

# THE DAILY JOURNAL.

VOL. I.

NEW BERNE, N. C., THURSDAY, JUNE 8, 1882.

NO. 58.

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

R. O. E. LODGE—Notice of Assessment.

### Journal Miniature Almanac.

Sun rises, 4:43 Length of day, 14 hours and 31 min.  
Sun sets, 7:14. J 14 hours and 31 min.  
Moon rises 12:14 p. m.

### Thermometer Record of Yesterday.

7 a. m.	72
9 p. m.	80
9 p. m.	78

Spring chickens are selling for forty cents per pair.

The safe, purchased for the City officials, has arrived.

The frame work of the new depot building is going up.

Several car loads of corn are at the railroad wharf waiting shipment.

The Revenue Cutter Stevens left port yesterday on a cruise down the river.

The reports from every direction state that the cotton crop is small, and a bad stand.

The County Commissioners adjourned on Tuesday to meet on Tuesday the 13th instant.

Mr. Wm. Dunn is sending in the second crop of strawberries from his farm near the city.

Thos. Green (col.) is building a new blacksmith shop on Craven street, near Cuthbert's machine shop.

Mr. L. H. Cutler is thoroughly cleaning up and repainting the inside of the Perry house on the corner of Hancock and Pollock streets which he has recently purchased.

We are indebted to Dr. Charles Duffy for the letter on our second page from Marsh, Price & Co. on the growing cotton crop. All indications now point to a good price for the present year's crop.

Mr. D. N. Farnell, a recent graduate at Trinity College, N. C., will deliver the Literary Address at the closing exercises of Swansboro Academy, June 10th. The people of Swansboro and vicinity will no doubt be pleased to hear the first effort of this talented young gentleman.

We learn that the ladies of the city are taking steps to get up a Festival some time next week to aid in buying new uniforms for the Silver Cornet Band. A very worthy enterprise, for the band reflects credit on the city, and should have a uniform that will compare favorably with the elegant music rendered.

**Board of Trade—Election of Officers.**

The following officers have been elected by the Board of Trade for the ensuing year: Geo. B. Guion, President; C. H. Blank, Vice President; James Redmond, Sec'y and Treasurer; B. M. Gates, K. R. Jones, John H. Bell, J. F. Clark and Alex. Miller, Directors.

**Crops in Hyde.**

We learn from Mr. Wm. Sawyer of Hyde county, the following crop news: Cotton is looking very poor, the cold weather has kept it down and killed it until it is a very poor stand. About the same acreage is planted as last year. Corn is looking well—has a nice, green color, but is quite small for this time of the year. Rice is looking very well. About the same acreage in cultivation.

**River and Marine News.**

The steamer Experiment arrived on Tuesday night from Baltimore with cargo of general merchandise.

The schooner Mary B. Berry Master, from Juniper Bay, Hyde county, with cargo of corn consigned to J. A. Meadows and Burrus & Co.

The schooner Gov. Vance, Capt. S. H. Spencer, from Engolhard, Hyde county, with cargo of corn consigned to J. A. Meadows and Burrus & Co.

The schooner Ella Hill arrived yesterday evening from Charleston.

The schooner Hacanna, Eugene Spencer, master, from Engolhard, with cargo of corn consigned to Burrus & Co.

**New Berne's Industries.**

We have rested awhile on our efforts to write up the industries of this city, not because the subject is exhausted, but merely to give our readers a little variety. Yesterday we visited

JOHN DUNN'S CANDY FACTORY.

He has been engaged in the business for about five years, and is now using five barrels of sugar a week.

"How is the business this Spring, Mr. Dunn?"

"It is better than for some time. I have orders considerably ahead for stick candy."

"Do you supply the local demand?"

"Yes, for stick candy I supply nearly all that is sold in New Berne. I don't make the fancy grades."

"Why not?"

"The machinery and skilled labor

would demand an outlay of more capital than the business would pay here."

Walking up stairs we find the hands at work, making a lot of lemon stick.

Perhaps our little readers would like to know how the beautiful stripes are made around a stick of candy with so much regularity. We will tell them what we saw. The sugar is put into a copper kettle, about one gallon of water added to every thirty pounds. It is set to boiling, and before it is done cooking, cream of tartar is added to prevent its returning to sugar. When through cooking, a small portion of the lump is pulled until it is perfectly white, the balance of it is worked into an oblong shape and the white laid in rows—lengthwise—all around it. They then begin at one end, having it on a clean nice table close to a heater, and pull, giving it a twist every time they pull.

In this way it is drawn out to the proper size. This is the way the lemon candy is made. No doubt every boy that reads this will think he can make candy. No doubt he can put sugar in a kettle and boil it, but to make it successfully will require some practice.

**Resolutions.**

At the regular meeting of the New Berne steam fire engine company No. 1, the following resolutions were adopted:

WHEREAS, Since our last meeting, the excursion then planned and agreed upon to our sister town of Washington, has become an accomplished fact, it having taken place on the 29th of May and, whereas, The facts and hospitalities incident thereto and received, deserve a notice at our hands, therefore be it

Resolved, That the occasion as a whole was one of the most joyous and interesting that has ever been our good fortune to participate in, it being contributed to by our invited guests, no less than the superior weather and continuance of most advantageous circumstances.

Resolved, That our reception by the authorities and people of Washington was of the most gratifying character, abounding as it did in heartiest welcome and manifest pleasure at our arrival; that our treatment by the entire community, during our stay, was in the highest degree of the most hospitable character, and their efforts made for our comfort and pleasure will ever constitute a warm place in our hearts.

Resolved, That to the fair women are our thanks eminently due for their many acts of kindness and gentle courtesies evidenced more especially in the tasteful, bounteous, and elegant banquet spread by their fair hands.

Resolved, That it will ever afford us the highest gratification to be able to reciprocate the kindnesses shown us and cordially invite the citizens of Washington to visit us.

Resolved, That our thanks are due and are hereby tendered to the members of the New Berne Silver Cornet Band for their attendance and services, and take pleasure in testifying to the fact, that on this occasion, as ever, they maintained their high reputation for skill as musicians, and deportment as gentlemen.

Resolved, That a copy of the foregoing be sent to Mayor Warren of Washington, a copy spread upon the minutes of the Company, and also furnished to our city papers for publication.

J. W. Moore, E. B. Hackburn, Committee.

J. A. Suydam.

**Stonewall Items.**

Farmer's faces are looking long, owing to the cool weather. Cotton looking sorry; corn seems to stand cool weather well; farmers are pretty well up with their work and crops clean.

Mr. Editor:—I am reliably informed that Mr. Benjamin Bennett, a citizen of this county has a cow that has given birth to two calves as follows: the first in the first week of April and the second and the last week in May. First calf lived two weeks, and the second is still living and doing well. So says my informant Mr. Willis of Bennett's neighborhood.

**BAXTER.**

**Washington News.**

Two of New Berne's fair daughters are in town, and attract marked attention on the streets by those who desire a "rib."

The Washingtonians are quite jubilant over the Tiger Lily running behind the steamer Greenville during the late excursion.

Ed. Smallwood, the sewing machine man was in town Tuesday. He has the reputation of being the most successful agent in the Singer Company.

The ground work is being laid for a large and extensive Rice Mill near the bridge, which, when completed, will compete with any rice mill in the State.

J. W. Hodges near this town has 50 acres in oats, and he challenges the State on a finer and more promising crop. They are in one field, and attract every traveler. He cuts this week.

Superior court is still in session, Judge McCoy presiding. He has the appearance of being a very impartial Judge. The civil docket is full. With the exception of Judge Rodman and Maj. Sparrow the bar is exceedingly young. Only seven young resident lawyers.

Your excellent weekly is received with unqualified endorsement. It is regarded as exceedingly newsworthy. We will take pleasure in communicating any items from our corresponding towns.

that will interest the JOURNAL readers. We hope you will press your efforts until we get a daily mail. The twin sisters should communicate oftener than semi weekly.

OCCASIONAL.

**Kinston Collegiate Institute.**

The primary department opened Monday night the commencement exercises with a hearty "welcome" from Master Herman Grainger.

The impression of "a lady's foot" was made on the audience by Alonzo Grady, when little Katie Presson, in ringing accents, said, "George don't come home to-night," while Gen. Robert Lee Rhodes brought out "Dose lamb vot Mary have got." After music, Miss Sadie Grainger exercised herself in "choosing occupations," and Carl Pridgen gave his experience in "courtship and cooking," and little Joseph Turnage, in fine style, told of "a boy's troubles."

Music again, when Misses Maggie Andrews, Emma Spain, Neta Rouse, George Grady, Phoebe Curtis and Agnes Presson, in dialogue, indulged in Spring time wishes. Then sweet little Daisy Bright sweetly portrayed "Daisy's Faith," and Miss Lena Spain delivered a "lecture on matrimony."

After music, Johnnie Presson told how "other fellows think so too" and Alonzo Grady read "Prayers I don't like." Theodore Fulford loudly sounded "the trumpet," and Miss Ella Hill told of things "now-a-days." Roscoe Miller followed with "Joseph Warren's address," and charming Minnie Orvis, in delightful accents, told of "Katie Lee and Willie Gray," while Eddie Curtis, in heard in the "Inquiry" and Marietta Sutton was seen in "coming round."

"The palmetto and the pine," by Plato Collins, suggested—"Plato, thou reasonest well," when "love unexpected" was declared by Miss Annie Curtis, and young Needham Moore exhibited "the crowd." Then, in "choosing," Misses Lena Fields, Minnie Orvis, Marietta Sutton, Katie Presson, Agnes Presson, Cattie Isler and Lena Spain uttered their wishes and their preferences.

Master William Wooten followed, grandly exhibiting "Tell, among the mountains" and Miss Lillie Turnage sagely gave "advice to mothers." Willie Grady brought down the house on "our baby again," when Miss Lizzie Tucker eloquently and sweetly spoke to "my mother at the gate."

John Walsh, in oratorical force "a chip of the old block," finely described "the boys" and Adolph Einstein feelingly dilated on "the bondage of drink." (Perhaps a little later might be excused.)

Finally, Miss Captola Grainger, in charming style and costume and with sweetly uttered words, bade all, for the evening "farewell."

**Notice.**

To the Democratic Conservative Voters of Jones County.

By order of the County Executive Committee, you are hereby notified to meet in Township Convention on Thursday, the 15th of June for the purpose of electing delegates to the County Convention to be held in Trenton, on Saturday, the 17th of June 1882 to select delegates to the senatorial, judicial, congressional and State Conventions. Each Township will elect a Township Executive Committee of five persons and the Township Committee so elected are requested to meet with the Convention on the 17th of June to elect a County Executive Committee.

JAS. B. STANLEY, Chairman Executive Committee for Jones County.

**STATE NEWS.**

**Cleaned from our Exchanges.**

**Tobacco Plant:** The corn, as a general thing, is small but has a good color and is growing rapidly.

Times will be quiet in Chapel Hill till the Normal school opens. The attendance this year is expected to be large.—We learn from tobacco planters from Granville that the tobacco is buttoning up in many instances and is being pulled up and other plants set.

Wilmington Star: Why not have more cotton factories? Troup cotton factory, Georgia, one year old, has just declared a dividend of 24 per cent. on the capital invested. Good enough.—The Norwegian barque Trevelier, Capt. Passell, was cleared for Pernambuco, Brazil, yesterday, by Messrs. Edward Kidder & Son, with 193,991 feet of lumber, valued at \$4,186.05.—Mr. Wm. Mints, the night Janitor at the City Hall, was stung over one of his eyes by a spider while asleep on Sunday afternoon, and at last accounts the afflicted member had a very inflamed appearance and was causing him much pain.

Raleigh Evening Visitor: Fodder is selling in this market at \$1.25 per hundred; new oats 82 cents; meadow hay from 40 to 60 cents; cultivated hay 75 cents to \$1.00 per hundred.—The first load of new oats for this season was brought to market Tuesday by Mr. R. J. Olive, of Cary township, and was sold to Mr. W. C. Stronach at 82 cents per hundred, this being 10 days earlier in the season than last year. The farmers from all parts of the county say that wheat and oats are better than they have known them for many years.—Col. J. M. Heck, of this city, is prominently spoken of as the probable successor of Dr. T. H. Pritchard, as President of Wake

Forest College. The Colonel is eminently qualified to fill the place, and we, in common with others, would be pleased to see him elected to that position.

**News and Observers:** Blackberries now sell at 10c. quart, peaches at 20c. dozen.—The Revenue collections in this district for the week ending Saturday evening were \$21,779.20.—We hear that the Hon. Jefferson Davis will meet many of his old Confederate comrades at the Atlantic Hotel, Morehead, early in July.—We learn from a private letter that Judge Gilliam had a narrow escape while traveling over the mountains from Franklin to Hayesville, in a buggy, with Thomas D. Johnson, Esq. While they were going down a very steep road, with a rugged looking precipice on the left, the horse went partly over the edge, dragging the buggy with him. Judge Gilliam jumped just as the buggy was upon the edge, and escaped with a sprained wrist and a lame finger. His jump drew forth the applause of the entire party. Gov. Robinson, Mr. Kope Elias and others being near, and he has made much athletic reputation thereby.

**Daily Review:** A little white girl, Jennie Hill, while out in the vicinity of Hilton a few days ago hunting wild flowers, slipped and fell into a deep pool of water. Mr. Willie Turley, who saw the little thing go under, plunged in the water and succeeded in pulling her out after she had sunk twice.—We were pleased to receive a call yesterday from Capt. Swift Galloway, the genial and pleasant gentleman who has the honor of being State's Solicitor for this judicial district. Capt. Galloway was a gallant officer in the Third N. C. during the late unpleasantness and bears the marks of his devotion on his person to this day. He is an excellent officer and will be sure, we think of a re-nomination.—A terrible hail storm passed over that portion of the country adjacent to the northern terminus of the Wilmington & Weldon Railroad, on Sunday. At Halifax the storm was very severe and hail stones as large as a turkey's egg were picked up. At Garysburg, a small station a few miles above Weldon, two small children were killed by the stones. The damage to the fruit crop is said to have been great, by reason of the fruit, which was nearly ripe, being beaten from the trees.

**For the Journal:**

**Republican Convention.**

Pursuant to call of the County Executive Committee, the Republicans of Jones county assembled in Convention at the Court House in Trenton on Saturday the 3rd day of June, 1882, for the purpose of electing delegates and alternates to the State, Congressional and Judicial Conventions.

I. T. Wilson, Chairman of the County Executive Committee, called the Convention to order and appointed a committee on credentials, which committee reported full representation from each precinct.

On motion, Isaac T. Wilson was then elected permanent Chairman and C. T. M. Simmons requested to act as Secretary.

The chairman after tendering thanks for the honor conferred and explaining the object of the convention announced that nominations for delegates to the several conventions would be in order; whereupon the following named persons were placed in nomination and duly elected.

Delegates to Congressional convention, E. R. Page and Luke Burney.

Alternates, John Harrison, Edward Kinsey.

Delegates to State Convention, Isaac T. Wilson and Arnold Mills.

Alternates, Balaam Meadows, J. D. W. Hill.

Delegates to Judicial Convention, F. E. Green and Mitchell Kinsey.

Alternates, Noah Hill and Richard King.

Strong resolutions were passed endorsing Hon. Orlando Hubbs for Congress and instructing the delegates to the congressional convention to cast the vote of Jones county for him and to use all honorable means to secure his nomination.

On motion the convention adjourned.

I. T. WILSON, Chm'n.

C. F. M. SIMMONS, Sec'y.

**SEA BREEZE HOUSE,**

Morehead City, N. C.

Will be opened for the reception of guests on 15th of June. Fare and general accommodations equal to any.

Terms moderate.

T. J. STALL.
