The Mayor had a new Lawn Mower at work on the streets yesterday. The 3d District nominates McKoy for

Judge and Galloway for Solicitor.

There will be a Lawn Party at the Baptist Church this evening, commencing at 6 o'clock.

Mr. E. S. Brinson living near the city sentain on Thursday the first cantelope seen by us this year.

We learn that the Shenandoah will give a Fourth of July excursion down the Neuse. It will make a pleasant trip.

We are requested to announce that there will be a Love Feast at Neuse street Methodist Church to-night at 8 o'clock.

The Goldsboro Messenger for some time, has been showing a decided improvement in its local as well as editorial columns.

A communication from Trenton about the Polloksville Masonic celebration came to hand too late for insertion in the Weekly JOURNAL.

The Observer and Messenger speak ve y highly of the speech recently delivered in Congress by Hon, J. W. Shackleford of this district. It was on the tariff and tax commission.

The News and Observer calculates that the acreage of crops in North Carolina has increased 100 per cent in the last ten years. Rather heavy calculating, even if figures never lie.

Mr. Wm. Erwin has lost another horse -two within the last month. This is very distressing on him, a poor man, to lose in so short a time the two dray horses with which he made a living for his family.

Cotton Outlook.

The New Berne Cotton Exchange have introduced a new feature in their business and are endeavoring to get up the cotton statistics of the growing crop at the 23d instant, by Rev. Henry Cun-the beginning of each month. For the ningham, Elder Nathan Hill to Miss cotton statistics of the growing crop at first of July five answers are in from five counties. Lenoir, Onslow, Craven, Pamlico and Carteret. The reports from lar and give the following answers: "No change in acteuge;" character of

year, "cold and backward"; stands of

cotton, "bad": advancement of crop. "two weeks later" than last year: condition of crop, "small and backward but improving"; number and efficiency

of laborers, "about same as last year" "no increase in fertilizers." The report increase in Pamlico, reported by Mr. N. H. Banks, who also reports labor batter and increased use of fertilizers;

James City Troubles.

We print to-day some resolutions sent by the citizens of James City. The trouble arises from a dispute about the title to 400 acres of land on South side of Trent river (including James City.)

The land is claimed by Mr. James A. Bryan of this city, and we suppose, his legal title is good. The defendents,
