A FEW POINTS IN FAVOR OF THE PITTSBURG VISIBLE TYPEWRITER.

There is not the least doubt but that THE PITTSBURG VISIBLE TYPEWRITER is the best low priced machine on the market today. It is durable, attractive and light. Its simplicity is marvelous. There are no complicated parts to get out of order. It is like an open book. If something clogs, you have only to make a few turns with a screw driver, remove the part causing the trouble, clean it off, replace and go ahead. It is the only machine in the world on which the set of type and type bars can be taken apart from the machine in less than ten seconds. This feature alone is worth many dollars as a time saver. It is the only machine now on the market with which twenty legible typewritten copies can be made at one writing. The ribbon control is simple and convenient. The back spacer and tabulating key are within an inch of the operator's hands when using the machine. The type are lined in a symmetrical row in front of the operator and are easily cleaned. Strong piano steel wires control the type bars and it is impossible for these to break. The machine is so constructed that the lightest touch or the vigorous pound used in heavy manifolding have the same effect on the mechanism. Call at the office of the E. J. Land Printing Company and take a look at this wonderful machine. Price \$65.00 on the easy payment plan.

"Bunkered!"

When a golf player is "BUNKERED" he is "UP AGAINST IT" and "IN BAD," to use the slang of the day.

Local merchants are "BUNKERED" when you fail to patronize them and send your money out of town to mail order houses.

The town itself is "BUNKERED" when it does not hustle for new industries and support a live Board of Trade.

Don't Be Bunkered!
