

"A Perfect Woman Nobly Planned To Warm, to Comfort and Command"

Nature never intended woman to be delicate, ailing, or a sufferer from "nerves." Women in middle age complain of "hot flashes." Many women suffer needlessly from girlhood to womanhood, and from motherhood to middle life, with backache, or headache, dizziness, faintness, or bearing-down sensations. For a permanent relief from these distressing symptoms nothing is so good as

DR. PIERCE'S

FAVORITE PRESCRIPTION

is a soothing and strengthening nerve-aid and soothes nervous excitability, irritability, nervous exhaustion, and other distressing symptoms commonly attendant upon functional and organic diseases of the nervous system. It induces refreshing sleep and relieves mental anxiety and despondency.

The "Favorite Prescription" is known everywhere and for over 40 years as the standard remedy for the diseases of women. Your dealer in medicine sells it in liquid or tablet form; or you can send 50 cent stamps for a trial box of Dr. Pierce's Favorite Prescription tablets. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, they granulate.

Glasses and the Eyes.

Every one knows that in using a pair of glasses it is necessary to adjust it to a proper focus. Suppose that you put one of the tubes at your focus and the other tube at a focus that suited some one else and then you looked through both tubes. You would have a more or less blurred vision, and if you kept on looking the chances are that you would feel giddy and get a headache. Now, the two eyes are supposed to have an equal natural focus, and when by any chance that focus is unequal a headache results. The remedy is a pair of glasses or a single glass to make the eyes equal in power. —Exchange.

son cannot do any good in a bad spirit. If one hates a man he cannot reform him. Every good thing that a man does puts some evil up by the roots. Good deeds grow by smiles as the wheat grows by the sunshine. Boost the good and the bad will have a poor chance.

It is right to curb the evil—if one does not waste all his strength at it, so that he will have to sit down and lose heart. There is no final defeat in an honest, sincere effort, and that is the doctrine of the upward look and the bright side of life.

SHOE ODDITIES.

Two Pairs Are Sometimes Broken to Oblige Finicky Customers.

When a one legged man buys a shoe the dealer sends to the factory for a shoe to match the one left remaining. In these days of the use of machinery in every process of their manufacture shoes are made with the utmost exactness and precision, and it is easily possible to mate that remaining shoe with the greatest nicety in size, style, material and finish.

Few people have feet exactly alike. Commonly the left foot is larger than the right, so that one shoe may fit a little more snugly than the other. Commonly, however, people buy shoes in regularly matched pairs, the difference in their feet, if it is noticeable to them at all, not being enough to make any other course desirable.

But there are people who buy shoes of different sizes or widths, in which

case the dealer sends two pairs for them, giving them to fit their feet, one shoe from each. In such cases the dealer handles up the two remaining shoes, one from each of two pairs, just as he would where he had broken one pair to seal one shoe to a one legged man.

The Story of a Notice.

Germany is being blamed for the story of a factory notice now going the rounds. Prominently displayed near all the live wires it reads:

"To touch these wires means instant death. Any one failing to respect this warning will be prosecuted and fined." No one has up to the present had to be prosecuted.—London Tatler.

Tommy Gave Her Away.

Caller (writing for Tommy's sister)—I have a dime for you, Tommy. Now I propose— Tommy—Well, you'd better propose to sister. She's getting tired of waiting.—Chicago News.

Facts and Figures Showing The Need of More School Buildings For The City of New Bern.

At a meeting of the Board of Trustees of the New Bern Graded Schools held April 14 the President and the Secretary and Treasurer of the Board were instructed to prepare and publish a statement in the New Bern papers, setting forth the needs of more school facilities for the City Schools of New Bern.

We herewith attach report in detail: Enrollment By Rooms and Grades.

| Grade | Enrollment | Room |
|-----------------------------|------------|-------|
| 1A | 77 | No. 1 |
| 1B | 34 | None |
| 1C | 31 | None |
| 2A | 38 | No. 2 |
| 2B | 45 | No. 3 |
| 2C | 42 | No. 4 |
| *Uses 2A room after 1 p. m. | | |
| †Uses 2C room after 1 p. m. | | |
| Central Building. | | |
| Grade | Enrollment | Room |
| 3A | 39 | No. 1 |
| 3B | 52 | No. 2 |
| 3C | 38 | No. 3 |
| 4A | 62 | No. 4 |
| 4C | 34 | No. 5 |
| 5A | 40 | No. 6 |
| 5B | 50 | No. 7 |
| 6A | 55 | No. 8 |
| Griffin Building | | |
| Grade | Enrollment | Room |
| 4A | 35 | No. 1 |
| 6B | 40 | No. 2 |
| 7A | 28 | No. 3 |
| 7B | 27 | No. 4 |
| 8A | 22 | No. 5 |
| 9A | 21 | No. 6 |
| 9B | 22 | No. 7 |
| 8B | 21 | No. 8 |
| 10A | 8 | No. 8 |
| 10B | 7 | No. 8 |

Only 20 rooms, 10A and 10B and 8B have one-half room each.

Summary—Grades 1B and 1C have no rooms and are held from 1 to 3:45 p. m., in rooms just vacated by grades 2A and 2C. In order to get rooms at 1 p. m., 15 minutes is cut off the time of 2A and 2C. Grades 4A and 6A should be divided, thus requiring 2 additional rooms and 2 additional teachers.

One teacher in the High School has no room and is compelled to teach in the hall, basement or any place not already occupied.

The above makes 5 rooms needed just at this time—and would not provide for any growth in the attendance at school whatsoever.

Grades 1A, 3B, and 5B are also very large, but at present can be managed but with poor results to the pupils.

FIGURES ON THE GROWTH OF THE POPULATION—showing that rooms should be provided now to take care of the growth for the next two years or more.

| Average Daily Attendance. | 1908-09 | 1909-10 | 1910-11 | 1911-12 | 1912-13 (April 1, 1913, 6mos.) |
|---|---------|---------|---------|---------|--------------------------------|
| 1908-09 | 589.89 | 648.83 | 685.55 | 718.45 | 775. |
| Increase 1913 over 1908-09 is 186 per day. | | | | | |
| Average increase past 4 years has been 46 per day. Taking this average as a basis, we should have about 100 more pupils in the next 2 years, and we should provide for this increase now. | | | | | |

No additional rooms have been built since the summer of 1909 when addition was made to Griffin Building, although the average school attendance has increased 186 per day.

LOCATION OF SCHOOL ENROLLMENT AND CENTRAL LOCATION OF SCHOOL PLANT TO PRESENT POPULATION.

The present school enrollment is 923. Of this number 133 reside north of Queen street, and 137 reside west of George street—or 270 outside of the section of the city bounded on the North by Queen street and West by George street—while 70 per cent live in this section.

The school Buildings as now located are within 200 ft. of the centre of a line running from Avenue A to the corner of East and South Front streets, and the distance to McCarthy's store from the School Green is only about 1 block farther than the corner of East Front and South Front Streets.

A circle drawn with the centre at the middle point of the Academy Green and with a radius equal to the distance to corner of South Front and East Front streets, would leave not over 50 pupils on the outside of the circle.

The Graded School Board has nothing whatever to do with pupils living outside the City limits. This is a matter for the County Board which this year pays tuition for such pupils—the number being 21 and the amount for such pupils living North and West

of the city limits is about \$10.00 for the 4 months.

Seven of the 21 pupils mentioned above live West and 14 live North of the city limits.

MEETING OF BOARD OF TRUSTEES APRIL 14, 1913.

R. A. Nunn moved the adoption of the following resolutions:

1. That the Board of Trustees appoint a committee to prepare and to publish a statement of the needs of the Graded Schools of the city.

2. That the Board of Trustees now record its intention to request the Board of Aldermen of the city to issue bonds of the city, in the event the voters of the city in this next election authorize the issuance of any, in an amount not exceeding the sum of \$20,000, and to levy an additional special tax in an amount not exceeding 5c. on \$100 valuation of property and 15c. on the poll.

Respectfully submitted, THE BOARD OF TRUSTEES, New Bern Graded Schools by T. A. Green, President,

H. M. GROVES, Secty and Treas.

A FEW POINTS IN FAVOR OF THE PITTSBURG VISIBLE TYPEWRITER.

There is not the least doubt but that THE PITTSBURG VISIBLE TYPEWRITER is the best low priced machine on the market today. It is durable, attractive and light. Its simplicity is marvelous. There are no complicated parts to get out of order. It is like an open book. If something clogs, you have only to make a few turns with a screw driver, remove the part causing the trouble, clean it off, replace and go ahead. It is the only machine in the world on which the set of type and type bars can be taken apart from the machine in less than ten seconds. This feature alone is worth many dollars as a time saver. It is the only machine now on the market with which twenty legible typewritten copies can be made at one writing. The ribbon control is automatic, the color change is simple and convenient, the back spacer and tabulating key are within an inch of the operator's hands when using the machine. The type are lined in a symmetrical row in front of the operator and are easily cleaned. Strong piano steel wires control the type bars and it is impossible for these to break. The machine is so constructed that the lightest touch or the vigorous pound used in heavy manifolding have the same effect on the mechanism. Call at the office of the E. J. Land Printing Company and take a look at this wonderful machine. Price \$65.00 on the easy payment plan.
