THE HELLO BILLS TAKE WILMINGTON

Annual Convention Of North Carolina Elks Is Now In Session.

NEW BERN WELL REPRESENTED

First Business Session Held Last Night At The Oceanic Hotel.

(Special to the Journal)

Wilmington, June 5.—The annual convention of the North Carolina Association of Elks convened here this morning and several hundred delegates from all parts of the State are in attendance. In addition to the delegates to the State meeting there are a large number of Elks from various lodges nearby, drawn hither by the desire of the lodges to compete for the handsome loving cup to be awarded to the lodge which has the largest number of members in the big parade to be held tomorrow on the principal street of the city.

The "Hello Bills" began to arrive yesterday afternoon and since that time every train has brought its full quota of the members of the antlered tribe. New Bern, Raleigh, Greensboro, Charlotte and Rocky Mount are already well represented and it is understood that many more delegates will arrive tomorrow from New Bern to participate in the big parade.

At 10 o'clock this morning the visitors gathered at the Elks' Temple on Front street for registration and to get acquainted with each other. At 4 o'clock the visitors and members of the local lodge boarded the electric cars and went to Wrightsville beach where a delightful hour was spent enjoying the surf bathing and other pleasures of the resort.

The first business meeting was held at the Oceanic Hotel tonight. This was presided over by William Dunn, Jr., of New Bern, President of the State Association of Elks. Mr. Dunn's address was intensely interesting and was thoroughly enjoyed by all present. Rabbi Harry A. Merfeld, Past Exalted Ruler of the New Bern Lodge, responded to the address of welcome on behalf of the lodges in the Eastern District.

Following the business session a delightful dance was tendered the visitors at Lumina.

Tomorrow morning at 10 o'clock the grand parade will be held. This will be one of the features of the convention and every lodge will participate. The Wilmington lodge will march in the parade but will not be in the contest for the silver cup.

At 1 o'clock tomorrow afternoon luncheon to the visitors will be served in the Elks' Temple, where a business meeting at 2:30 will be held. At 5 o'clock an automobile ride will be given the delegates, and as every Elk who is owner of a motor car is on the committee, together with his friends who have cars, it is expected that the procession of machines will extend two miles.

Tomorrow night the Tidewater Power Company will give a souvenir dance at Lumina in compliment to the Elks, and this will be the last event of the meeting. Souvenirs will be given in the form of pennants bearing the emblem of the order.

Instead of badges, all delegates have been presented with a button watch chain, the button being of gold plate and blue enamel, decorated with the watch dial and the Elk's head, and inscribed, "North Carolina State Association Elks, Wilmington No. 532, 1913." This will be worn by visiting Elks and their wives and will be the open sesame to all meetings and events of the State Convention.

WILL GIVE FREE BIBLE LECTURE

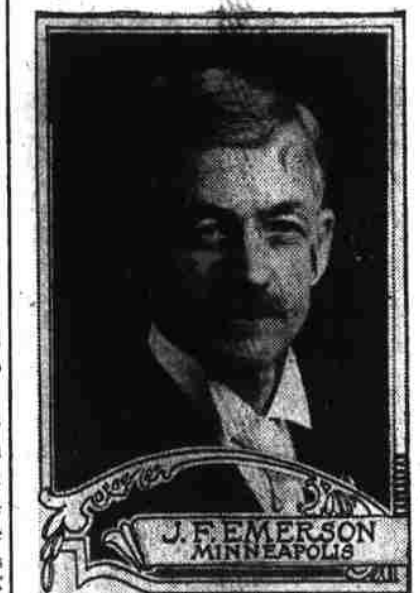

REPRESENTATIVE OF INTERNATIONAL ASSOCIATION WILL SPEAK.

WORK BEGINS THIS MORNING

State Pharmaceutical Association To Meet Here Next Week.

(Special to the Journal)

A free Bible lecture has been scheduled by the International Bible Students' Association to be given in the Athens Theatre, at 8 o'clock on next Sunday evening. The speaker, Mr. J. F. Emerson, is said to be an experienced Bible student and lecturer and explains the general drift of affairs in the world in the light of the Scriptures. He says: "Things are not all that we would like them to be. We would be glad if social and industrial conditions prevailed wherein every one might at least be able to provide things decent and honest and have some time for self-improvement. We can fully sympathize with Dr. Galvin's statement in the Boston Post:

Will Lecture at The Athens Theatre Next Sunday Evening

"The real cause of the crime that is being committed today is that 95 per cent. of the people don't care what harm comes to the other fellow so long as it does not happen to them."

"If a change does not take place in the existing conditions, which will stop the rapid increase of the number of unemployed, I predict, with all sincerity, that by 1915 there will be such a revolution as will make the millionaire afraid to step outside his home for fear of having his brains blown out by the starving man who awaits him."

"The Bible shows, however," says Mr. Emerson, "that we are in a transition period and that there is a bright future ahead of us even though we may have to sail through a stormy sea to get there."

The lecture is free to the public. Its purpose it is announced, is to stimulate faith in God and to encourage Bible study. Those who are arranging for the lecture state that all thinking Christians and honest skeptics are especially invited. All seats will be free and there will be no collection.

FORM A FREIGHT LINE TO NORFOLK

FOUR BOATS CONSOLIDATED.
BOAT EVERY WEEK FROM THE VIRGINIA CITY.

A regular boat service between New Bern, Norfolk and Baltimore has been effected by the consolidation of several sail vessels which have been making scattering trips between these ports mentioned.

J. B. Blades has become interested in the enterprise and while no name for the line has been selected it is more than probable that it will be known as the "Inter-Coastal Freight Line."

There will be one boat each week leaving Norfolk. Arrangements have been made with the Pennsylvania Railroad to receive through shipments from the West, so that no demurrage will accrue on the coast to be delivered to the New Bern boat line. All freight bills will be forwarded to New Bern for collection.

PROGRAM AT THE ATHENS TODAY.

INDIAN IN TOWN

Panther a Sioux Indian with special scenery, singing, dancing, and oration was one of the biggest vanderbilt hits that has been at The Athens this season. The costume worn by Panther is genuine buck skin and cost \$250.00. This is a very refined art. She was born in South Dakota and is highly educated. Don't miss our show today. Our picture programme is a good one.

"Parcels Post Jonnie"
By Kalem. This is a roaring comedy.
"Diverging Paths"
By Selig. A story vividly contrasting the paths of a life.

"Pete Joins The Force"
By Lubin. This is another side splitting comedy. When you see these comedies, you will be in a good humor all night and all the next day.

Remember Worth's Orchestra displays beautiful music all during the show. To hear them is worth more than the price of admission.

Saturday we will show
"The Pickwick Papers"

From Charles Dickens famous novel. Featuring John Bunny as Mr. Pickwick.

Special Saturday Matinee. Panther will give a good talk to the children about the Indians.

REV. L. P. HOWARD DELIVERS SERMON

Commencement Exercises Of The New Bern Public Schools Begin.

ROCKY MOUNT DIVINE HEARD

Annual Sermon Followed By Reception To The Graduating Class.

(Special to the Journal)

The commencement exercises of the New Bern Public Schools began yesterday, having been delayed from the previous night on account of an accident to the electric light plant which caused the city to be in darkness.

The commencement was opened with the class day exercises which were held yesterday afternoon and which were well attended and which proved very enjoyable.

Class Day Exercises.

The class day exercises always prove of exceeding interest to the pupils and as usual, yesterday's exercises were well attended. In addition to the large number of pupils who were present on the campus in front of the Griffin building, where the exercises were held, there were a number of interested spectators.

The program this year was interspersed with a number of fascinating folk dances and marches, a new feature, and these attracted considerable attention. "Mountain March" was the first number on the program. It was participated in by the entire school, after which the class of 1913 gave a repetition of the same march.

The singing of the commencement song by the pupils of the high school and the class of 1913 was next on the program. Then came a number of pleasing folk dances and the singing of the class song. The placing of the brick by the class of 1913 was done by Miss Kathleen Charlton.

The exercises consumed more than an hour and there was not a dull minute during this time.

Last Night's Exercises.

The features of the exercises last night was the annual sermon delivered by Rev. L. P. Howard of Rocky Mount, N. C., the reception to the graduating class and the banquet to the graduating class.

Griffin auditorium, where the sermon was delivered, had been attractively decorated for the occasion with flags, pennants and banners bearing the school colors, black and red. Long before the hour set for the opening every seat was taken.

The program was opened with a selection by the orchestra and this was followed by prayer by Rev. J. N. H. Summerell, pastor of the Presbyterian church. Misses Wyatt, Jones, Claypoole and Folsom, then delighted the audience with a delightful piano and violin quartette.

Rev. L. P. Howard, who delivered the annual sermon, is a master in the art of oratory and from the moment that he arose, his audience manifested that air of expectancy which men of great personal magnetism always command. For more than an hour he held the rapt attention of his hearers and it was plainly evident that his discourse not only proved instructing but highly interesting.

Following a solo by Miss Emma Louise Kehoe the 7 B Grade sang "The Bright Rosy Morning" and the benediction was pronounced by Rev. J. B. Phillips, pastor of the Tabernacle Baptist church.

Reception To Graduates.

At the conclusion of the exercises held in the auditorium the following young ladies, Misses Kathleen Charlton, Blanche Gaskill, Minnie Bell Smith, Pearl Waters, Elizabeth Morton, Kathleen Lucas, Alice Ferrabee and Norma Styron, who composed the graduating class, ascended to the first floor of the building and there, beneath an arch constructed in the hall, received the congratulations of the visitors as they passed out of the building. At the completion of this part of the exercises the class was tendered a banquet, this being held in the department used by the Domestic Science and Manual Training classes. This proved to be one of the most enjoyable events of the evening and will ever linger pleasantly in the memory of each one present.

Today's Program.

This morning at 10 o'clock the De-

PAMLICO COUNTY MAN IS IN JAIL

M. D. WILEY IS CHARGED WITH GIVING CARTERET MAN A BOGUS CHECK.

(Special to the Journal)

M. D. Wiley, a contractor and merchant whose home is in Pamlico county and who has been engaged in the commission business, traveling over the Eastern part of North Carolina, was placed under arrest yesterday at Columbia, N. C., on a warrant charging him with giving a bogus check for one hundred and sixty-six dollars to W. S. Hancock of Beaufort.

Thinking that Wiley was probably in this city, Mr. Hancock telegraphed to Sheriff R. B. Lane asking that he be placed under arrest. Sheriff Lane at once got busy and learned that Wiley was not in this city but had gone to Columbia and he at once telegraphed to the authorities in that town to place him under arrest and hold until the arrival of an officer from this city and this was done.

Sheriff Lane or one of his deputies will leave for Columbia this morning and will bring the prisoner to New Bern.

AN EXCURSION TRAIN IS ADDED

MOREHEAD CITY TO HAVE THE BEST POSSIBLE TRAIN SERVICE.

Beginning next Sunday, June 8, the Norfolk Southern Railway Company will place an excursion train on the line between Washington and Beaufort. It will stop at all local stations but will carry no baggage. Going to Beaufort it will reach New Bern at 8:50 a.m. and returning to Washington will reach here at 7:50 p.m.

The only effect that this excursion train will have on the regular Sunday schedules will be a change in the schedule of the train going West. This train now reaches New Bern at 5:20 p.m. but beginning next Sunday the schedule will be changed so that it will not arrive here until 6:55 p.m.

The Norfolk Southern Railway Company are desirous of making Morehead City as popular as possible and are intending to give that place an especially good train service during the summer months.

The regular monthly meeting of the Library Association will be held Saturday morning at 11 o'clock at the library rooms.

NOT DECEIVED BY SHOW OF FREIGHT

President Wilson Not a Bit Feazed By Flurry in Wall Street.

JUST WHAT HE WAS EXPECTING

Developments Simply What He Foresaw When He Made Famous Speech.

(Special to the Journal)

Washington, June 5.—With the first suggestion from the Department of Justice as to the nature of its "trust-busting" program, Wall street makes a show of fright and at once depresses the market.

This is the burden of the news received in Washington following the announcement from Attorney-General McKim that he is dissatisfied with the decree in the American Tobacco Company dissolution case and that he means also to look into the effect of the decree in the Standard Oil case.

And this is just exactly what the President has anticipated all along. Such a situation was in his mind when he made his famous Haman's gallows speech in New York before the inauguration and the same thing was foreseen by him when he wrote the Tillman letter insisting that currency legislation should be passed at once to meet any emergency that might arise.

The truth is there was nothing particularly radical about the program of the Department of Justice.

Yet these are the things that have apparently agitated the market and so vastly disturbed Wall street. Coupled to these announcements, of course, was the action of the President in holding out that live stock and wheat should go on the free list. This determination on the part of Mr. Wilson is cited as another cause of the depression in the stock exchanges.

In taking his stand the President let it be known to the Senate Finance Committee that he was opposed to any backtracking in the matter of the market basket. The committee wanted to put wheat, flour and packing-house products on the dutiable list to make the Underwood bill consistent in this matter, but the President thought consistency could better be promoted by taking the tariff off cattle and wheat.

The market flurry has, in any event, borne out the Administration's view that emergency currency legislation should be enacted before this session of Congress adjourns. There may be no need for it after all, but the President's idea is that the party should play safe by being prepared, if a serious financial situation should develop.

Washington does not seem particularly alarmed over the market depression in New York. Such a condition seems to be taken as a matter of course in most quarters. There are a few thoughtful party leaders, however, who are more inclined than they have heretofore been to agree with the White House in its contention for financial legislation here and now.

BOARD AGRICULTURE NAMES COMMITTEES

Raleigh, June 5.—The board of agriculture spent most of the morning session hearing reports and left open until the afternoon session the matter of clothing oil inspectors. There is some agitation on the board for extending the civil service principal to these positions, but this will hardly be accomplished at this time. The following committees were named today:

Quarantine—Barnes, Woodard, McCallum, Shuford.
Executive—Scott, Cannon, McCallum, Latham.
Police—Shuford, Woodard, Bledsoe, Barnes.
Test Farm—Poe, Cannon, Shuford, Latham, Bledsoe, Scott, Barnes.

Lipemen employed at the city's power plant yesterday found the short circuit which caused the big dynamo to be put out of business on the previous night. The trouble was on the line at the corner of Hancock and Pollock streets and after having been located was remedied within half an hour and the "juice" again turned on.
