TELEGRAPHIC NEWS.

FROM ALL PARTS OF THE WORLD

FORTY-SEVENTH CONGRESS.

FIRST SESSION.

Reported Exclusively for New Berne Journal.

SENATE.

WASHINGTON, June 12.—Mr. Garland from the Judiciary Committee reported as a substitute for the bill for relief A. Sydney Tebbs, and similar measures on the original bill amending section 1218 of the Revised Statutes in reference to disqualifications of persons from appointment to any position in the army of the United States and for other purposes.

After further debate upon the Japanese Indemnity bill, the Senate adjourned.

HOUSE OF REPRESENTATIVES.

WASHINGTON, June 12.—On motion of Mr. Nelsson of Texas, a bill was passed for the erection of a public building at Dallas, Texas, at a cost not to exceed \$150,000.

Mr. Butterworth of Ohio, from the Committee on Appropriations reported back the Army Appropriation bill with the Senate amendments, recommending a concurrence in some and the non-concurrence in others of those amendments. Among the amendments in which non-concurrence was recommended is that making the army retirement compulsory at the age of 64 instead of 62 as provided in the bill as it passed the House.

Mr. Reagan of Texas, moved to concur, claiming that it was unjust and detrimental to the service to retire an officer at the age of 62, regardless of his mental and physical condition.

Mr. Butterworth opposed the Senate amendment. Gen. Sherman had said to him and to others that there was no question as to the propriety, fitness and necessity of the clause in the House bill.

Mr. McCook declared that Gen. Sherman had never stated that the age of 62 was the necessary age and argued in support of the Senate amendment.

Mr. McLane of Mo., advocated the amendment, maintaining that the House provision would put upon the retired list men who were superior to those upon the active list. Such was the case in the navy at the present time.

After further debate by Mr. McCook, in favor of concurrence, and by Mr. Burrows of Michigan, and Mr. Roberson of N. J., in opposition thereto, a vote was taken and the Senate amendment agreed to, yeas 101, nays 75.

The other recommendations of the Committee on the appropriations were agreed to without division.

After passing a few unimportant bills the House took up the District of Columbia business and spent the remainder of the session in discussing the bill appropriating about one and a half million dollars to increase the water supply of the District, and finally the bill was laid over as unfinished business for to-morrow.

The House adjourned.

FOREIGN.

ALEXANDRIA, June 11.—Serious riots broke out to-day between the hostile natives and Europeans, during which several persons were killed and wounded and a number of houses destroyed. The police at first remained inactive.

LATER—Riotous demonstrations have taken place before the French Consulate, to which several of those mortally wounded at the outbreak of the riots were conveyed. The disturbances continued some time before the authorities took any steps to suppress them. The English Consul was severely hurt, receiving a gunshot wound. The engineer of the British man-of-war Superb was killed. The disturbances continued five hours, when a body of military appeared and dispersed the rioters.

LONDON, June 12.—The News Alexandria dispatch says: Rue des Saours, inhabited chiefly by Europeans, was completely wrecked. The Europeans fired from the windows, killing many Arabs. The latter made terrible havoc among the Europeans in the streets. The British Consul was dragged from his carriage and beaten. Derrich Pacha and Arabi Pacha have left Cairo for Alexandria.

The Times correspondent at Alexandria states the engineer of the British man-of-war Superb was stabbed to death. The Captain of the British iron-clad Invincible is in charge of the British Consulate. A dispatch from Alexandria to Renter's Telegraph Company says: The report of the murder of the engineer of the British man-of-war Superb is not generally credited. The patrol on the streets has been doubled.

A correspondent of Renter's Telegraph Company at Cairo telegraphs that at a meeting of the

military leaders it was decided to petition the Khedive to abdicate. It was declared that if he did not he would be massacred. It is rumored that the cavalry and artillery will not join any conspiracy against the Khedive.

LONDON, June 12.—Advices from Alexandria late last night state that the disturbance commenced simultaneously at three different points. The object of the rioters in a great measure appears to have been pillage, in which Levantines as well as Arabs participated. A regiment of cavalry and a regiment of infantry has been ordered to reinforce the garrison.

A telegram published in London says the official report of the riot in Alexandria gives the number of Europeans killed as 67. Arabi Pacha and Mahomed Pacha had separate interviews with Derrich Pacha yesterday. The result of the interview is not known, but it is generally believed that they submit to Derrich Pacha.

LATER—Great excitement continues; the shops are all closed.

VIRGINIA.

CHICAGO, June 12.—A special from Danville, Va., says: Reports from Patrick county are to the effect that 5,000 persons are starving, as the drought of last year greatly curtailed the crops. A load of corn was received at the Court House a few days ago, and hundreds of starving women and children crowded around the vehicle imploring to be given a quart or peck of corn. The Court House is crowded with men, women and children begging bread. Three thousand had not tasted food for two days. Several wagons with relief had been sent from Danville.

APPAQUON, June 12.—The following particulars are furnished of the accident on the Baltimore & Ohio Railroad near this place last night. Four coaches, the engine and baggage car were thrown from the track and completely demolished. The engineer and newsboy, who was in the car next to the tender, were badly hurt, and a company of soldiers, who occupied one of the cars, were nearly all injured. The firemen sprang from the locomotive and escaped unhurt. The wounded were carried into the neighboring farm houses and attended by the residents until assistance arrived from Winchester, eight miles distant. Travel was delayed several hours.

LYNCHBURG, June 12.—In Bedford county, yesterday, while a farmer named Matthew T. Luck was driving to church with his wife and daughters his team took fright, ran away and overturned the vehicle. One of the daughters was killed and another daughter and Mrs. Luck were seriously injured.

COLORADO.

DENVER, June 12.—A heavy rain storm, accompanied by a water spout, passed over this city and vicinity last night, doing great damage. Several houses near Platte River were swept away. Two Germans and three children were drowned in the ruins of the houses which sheltered them. At Golden City, in the mountains, several houses were washed away, and the Fire Brick Works were struck by lightning and completely destroyed.

OHIO.

CINCINNATI, June 12.—The iron mills in this city, Covington, Newark and Aurora are all under headway to-day, under an agreement made on Saturday.

The National Mercantile Association will begin its session here to-morrow. The chief object of the meeting is to create an influence in favor of legal measures to protect the rights of traveling salesmen in the South and West.

SOUTH CAROLINA.

ROCK HILL, June 12.—Yesterday morning Alice McDowell, a white girl fifteen years old, while hunting for plums with other children, was seized and outraged by Jno. Johnson, colored, aged seventeen years. Her companions fled and gave the alarm. Johnson was caught, confessed, and was lynched this morning.

MISSOURI.

ST. LOUIS, June 12.—A special to the Republican from Kirksville, says the wife of Frank Mason, the leader of the bank robbers, has delivered up \$1600 in gold, stolen from the Brookfield bank. A special grand jury has found indictments against all of the robbers, charging them with robbery and assault with intent to kill.

NEW YORK.

COHOES, June 12.—Five weavers went to work in the Harmony mills to-day under the 10 per cent. reduction. Great excitement prevails. Three thousand strikers are gathered about the mill gates, and threats are made to kill the receders. The entire police force has been put on guard.

PROBABILITIES.

WASHINGTON, June 12.—For the Middle Atlantic States, slightly warmer, east to south winds, lower barometer, partly cloudy weather and occasional light rains. For the South Atlantic States, local rains, partly cloudy weather, east to south winds, stationary or a slight rise in temperature, stationary or a slight fall in barometer.

For the JOURNAL.

The Thomasville College.
In attending commencements a person for the time being forgets the cares and perplexities of our tread-mill existence. At Thomasville all was good cheer. Dr. Wetmore and President Greene were the engaged speakers.

The young ladies came in the Chapel at the sound of the bell by twos orderly, neat, and prompt. The essay and valedictory by Miss Rena Beckwith "Over the Alps" was quite creditable. The song "I would not live always" by Miss Minnie Reinhart was rendered so overpoweringly, that many sobbed. The song "Come where the violets bloom," by a trio, was considered among the best. How the passions are aroused or calmed by these fair, tender little young beings.

Looking rightward, the pilot mountain is as a mass of blue and green clouds.

At night every inch of ground-floor of the large brick chapel (the building is of brick, large and imposing) is quickly taken and many outside. The Principal offers any class for a public or private examination.

Looking over this expectant throng we see many queenly women to admire, many stately men to boast of.

Lenoir county has two representatives here as students. Five distinctions are awarded to Kinston, and Miss Berta Hardee receives four of them. A bevy of young ladies decide that Mr. Belvin Reinhart of Silver Mines, Dr. — of Thomasville and Mr. James Hill of Kinston are the handsomest young men present. From the attentions received by the young ladies (up to 12 o'clock) a good many awarded the palm of beauty to Miss Minnie Reinhart of Thomasville, Miss Anna Hardee of Kinston and Miss Alice Wilson of Virginia. The Music department, in charge of Miss Brewster and Mrs. Schooler was surpassingly good in every song and overture.

Prof. Thompson, graduate of Louisville and Rochester Colleges, is one of the ablest teachers in the State. The Misses Beckwith and Draughan are popular with all students and visitors.

All acknowledge that Prof. Reinhart and lady are two of the most accomplished teachers, in manners and mind, in the entire South.

The terms are moderate, table fare good, rooms spacious, and grounds large and well shaded. This school deserves a large countenance and support. VISITOR.

ALEX MILLER,

WHOLESALE & RETAIL GROCER.

Constantly receiving a full line

Choice Groceries

and

FARMERS' SUPPLIES,

which we offer as low as any house in the city, and warrant all goods as represented.
