The State Treasurer in a recent letter addressed to Wm. C. Fields, J. P., taxlister of Kinston Township, rules that all professional men and salaried office.s whose income exceeds \$1000, are subject to the income tax on the excess of \$1000.

The State has realized but very little. fanything, from this source of revenue, heretofore; but now it is proposed to en-

force the law and call it the tax. The Democratic county convention. pursuant to notice, met here last Satur-'right bower' was present not as a 11 61a11'62; February 11 73a11 75; March worker however, but quiet and serene 11 85a11 87. as "a painted ship upon a painted ocean"

Jackson Esq. for Judge, 3rd Judicial district, when out hopped a "ne exeat" from some one who had an "ax to grind" in another direction and so the party in this county has no special purposes to subserve.

It was also proposed to give the Free Press a recommendation to the party, which Capt. Carraway amended by adding the News and Observer the New Berne JOURNAL, the Goldsboro Messenger and all other democratic papers of the State, which was accepted.

We noticed in the Convention an out spoken greenbacker who wisely seems determined to fight his battles in the "lines of the enemy." The usual dele-gates were appointed to the several conventions of the party, State and district, when the Convention adjourned.
