Watermelons are piling in plentifully.

Gordner, not Gardner, is the name of the shingle machine man.

Fine shower yesterday about noon. Heavy rains in the evening.

One case before the Mayor yesterday—fuss among women. Dismissed by the Mayor.

Maj. Dennison ships a large lot of cotton seed meal to-day by the steamer *Defiance*.

Hanf & Son have opened a music house on Middle street near Mr. Hubbard's office.

The *Tiger Lily* arrived yesterday evening from Swan Quarter with the following passengers:

It was wheat made by Mr. Jack Casey of Wayne county and not oats as we had it yesterday.

The excursion on the *Shenandoah* to-day will carry a lot of pretty girls along, and don't you forget it.

The Atlantic Fire Company received five hundred feet of new hose by the steamer *Defiance* on Wednesday.

Mr. C. Erdmann has recently returned from Baltimore with a fine lot of tobacco to be worked up into cigars.

The jumper horse of the Atlantic Fire Company has been disabled for a day or two by a nail stuck in his foot.

Messrs. H. L. Gibbs, B. J. Midyette, E. L. Mann, W. A. Midyette, Mrs. Fulford and children and Mrs. Dr. Clark and children.

The steamer *Trent* arrived last night from Harlowe Creek Canal with one of Marshall Park's dredge boats in tow—brought up for repairs.

Mrs. Spencer Dudley, living near Maple Cypress in this county, gave birth to triplets—all girls—on the 4th of July. They lived only two days.

From a correspondent near Johnson's Mills we learn that several boys in his neighborhood are going to attend next session of Capt. Davis' High School at La Grange. What a commentary on New Berne, which allows these boys to go away out to get an education! And yet Capt. Davis deserves this patronage; he has an excellent school and advertises the same in the *JOURNAL* and other papers.

A Worthy Enterprise.
The Holy Cross Guild of Christ Church of this city has recently purchased the old Palace stables on George street and will fit it up for a school room and hospital for the poor. The school opened last Monday in charge of Mrs. Eugene Williams and there are twenty-one children now in attendance.

Freaks of Lightning.
At Morehead yesterday morning a house belonging to Mr. Howard was struck and damaged considerably. The inmates were stunned but not seriously injured.

Yesterday evening the lightning struck one of the cottages on Jenkins row near the old ice house. House was unoccupied and only damaged slightly. No one hurt.

Remedy for Flies.
Mr. F. S. Ernal of this county gives us the following recipe for keeping flies off horses: Take two parts of common grease, one of tar, one of kerosene oil, thoroughly mix and smear it about in places on the horse. The flies were so severe last week that Mr. Ernal found it necessary to do something, so necessity forced him to invent this remedy which proved a perfect success.

Your Name in Print.
Mrs. Mary E. Mayhew and daughter left for Carey yesterday morning where they will spend the summer.

Joe Simmons, the famous deer hunter, and one of the best farmers in Jones was in the city on Thursday. He reports only one deer killed since the season opened.

Maj. W. A. Blount and lady of Beaufort county arrived in the city yesterday on their way to Morehead city. The Maj. says they have had good showers and the crops are looking well in his neighborhood.

Mr. J. C. Bryant, from near Pollocksville, was in the city on Thursday. In conversation with him we learn that he has not been to Trenton, his county seat, in two years. He never goes there except when called as a juror. He owns one of the prettiest farms in Jones county and is a capital fisherman.

Cross Ties.
Mr. S. H. Edwards, of the firm of S. H. Edwards & Co., called to see us on yesterday. His firm is engaged in getting cypress cross ties in the neighborhood of Street's Ferry for the Pennsylvania Central Railroad. The business will prove quite remunerative to the laborers of this section and will give employment at a time—after crops are done—when there is not much demand for labor. He says they have been paying nine cents a piece for the ties, and one hand had hewn out as many as thirty in one day.

The Old Dominion Line for Passengers.
Mr. S. R. Street, of the Gaston House, informed us yesterday that he had been written to by a gentleman in Raleigh inquiring about the schedule and accommodations of the steamer *Shenandoah*, and, upon giving the desired information, the gentleman announced his intention of taking his family North by this route during the summer. It is certainly a delightful trip on this beautiful steamer, and we are glad to note that a party of gentlemen from Kinston contemplate taking a trip to Nags Head on it in a few days.

Magistrate's Court.
Frank Harrison, col., who was lodged in jail last Saturday charged with stealing a cow, the property of Mr. E. M. Street, had a hearing before Esq. W. G. Brinson, yesterday. The substance of the evidence was that the cow had been found tied to a tree in the woods; that Mr. E. M. Street and Mr. Dixon watched to see who would come for her; that Frank Harrison came up through the pocusin and when near enough to hear Messrs. Dixon and Street talking he broke and ran; they ran after and arrested him. He was required to give a justified bond of two hundred dollars for his appearance at the next term of the Superior court, in default of which he was sent to jail.

Failure.
We regret to chronicle a mercantile failure in New Berne, the first that has occurred in a number of years. Mr. Leinster Duffy on Wednesday made a deed in Trust of all his property to Philomena Holland Jr. for the benefit of his creditors. The creditors are put in four classes: (1) Dr. Frank Duffy \$1,200; (2) E. W. Smallwood \$175; (3) W. G. Bannerman & Co. \$50, and Tucker Smith & Co. \$600; and (4) all other creditors. We learn that Mr. Duffy has enough assets, if they could be made available, to settle up in full, but most of his money is out in accounts and mortgages which cannot be turned into cash before the fall and the impotency of some Northern creditors forced this deed of Trust. We trust that he may soon tide over his troubles and "come again." One failure can't crush a man if he has the right pluck in him. The best of merchants sometimes slip up.

Business in School Matters.
Late yesterday evening a number of the business men of the city met at the office of Simmons & Manly to take some steps towards forwarding the Graded School movement.

On motion, Mr. George Allen was elected President, T. A. Green, Treasurer, and Clem Manly Secretary.

On motion, it was resolved that the meeting be organized under the name of the EDUCATIONAL ASSOCIATION OF THE CITY OF NEW BERNE.

On motion, the following resolution was adopted and the names and amounts added as given below:

We the undersigned citizens of New Berne sign and bind ourselves to give the amounts opposite our names for the purpose of education in the form of a Graded School, whenever the funds of the Academy, Griffin School, and School District No. 8 of Craven county shall be united, and proper representation of our fund is given in the joint committee.

Geo. Allen	\$100
Thos. S. Howard	50
J. W. Harper	50
T. A. Green	100
Clement Manly	50
L. H. Cutler	50
C. E. Foy	50
W. F. Rountree	50
Joe. Schewerlin	50
J. F. Clark	25
G. F. M. Dail	25
K. R. Jones	25
Elijah Ellis	25
Chas. H. Blank	25
Alex. Miller	25
W. M. Watson	25
Thomas Daniels	25

It being the wish of the meeting to raise \$3,000 for the purpose indicated, on motion the President appointed the following gentlemen to canvass for subscriptions: 1st Ward, T. A. Green and C. H. Blank; 2nd Ward, W. F. Rountree; 3d Ward, Alex. Miller; 4th Ward K. R. Jones.

After the appointment of Committees on Plan of Permanent Organization and of Conference with Academy Trustees, the meeting adjourned to meet Wednesday

night next at Board of Trade rooms if they can be had for the purpose.

We have not space left this late in the evening to talk about the matter, but we suggest to the people interested in Graded Schools that the present is the golden opportunity. Don't wait to be hunted up by the committeemen—hunt them up and make your subscriptions. And in making subscriptions don't be guided by what your neighbor has put down—let there be only two considerations—your zeal for the cause of education, and how much you can possibly spare. Instead of paying tuition next year pay the money on this plan. The school will be much better than any we have now, and it will give New Berne such an impetus as it has never felt before.

Several of those who have already subscribed say they will double their amounts if it shall be necessary, and General Ransom sends us word to put him down for \$100. Let all pull together and the \$3,000 can be easily raised.

State Convention.
The *Farmer and Mechanic* turns poet and spins out the State Convention work in the order given below. It is without rhyme or metre, but as it is a condensed statement of what was done we reproduce it:

Convention met, Tucker Hall, July 5th. About 200 delegates, under the new Rules. Caucused till 2 p. m.; on County Gov't. Committee, of 15, appointed on ex Sess. They decided not to advise ex-Sess.

BOTH BY ACCLAMATION!
AMID WILD CHEERS!

Congratulates the State on the outlook. Adheres to National Dem. Plat. of 1880. Down with the infernal Revenue System!

Favors Free Public Education, etc. Prohibition "settled" by ballot, and Court.

While not wedded to present system Of County Gov't, pledges Protection to the White Tax-Payers of Eastern N. C. Will fight "special tax bonds," etc.

REMARKS.
Vote of thanks to State Chairman Coke, On motion of 1st Secretary Furman. All the delegates jolly and hopeful. Col. Green had a good following. But refused to allow his name.

FOR CONGRESS.
Fourth Dist. Cong'l Con met July 6th. The friends of Capt. A. H. Williams Of Oxford were out in force; But he declined to oppose the Gallant and gentlemanly chief of "Cox's Brigade." Nom. by acclamation.

The Standard to be Raised.
We understand that it is the intention of the Chairman of the School Districts in this city to employ a competent and experienced male teacher for the schools of this city, who shall have charge of all of the public institutions of learning. It is their desire that the standard and discipline of the schools be raised to the maximum, and it is their opinion that it can not be done more effectually or quicker than by employing a male superintendent who will have charge of all the schools. They have given much thought to the matter, and have their eye on a gentleman of ability and experience.—*Wil. Review*.

Wide awake on schools! All the world is awakening to the fact that education of the masses is of prime importance.

The Latest Advertising Dodge.
Jefferson Davis has announced his intention of spending several weeks this summer at a resort in North Carolina, and the fact is being advertised widely to induce his "old Confederate comrades" to patronize the same place.—*New York Witness*.

The above is a specimen of paragraphs floating around the North, based on the fact that Dr. G. W. Blacknall invited Mr. Davis to spend some weeks at the Morehead City hotel. We doubt if the ex-President will come, or ever expected to do so.—*Farmer & Mechanic*.

The Crops in Pender and Sampson.
Dr. E. Porter, of Pender, who was in the city yesterday, says the crops in that county are improving rapidly. The cotton, which was believed to have been seriously injured by the late cool snaps, is now coming out finely and promising a good yield.

Capt. R. P. Paddison, who has recently travelled through Sampson, gives a like encouraging report as to the crops in that county. He says the farmers are very much encouraged.—*Wil. Star*.

Kinston Items.

A. W. Whitfield reports crops good in Trent township.

Chauncey Gray says the crops in Woodington are getting on finely. His cotton is doing well. Good crops will be made.

Vice combined with intelligence is more dangerous than vice enshrined in ignorance. The former controls; the latter may be controlled. Let us "watch and pray."

Our Inferior Court—two-thirds rural—sits heavily upon the "early 7 o'clock hour of the cranky judge." They meet at 10 o'clock, and then perform more than a full day's work.

Tom Jarvis and Jim Harris, in joint canvass of the State, combine the most attractive circus elements ever offered to the people of North Carolina. Medicine men and lemonade peddlers may follow and make fortunes.

Only three of the sportsmen, Jas. K. Davis, W. T. East and John Strickland, at this term of the Inferior Court, drew prizes of "five cents and costs" for shooting chickens and turkeys last Christmas at a shooting match. The fowls are avenged.

Swift Galloway, the genial and jovial and popular solicitor of the Third Judicial District, was in town last Sunday. He claims twenty thousand Democratic majority in the State, and five thousand for himself over the young statesman of Jones or the "rising sun" of Lenoir, if he can get all the returns in from *Satchel*.

Sheriff Davis of Lenoir and Sheriff Harper of Greene picked up here, last Monday, Alfred Faison, Jacob Williams and Simon Herring, three penitentiary escapes sent from the counties of New Hanover, Sampson and Johnson. Sheriff Harper induced a third person, in the presence of these escapes, to assault him with a pistol, and then arrested the seeming offender and summoned the escapes to appear at our court against him. The escapes did not discover the *prize* until they were in the power of Sheriff Davis and turned over to an officer of the penitentiary. They have gone home.

The Inferior Court passed on the following additional cases on Monday: State vs. W. Ballard. Assault with deadly weapon. Guilty. \$5.00 and costs. State vs. Dave McDonald. Larceny. Not guilty. State vs. Francis Dawson. Larceny. Submits. Five years penitentiary. State vs. W. T. East. Cruelty to fowls. Submits. Five cents and costs. State vs. John Strickland. Cruelty to fowls. Five cents and costs. State vs. Jas. K. Davis. Cruelty to fowls. Submits. Five cents and costs. State vs. Nancy Whaley. Assault and battery with ax. Submits. Six months in jail or \$100 fine.

STATE NEWS.

Gleaned from our Exchanges.

Raleigh News and Observer: Delicious tomatoes are now shipped here from Morehead.—Now get out your map of Egypt and study it, for the war has begun.—Wake's wheat crop beats all her previous records as a grain growing county.—The normal schools are ending their terms. They have been better attended and doubtless more useful than ever before. Raleigh is represented at several of them.—We regret to learn of a painful accident to Mr. W. B. Phillips, assistant chemist of the State chemical station. He was enjoying his vacation at Chapel Hill, and was at a pond near there bathing, when, diving into the water, he struck a sharp snag which lacerated his leg badly. He will probably be laid up for a month or two with his injuries.

Raleigh Farmer and Mechanic: Judge Ruffin is at Warm Springs.—Wake Forest did not elect a President. The matter was left to committee, viz.: Dr. Skinner, Dr. J. D. Huffman, Col. Polk and Capt. Cooke.—Many Southern officers were in the Egyptian army ten years ago. Gen. Stone of the Yankee army, who was so badly whipped at Ball's Bluff, is still Chief of Staff to the Khedive, we believe.—Col. Wharton J. Green is to deliver an address at the State Fruit Fair. And, by the by, we trust he will be deputed to carry the banner of the Democracy in the Third District. Without knowing who will be brought forward for the nomination, we can at any rate be sure there will be no question as to the merits and deserts of Col. Green.

Greenboro Patriot: The effect of the war news on breadstuffs will be seen by reference to our market quotations to-day.—The trial of William Edwards to-day on an indictment charging him with slandering and defaming the character of W. F. Gray, ended in his conviction.—Judge Gilliam arrived last night and is quartered at the McAdoo. He is a hot weather Judge and enjoys the luxury of July terms.

Lumberton Robesonian: When old Gen'l Dockery first ran for Congress, his opponent was a recent graduate (Col. Steel probably)

and quoted latin freely, and very much to the edification of the crowd. On one occasion after appropriating an unusual amount of virgil, he sat down amidst the prolonged and deafening cheers of the crowd. When the Gen'l began, his speech fell flat, and he was in a fair way of dispersing his hearers, when a friend whispered to him to give them latin. Taking the hint, he began thus:

"*Sine qui non, ipse dixit, ab initio, e pluribus unum,*" etc.

The crowd soon became enthused, and gathering around him listened with eagerness and attention. That speech elected him.

Eliz. City *Falcon*: We are informed that Gov. Jarvis, Judge Bennett and other distinguished speakers will be in our city at the Congressional convention on the 20th inst. and address the people. There will be a big time around here when the convention meets.

Wil. Review: Mr. Darby has not yet resigned the position of City Attorney, a position which was awarded him by the Democratic majority of the Board of Aldermen. As we have previously stated Mr. Darby has never had any intention of resigning this position, so long as there is a salary attached to it.

Raleigh Visitor: Miss Hattie Kreth, of this city, left this afternoon for New Berne to spend the summer.—Very few watermelons have come to market, and they are of an inferior quality and range at high prices.

Wilmington Star: Parties in Goldsboro are arranging for an excursion to this city and Smithfield at an early day.—Dr. Shober, Wilmington's colored physician, is putting up quite a fine residence on Princess, between Seventh and Eighth streets.—Captain A. C. Moore was arraigned before Justice Gardner, yesterday morning, on the charge of receiving stolen goods, knowing them to have been stolen. It appears that the defendant runs a junk shop, and that Messrs. Watson & Eskel missed some brasses which were found in Capt. Moore's possession, the latter being unable to remember from whom he purchased them.

PUSH ON THE SCHOOLS.

Our valued cotemporary, the *Raleigh Farmer and Mechanic*, speaking of the many benefits of schools, says: "What is better than a good school? We delight in saying good words for such schools. Sunflowers are commended to some sections as a protection against miasma and pestilential fevers. Education is the only remedy for the stagnant marshes of Popular Ignorance, that send forth the foul odors of vice, the hot ferver of passion and prejudice, the dead epidemics of corruption and crime. And the schools, like sunflowers, not only correct the evil, but also continually point the way by their bright faces to the sun of enlightenment and progress. If every journalist in the State was as staunch a friend and advocate of education as is Bro. Shotwell, each succeeding court would find less criminal prosecutions on its dockets, the jails, the insane, the inebriate and orphan asylums would diminish in number, and in their stead would spring up school houses, colleges and churches, and soon the people would rejoice in a prosperity and happiness born of morality and refinement, which follow as a sequence of education."—*Newwood (Standy Co.) Gleaner*.

Disclaiming the kind compliment (for the State press has been unusually wide-awake on the subject for several years past, and some have gone beyond us in both zeal and ability of advocacy), we print the above to help hammer the nail of Popular Education into the Public Mind; for while our people are well meaning and patriotic, they are very much engrossed of late years in building up the War-Waste; therefore need a good deal of stirring on subjects which do not immediately affect their every day life and pursuits.—*Farmer and Mechanic*.

Grand Excursion

PAMLIC SOUND,
FRIDAY, JULY 14, 1882.
Under the auspices of the M. E. Church Working Society of New Berne.

The magnificent new Passenger Steamer

SHENANDOAH,
SOUTHGATE, Commander.

Has been chartered for the occasion, and will leave her wharf promptly at 8 o'clock on the morning of the 14th inst. for a trip down the Neuse, returning same day. A rare opportunity is thus afforded all who would avail themselves of the pleasures of a delightful recreation.

The steamer *Shenandoah*, in point of speed, beauty, and excellence of her internal arrangements, excels by far anything of the kind ever seen in our waters. A visit to her superb cabins and saloons is well worth the price of the tickets, to say nothing of the pleasures and benefits of a trip to the Sound at this season.

Our friends in the surrounding country and at points on the A. & N. C. R.R. below New Berne can join this excursion, as the party will return sufficiently early to enable them to return home during the evening.

To all we would say, lay aside your labors for a day and go with us.

The ladies will serve refreshments on board.

The excellent Cornet Band of New Berne will accompany the excursion.

Fare, 50 cents; children 25 cents. Tickets for sale at the Drug Stores and by ladies of the Committee.

W. M. WATSON,
Chairman.
