Small Pox. It is reported that a number of cases of small pox are in and around Elizabeth City, and that several deaths have occurred from the disease. It was first caught by a negro preacher, who died forbidding it. and not knowing the cause of death, his funeral was largely attended, and the disease spread rapidly from that occasion. No doubt the number has been greatly exaggerated, but still precautions will do no harm. The matter is in the hands of the authorities, who will deal properly with incoming transportation lines .- North State Press.
