property tax to maintain and rebuild all roads in the county, including sixty miles of the Central highway.

"The board of commissioners have direct charge of all roads and have engaged an experienced civil and highway engineer to take charge of both maintenance and construction. The system, using the township as the unit or section and employing free labor only.

"The construction is done with the convicts of this and adjoining counties and the city of New Bern. All roads are to be rebuilt to a width of twenty-four to thirty feet in the clear. The population, both rural and urban, are unanimously in favor of building a first-class system of highways throughout the county.

"The funds available this year amount to \$18,000 and we will probably have \$28,000 next year for road purposes. There is no bond issue.

"The county expects to follow the present plan until the roads of the county have been rebuilt. Than a small levy will suffice for maintenance."

"The convict force is now engaged in building and improving the road leading from this city to Vancoboro and when this work is completed they will be transferred to the road between this city and Morehead City and will spend some time in improving this.

IMPORTANT MEETING OF THE  
WOMAN'S CLUB.

The Woman's Club will meet tomorrow afternoon 4:30 in the Club room for the purpose of hearing reports of committees appointed to investigate conditions at the public school relative to the coming bond issue. Mrs. J. M. Spencer having resigned, a treasurer will be elected as this will be the last meeting before the federation. Other matters of importance will come before the club.

Mrs. J. B. Harvey and Mrs. J. A. Duguid of Vancoboro were among the visitors in the city yesterday.

K. E. Bennett of New Jersey is in the city attending to business matters. Ex-Judge D. L. Ward left yesterday morning to attend Superior Court at Jacksonville.

PROGRAM AT THE ATHENS  
TODAY

"Broncho Billy's Ward"

A pathetic Western drama full of heart sobs, with Mr. G. M. Anderson, the great cowboy player of the S. & A. Company in his favorite role.

"The Unblinded Oath"

One of Pathe's Mexican war time stories, full of exciting incidents and scenes from beginning to end.

"So-Jun-Wah and the Tribal Law"

This splendid Selig picture shows the love of an Indian maid for a pale-face.

"The Drummer"

A very laughable Lubin Comedy.

"Tom and The Parents"

A tremendous laugh-showing the troubles of Abbott and his son who are respectively courting the widow Pearce, and her daughter. All comes out right, and they enjoy the honeymoon together. Four full reels to day and five interesting subjects. You will enjoy every picture.

Matinee daily at 3:45. 2 shows at night. 1st starts at 8 o'clock 2d at 9:45. By observing the hours you can always get a desirable seat.
